

PUBLIC MEETING
FY 2017-2021 Community Investment Program:
Northwest System Sewer Improvements and
Pressure Reducing Valves

The City of Amarillo's Capital Projects & Development Engineering will be hosting an informational meeting concerning the Community Investment Program Northwest System Sewer Improvements and Pressure Reducing Valve. This project is currently estimated to begin construction in September 2019. This meeting will provide information concerning the project scope and estimated timeline.

The meeting will be held on Thursday, August 22, 2019, at 5:30 PM at the Simms Building at 808 S. Buchanan, Room 275.

Please contact Capital Projects & Development Engineering at (806) 378-9334.
