September 8, 2023

Honorable Mayor Cole Stanley and Members of Amarillo City Council
601 S. Buchanan Street
Amarillo, TX 79101

Dear Mayor Stanley and Members of the City Council:

Transmitted herewith is the City of Amarillo Annual Budget for Fiscal Year 2023/2024 (Budget). The Budget is balanced in accordance with the Amarillo City Charter and laws of the State of Texas. This letter identifies the changes from the original proposed budget dated July 19, 2023, and the final proposed budget dated September 8, 2023.

The final proposed Budget totals approximately \$531.0 million, with \$336.4 million approved for operation and maintenance functions, \$135.5 million in capital, and \$59.2 million for required debt service payments. The annual Budget is the most important policy document for consideration by the Council. It identifies required funding to deliver more than 250 programs and services to the citizens of Amarillo.

The 2023/2024 Annual Operating Budget is presented to Council as a program-based budget, i.e., the various programs offered by City departments are presented with program descriptions and performance measures to define the level and quality of services delivered to Amarillo citizens. The Budget represents maintenance of current service levels for the more than 250 programs funded by the City. All programs have a demonstrated connection to the City Council pillars.

The City has continued to experience economic growth in most areas; however, rising costs in several vital areas including commodities, materials, supplies, construction, and attracting and retaining personnel have placed continued challenges on the budget process. Key areas of focus in the 2023/2024 Budget include addressing increased funding for public safety, aging infrastructure throughout City operations, attracting and retaining a skilled labor force, and rising costs in most operational areas.

The Budget reflects revenues in line with post-pandemic trends, with slight increases, and rate increases in certain areas to support the rising costs of doing business and aging infrastructure. On the expenditure side, the Budget includes enhancements that focus on funding for public safety, critical capital projects, pay enhancements for personnel to help in attracting and retaining employees, and amounts to cover increased costs of doing business. Details of the consolidated budget are as follows.

CONSOLIDATED BUDGET

Our 2023/2024 Budget is \$531.0 million, which is an increase of 8.2%, or \$40.2 million, as compared to our 2022/2023 Budget of \$490.8 million.

The areas of specific increase/decrease in the Budget are:

Municipal government is a service business and the predominant expense category in the Budget is always personnel and the associated salary and benefit expenses. Personnel costs comprise 40.4%, or \$214.5 million, of the 2023/2024 net Budget. Personnel costs in the Budget are 8.0% more than the prior year budget due to salary increases and reclassifications described below. The increase in personnel costs accounts for most of the increase in each operating budget noted above.

The largest category in the Budget is Capital Improvement Projects at \$135.5 million, or 25.5% of the Budget. Capital Improvement Projects reflect an 18.5% increase from the prior year and include public safety projects, major street and traffic administration projects, funding for matching amounts on projects with large Federal/State assistance, a dedicated dumpster replacement program, funding for Parks and Recreation assets and facilities, water and sewer system projects, drainage utility system projects, airport projects that are eligible for additional federal funding, and more. The Capital Improvement Program section provided in the budget document provides more details of the proposed projects.

Debt Service accounts for just over 11.1%, or \$59.2 million, of the net Budget. Debt service expenditures include all funds with outstanding debt. The Debt Service category includes a (13.3)% decrease which is due to the debt rolling off.

Special Revenue operating costs have decreased (9.8)% due to additional grant/relief funding availability from the CARES Act and American Rescue Plan ending.

Property and Sales Taxes

Taxable property values remain strong with an estimated over 9% increase for the 2023 tax year, when comparing 2023 estimated values to the 2022 certified values. The total 2023/2024 proposed tax rate is \$0.39867 per \$100 taxable value versus the 2022/2023 rate of \$0.40628. A historical review of the rate reflects that the City Council increased the property tax rate by \$0.01 to \$0.32009 for the 2011/2012 and 2012/2013 fiscal years after three years with the same property tax rate, by \$0.02 in the 2013/2014 fiscal year, by \$0.005 in the 2014/2015 fiscal year, and by \$0.00563 to \$0.35072 for the 2015/2016 and 2016/2017 fiscal years. The rate increases associated with 2017/2018 and 2018/2019 were directly related to the debt service portion of the tax rate. City Council increased the operations and maintenance portion of the tax rate in 2019/2020 by \$0.01750 in addition to increasing the debt service portion of the tax rate. In 2020/2021, the debt service portion of the tax rate was the only portion of the tax rate increased. In 2021/2022, City Council increased the property tax rate by \$0.047 to \$0.44334 and then decreased it in 2022/2023 to \$0.40628 due to increased taxable values.

Sales tax is the City's largest revenue source. Amarillo has long enjoyed a history of steadily increasing sales tax, which has offset the City's low property tax rate. The City's sales tax continues to remain strong. The Budget includes sales tax at an increase of \$7.9 million over the current year original budget of \$68.0 million. The sales tax revenue budget for next year has been normalized to sales tax collection experience for the past couple of years.

Sales tax and property tax revenues make up the largest percentage of funding for General Fund operations. However, each revenue source alone, property tax or sales tax, is not sufficient to fund the budgets for Public Safety. Therefore, the City must rely on multiple revenue sources to support General Fund operations.

Franchise Fees, User Fees and Charges

During 2016, the City initiated a \$140 million five-year Community Investment Program with corresponding rate increases for water and sewer and drainage. For water and sewer rates, there was a 3% rate increase in 2016/2017, 2017/2018, and 2018/2019 to fund the first three years of the program. The 2019/2020 Budget included a 7% water and sewer rate increase, which funded the addition of automated metering infrastructure (4%) and provided for an increase in operating and maintenance (3%). The 2020/2021 Budget included the fourth year of the planned 3% rate increases. The 2021/2022 Budget included the final year of the original five-year Community Investment Program with a 3% rate increase for water and sewer infrastructure and a 2% rate increase for maintenance and operations to cover increases in operational costs. The 2022/2023 budget included a 10% water and sewer rate increase to cover inflation and additional debt issuances described above. The 2023/2024 budget included a 6% water and sewer rate increase to cover inflation and the rising cost of attracting and retaining personnel. The water rate structure is designed so that customers who only use water for domestic purposes still have very reasonable rates. A residential 10,000-gallon water user will have a monthly water and sewer bill of approximately \$83.33, an increase of \$4.32, which is low compared to other Texas cities. For drainage rates, there were 4% rate increases for the five years for the capital costs related to the five-year Community Investment Program. The 2022/2023 budget included as 6% drainage fee increase to cover inflation and an additional debt issuance, while the 2023/2024 budget includes a 47.1% drainage fee increase to cover continued inflation and increase operational costs. The drainage fee increase will increase the average monthly residential charge by \$1.08.

The Budget also includes an increase in the Solid Waste rates of 8%. Residential customers will see a slight increase in their monthly bill, which for the average customer will be \$1.07. The additional funding will be used to cover increased operational costs related to the solid waste program and a dedicated residential dumpster replacement program.

Other areas with fee increases include Civic Center, Building Safety, Environmental Health, City Marshal, Parks and Recreation, and Golf. The fee increases in each area are needed to adjust for increases in the Consumer Price Index (CPI) to cover the related cost of providing goods or services.

Employee Staffing

The 2023/2024 Budget consists of 2,326 permanent and 355 part-time employee positions. Permanent positions have increased by 23 positions over the current year and part-time positions have decreased by 1. Several of the changes are reclassifications of current positions to better meet departmental needs. New positions include 3 district fire chief positions, 4 police officer positions and 5 police civilian positions for additional operations support, 4 Amarillo Emergency Communications Center (AECC) positions to offer additional support for the department, 2 additional Emergency Management positions, and a few other positions in various departments to support operations. Below is a summary of the staffing changes for permanent positions for the 2023/2024 Budget:

Position	Department	Full Time
Senior Telecommunications Supervisor	AECC	1.0
Telecomms Shift Supervisor	AECC	2.0
IT CAD Specialist	AECC/IT	1.0
Airport Landside/Fleet Mechanic III	Airport	1.0

Position	Department	Full Time
Evidence Technician	Police Civilian	1.0
Forensic Video Tech	Police Civilian	1.0
Deputy Registrar	Vital Statistics	1.0
		25.0

Employee Compensation

1. 4% pay increase for civilian employees as pay-for-performance
2. 4% pay increase for Police and Fire employees
3. an annual leave buy back option for eligible tenured employees

The total cost of the pay plan improvements noted above and related benefits, along with funding to address specific positions throughout the organization, is what makes up the 8.0% overall increase in the costs associated with personnel. The budget also includes funding for discretionary retention pay, given to employees based on longevity during the holiday season.

Capital Improvement Program

The 2023/2024 capital improvement program budget is \$135.5 million - \$39.6 million in general government capital projects, \$32.5 million in water and sewer system projects, \$11.9 million in airport projects, \$46.0 million in drainage system projects, and \$5.0 million in fleet services projects, and \$0.5 million in IT projects. The general government projects are funded from excess operational funds, grant funds, and solid waste collection fees related to the dumpster replacement project. The water and sewer and drainage system projects are funded through the rate increases and excess operational funds planned for capital improvements. The airport projects are funded with excess operational funds planned for capital projects, grant money received from the FAA, and a proposed debt issuance. The fleet services and IT projects are funded with excess operational funds planned for capital.

Future Priorities

The 2023/2024 Budget has prioritized enhancements to public safety, compensation to employees, funding of capital projects including rising construction costs, and increased costs of commodities, materials, and supplies. Going forward, the City will need to identify additional budget dollars to address the maintenance of aging city facilities and aging infrastructure throughout the City, including streets.

Conclusion

Thank you each for your leadership of our City. I appreciate the extensive time and effort you undertake to study and understand the complexities of the varied operations of our organization. Your vision, guidance and service are invaluable and truly make Amarillo a great community! I want to thank you for the comprehensive review of the 2023/2024 Budget process and thank the entire management team for their hard work in preparing the annual Budget. Difficult choices were made to ensure we can efficiently and effectively manage our resources to address Council pillars and to continue our commitment to serve the citizens of Amarillo.

WATER AND SEWER FUND PROPOSED FEE CHANGES

52121 - Sewer General

We have proposed no increase on 5/8" and 1" meters and a six percent (6%) increase on all 1 1/2" and above meters on the base rate usage and a six percent (6%) increase on all meters with usage above the base rate for increased operation costs. The amounts estimated below were calculated based on a meter providing 10,000 gallons of sewer usage.

Description	Current Fee*	Proposed Fee*	Increase (Decrease)	Budgetary Impact
34030 – Sewer Charges				
5/8" Meter	\$37.88 to \$41.31	\$38.93 to \$42.57	\$1.05 to \$1.26	\$1,450,155
1" Meter	\$38.56 to \$41.99	\$39.61 to \$43.25	\$1.05 to \$1.26	
1 1/2" Meter	\$39.12 to \$42.55	\$41.49 to \$45.13	\$2.37 to \$2.58	
2" Meter	\$40.99 to \$44.42	\$43.47 to \$47.11	\$2.48 to \$2.69	
3" Meter	\$44.10 to \$47.53	\$46.77 to \$50.41	\$2.67 to \$2.88	
4" Meter	\$56.50 to \$59.93	\$59.91 to \$63.55	\$3.41 to \$3.62

Mission

Provide excellent public service and law enforcement to the community, with the goal of keeping Amarillo a safe place to live, work, and play. Amarillo Police Department (APD) shall provide this service by utilizing best practices in law enforcement, continuous improvement in leadership and professionalism, and partnership with the community.

Goals & Objectives

The department provides a full array of law enforcement services and engages in strategic planning to ensure alignment with the City Council’s vision. The department adheres to the Texas Police Chiefs’ Association Best Practices Accreditation Program to ensure police services are provided to the community in an efficient and effective manner, and that individuals’ rights are protected. Community policing and engagement initiatives provide valuable feedback for strategic planning.

The police department is divided into two major bureaus: The Operations Bureau and the Investigation and Staff Services Bureau. Both bureaus are commanded by an Assistant Chief of Police. The Operations Bureau includes the Patrol Division, the Intelligence and Analysis Unit and the Specialized Operations Division. The Investigation and Staff Services Bureau includes the Criminal Investigation Division, the Training and Personnel Division, Crime Prevention Unit, Records Services, Fleet Management, and Budget Management.

Programs of the Police Department

Administration/Support

2023/24 Budget — \$1,176,770 of Budget

Police Department Administration/Support is tasked with the overall leadership, management, policy development, and budget administration of the department. This division has taken on the intelligence and analysis functions for monitoring and responding to crime trends and crimes in progress. This includes the eventual buildout of the Amarillo Regional Crime Center (ARCC) which will provide real time crime information. The Administration Division promotes ethical policing and procedural justice as foundations to establish and maintain community trust.

<i>Performance Measures/ Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected

Neighborhood Police Unit

2023/24 Budget — \$1,765,155 of Budget

Neighborhood Police Officers (NPOs) are assigned to a neighborhood on a semi-permanent basis and each officer strives to become familiar with community members and businesses in their neighborhood area. They provide residents with a central source of assistance for both law enforcement incidents and other social or family issues. It is the goal of the NPO Unit to form a partnership with the residents to reduce crime and to reduce the fear of crime, as well as to enhance the overall quality of life in the neighborhood. A 2022 study revealed that gang violence is a problem in several of the NPO assigned neighborhoods, therefore the NPO officers have taken the lead on addressing gang violence and gang activities. Officers assigned to the NPO Unit receive specialized training, equipment (bicycles), and scheduling flexibility to fulfill this goal. They are encouraged to be innovative and proactive in problem-solving and crime prevention. NPOs work closely with Building Safety and Fire Prevention, to provide a combined effort of participation and enforcement.

Mission

The Amarillo Fire Department's mission is to protect our community by providing the highest quality of compassionate and professional services.

Goals and Objectives

The Amarillo Fire Department (AFD) provides lifesaving emergency services for over 200,000 citizens within our community. The AFD is staffed with 306 dedicated professionals (295 uniformed) operating from thirteen strategically placed fire stations, Fire Administration, and a fleet maintenance facility. Organizationally, the AFD is arranged into three areas: Administration, Operations, and Support.

The AFD responds to suppress all types of fires, including both wildland and structure fires. In addition, we are driven to provide top-notch, advanced life support (ALS) for our citizens' medical emergencies and traffic accidents. At the Rick Husband International Airport, our members are specially trained to handle aircraft emergencies. We have a regional Hazardous Materials Response Team to protect Amarillo and the 26 counties of the Texas Panhandle. Our Technical Rescue team is ready to respond to accidents involving complex vehicle and industrial extrications, structural collapses, high-angle rescue, trench collapse, confined space, and incidents involving industrial occupancies. The AFD Wildland team has trained and participated in mitigation projects to proactively remove hazards in our areas of wildland-urban interface. In the event of a wildfire, this dedicated team is ready to act and safely protect the lives and property of our citizens. The AFD also has an enthusiastic and proactive Public Affairs team coordinating fire station tours, a smoke alarm program, school safety talks, and social media interaction.

With our operational mission in focus, we have aligned with four primary goals:

1. We will ensure we are training for a standard of *excellence*.
2. We will relentlessly advance AFD's advanced life-support (ALS) capabilities.
3. We will expand AFD's public engagement with our community.
4. We will strive to keep pace with the growth of our city's population and expanding boundaries to keep emergency response times low.

From 2020-2022, the pandemic drastically impacted our department's training. Since then, our training division has expediently worked to compensate for that lost time through departmentwide live-fire drills and competency-based training provided from a mobile classroom. The mobile classroom is a bumper-pull trailer specifically outfitted with various training props, from forcible-entry drills and life-safety escape exercises to window simulators that facilitate tactics training such as *vent, enter, isolate, & search* operations. This specific type of hands-on training ensures our firefighters are prepared for all challenges at an ever-changing fireground.

Our department has also participated in various courses to elevate the professional development of several of our firefighters. *Fire Department Incident Safety Officer, Fire Officer I, Driver/Pump-Operator, and Fire Instructor I* classes round out the studies to advance the skillsets of our company officers.

The AFD aspires to expand our emergency medical services (EMS) capabilities throughout our community. The AFD has three levels of EMS care providers: emergency medical technician-Basic (EMT), advanced EMT, and EMT-paramedic. The latter two levels are providers of ALS.

While we work to increase our pool of paramedic-certified firefighters from the EMT-Basic level, all seventeen frontline trucks have ALS-trained members on board. As a result, the AFD has enough paramedics to staff *paramedic engines* at three fire stations. The concept behind paramedic engines extends our ALS capacities by sending an "ambulance in a firetruck," providing citizens with everything except the transport component provided by our partners with Amarillo Medical Services. Fire stations six, seven, and nine are the three fire districts with paramedic engines.

While we await thirty-one members to conclude their ongoing paramedic certification training, the department has implemented a *paramedic-ready* status for every frontline firetruck. This status means every truck has ALS equipment onboard, and fire crews can provide the highest level of ALS anytime a paramedic is assigned to that vehicle.

A crucial element of our ALS equipment has been our acquisition of *LifePak 15* cardiac monitors for every firetruck through the American Rescue Plan Act (ARPA) funding. Having the same 12-lead cardiac monitors as AMS allows for a more seamless patient transfer. Citizens will directly benefit from faster on-scene transitions to expedite the transport of their loved ones to the hospital.

In 2022, through a joint endeavor with the AFD and the Panhandle Regional Advisory Council, the AFD acquired an ambulance bus (AMBUS). The AMBUS is a multi-patient transport bus that can be utilized for multiple types of local incidents and can also join other state resources in other Texas disaster areas.

Consisting of a Public Information Officer (PIO) and a Community Liaison, the Office of Public Affairs is responsible for coordinating public interactions, issuing press releases, providing safety education, maintaining media relations, and coordinating community engagement. In addition, the AFD demonstrates a community-minded focus by participating in department-sponsored community events such as AFD Kids Safety Town, Fire Chief of the Day, Fire Station Open Houses, and community meetings. The objective of the Office of Public Affairs is simple – *to let the Amarillo Community into the AFD World.*

The AFD faces a variety of opportunities that arise with a growing city. AFD crews are engaged with emergency preparedness planning to protect target and high-life hazards in our community as more businesses and industries arrive in the Amarillo area. Our distance from like-sized cities requires the AFD to be proficiently and independently prepared to mitigate all types of emergencies. The AFD's strategy for managing this challenging responsibility is maintaining a highly trained, well-equipped, and dedicated workforce.

As Amarillo's boundaries expand, city leadership faces the challenges of providing essential services for a growing community. Property annexation and population growth lead to a larger area to cover and an increased emergency call volume, which can result in increased response times. To combat this factor, the AFD is working on adding more fire stations, specifically a new fire station in the hospital district (Fire Station 14). This project was funded with the FY 2022-2023 Budget, as was the hiring of fifteen fighters to be housed after construction concludes. Potential locations needing fire station construction are located in the industrial area east of town, as well as the south and southwest areas of town where expansion is most active.

In FY 2023-2024, the AFD requests to add three district chief positions (one for each of the three work shifts). Adding three district chiefs will allow for better management of our city's growing call volume. First-alarm incidents require a multiple-vehicle response and combined with the complexity of coordinating concurrent fireground activities, these factors often result in simultaneously occurring structure fires. Currently, in these instances, one of the two district chiefs (incident commanders) must leave one working fire scene to serve as the incident commander for the second incident.

To balance the vast costs of staffing new fire stations, the AFD has contracted with a grant writer to draft and apply for the *Staffing for Adequate Fire and Emergency Response* (SAFER) grant. If approved, this grant would, in a decreasing staggered manner, offset the salaries of twelve firefighters for three years. As our department grows, extra firefighters will be needed to cover daily vacancies created by leave requests (sick leave, annual leave, and compensatory time). Moreover, overtime (OT) costs typically increase unless daily vacancy-coverage personnel are added. To combat excess OT, in FY 2024-2025, the AFD leadership plans to request nine additional firefighters for coverage purposes (three per shift).

The AFD loves the Amarillo community! It is our sincere honor and calling to help and serve others on what may be the single worst day of their lives. We strive to compassionately mitigate emergencies as they arise, all the while never losing sight of how we made our citizens feel in the process.

Programs of the Fire Department

Fire Department Administration/Support
2023/24 Budget — \$1,230,166 of Budget

This program provides leadership direction, budget oversight, strategic planning, and administrative management for the Department, ensuring support for the Amarillo Fire Department mission. In addition, the administration manages the logistical needs of our personnel, thirteen fire stations, the Fire Administration office, the Fire Training Facility, the Fire Fleet Maintenance Center, and a large equipment storage building.

Fire Emergency Response
2023/24 Budget — \$36,904,989 of Budget

This program encompasses all emergency response operations to protect the lives and property of the citizens served. The primary activities include EMS response, fire suppression, wildfire mitigation and firefighting, hazardous materials mitigation, technical rescue, and aircraft rescue and firefighting. The AFD also maintains an Incident Management Team, which responds to the EOC or to designated field positions during large-scale or expanding significant events in our community and during regional or State disasters.

Fire Safety

2023/24 Budget — \$410,055 of Budget

Fire Safety is responsible for all department health and safety policies and practices and ensures proper safety precautions are always followed. The Health and Safety Officer (HSO) is responsible for developing the department’s overall health and well-being protocols, including fitness program development and testing, departmentwide firefighter personal protective equipment (PPE), safety and health training, Return-to-Work procedures, and a National Institute for Occupational Safety and Health (NIOSH)-compliant respiratory protection program.

This program also manages the Firefighter Peer Support program, which includes personnel trained in Critical Incident Stress Management (CISM), Chaplain Services, Veteran Support, Substance Abuse, and Peer-to-Peer Support. Other safety program personnel ensure the maintenance and repairs of firefighter PPE, aka “bunker gear,” Self-Contained Breathing Apparatus (SCBA), and National Fire Protection Association (NFPA)-compliant uniforms.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Personnel injuries	44	40	30
Fire apparatus/vehicle accidents	12	10	5
Cost to repair Self-Contained Breathing Apparatus (SCBA)	541.90**	\$2,000	\$3,000
Articles of firefighting protective clothing inspected for NFPA and TCFP compliance	3,532	3,995	4,415
Annual physical agility fitness evaluations completed	277	305***	305***
Annual firefighter health and wellness medical evaluations completed (<i>new metric</i>)	277	305***	305***

*2021/22 increase due to COVID-related worker’s compensation claims.

** New MSA SCBA’s purchased.

*** Although authorized for a force of 295, we’re currently over-hired.

Fire Training

2023/24 Budget — \$615,083 of Budget

Training personnel coordinate all fireground-related training activities for AFD, including lesson plan development, class scheduling, instruction, and ensuring the training equipment/facility is maintained and operational. They also manage the six-week + orientation/boot camp for Firefighter/EMS-certified new hires and provide promotional orientation/training for all drivers and officers.

From 2019 to 2021, the AFD struggled to maintain minimum staffing for the department. Within that timeframe, there were more vacancies than applicants.

As a result, city management authorized the AFD to establish a six-month fire cadet training academy, which officially began on May 19, 2022. Our initial applicant pool was over 250 applicants, and the department reached a fully-staffed status after the cadets graduated. Two fire academies later, the implementation of the Amarillo Fire Department Fire Academy has successfully addressed staffing shortages, leading to a more sustainable plan to maintain our mission.

Performance Measures/Indicators:	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Firefighters meeting all educational requirements to hold Texas Commission on Fire Protection (TCFP) firefighter, Department of State Health Services (DSHS) EMT, and specialized certifications	100%	100%	100%
Skills and educational hours completed by department personnel	14,117	16,500	17,500
Percentage of personnel working out of class or promoting that document <i>Critical Skills</i> completion	100%	100%	100%

Fire Emergency Preparedness
2023/24 Budget — \$410,055 of Budget

The Emergency Preparedness program accrues and disseminates pre-incident information, including building plans and contact information for hazard awareness and notifications during fixed-facility emergencies. The Emergency Preparedness program also coordinates the repair and installation of the Opticom traffic control systems in both fire apparatus and intersections, manages the Knox Key-Secure system, coordinates the testing and maintenance of fire hydrants, and manages the annual school fire-drill program.

Performance Measures/Indicators:	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Target hazard pre-incident plans completed	75	100	150
Schools within the city limits receiving an annual fire drill and hazard assessment	0%*	100%	100%

*Covid resulted in zero school drills.

Fire Communications
2023/24 Budget — \$615,083 of Budget

The Fire Communications program coordinates functions and maintenance of the Locution fire station alerting system, emergency personnel paging, email systems, Mobile Computer Terminals (MCTs), wired and cellular phones, state and federal incident reporting, quality assurance call review, coordination of IT-related projects, as well as managing all fire service-related hardware and software. This program is also responsible for the coordinated management of the Amarillo Emergency Communications Center (AECC) in collaboration with the Amarillo Police Department.

Fire Fleet Maintenance and Repair

2023/24 Budget — \$820,111 of Budget

The Fleet Maintenance and Repair program ensures the Department’s apparatus and vehicles are fully operational and ready to meet the heavy demands of protecting our growing city. This program oversees the maintenance and repair of 86 pieces of rolling stock. This program is also responsible for the care and repair of AFD’s small power equipment, the above-ground fuel tanks located at our fire stations, and the facilitation of on-scene apparatus mechanical support during large-scale emergency operations.

The AFD relocated our Fire Fleet Maintenance to a new location in FY21. Thanks to support from City Council, City Management, Facilities, and countless others, the new fleet shop was opened in February. This new location provides over four times the working space and gives new life to an iconic building in Amarillo. The new site is 813 SW 3rd, the old A to Z tire shop, and will add capacity to our growing fleet.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected

Mission

Animal Management & Welfare’s (AM&W) primary mission is animal-related health, public safety issues, and enforcement of city ordinances for the welfare of both animals and citizens. AMW provides care, shelter, adoption services, and reunification services for lost and unwanted companion animals within Amarillo city limits. To address public safety issues and animal overpopulation in the city, incoming companion animals are vaccinated, and all adopted animals are altered and receive a microchip before they are released to their new homes. As the area Rabies Authority, AM&W investigates potential cases of Rabies and other zoonotic diseases by taking in at-risk animals for quarantine. Public outreach and education encourage responsible pet ownership, adoption of rescue pets, aid in the reunification of lost pets, and educate citizens about spaying and neutering their pets for population control.

Goals & Objectives

AM&W will consistently meet the nationally accepted Five Freedoms of Animal Welfare (freedom from hunger and thirst; freedom from discomfort; freedom from pain, injury, or disease; freedom to express normal behavior; freedom from fear and distress). The shelter strives to be a place where citizens and their families can adopt new animal companions, seek services to resolve community-based animal issues, and to find their lost pets. All AM&W staff are trained to ensure that best practices are met or surpassed in shelter and in the field.

Over the following years, projects will include remodeling current kennels, updating the animal care workers’ employee building, and a remodeled cat room. In addition to these critical infrastructure improvements, additional funding for staffing, materials, supplies, and training as industry best-practices evolve will be necessary to continue providing basic services as Amarillo continues to grow.

Programs of the Animal Management & Welfare Department

Administration & Community Outreach

2023/24 Budget - \$1,079,391 of Budget

The Administration staff processes all animal intake and reclaim paperwork, handles citizen calls, online complaints, email and in-person inquiries, responds to open records requests, and facilitates all purchasing. The Administration Team ensures the overall successful operations of the Community Compliance/Enforcement, Shelter Management, Veterinary Services, and Community Outreach programs.

AM&W’s Community Outreach’s primary focus is to educate the community on current animal welfare issues, such as: spay/neuter, vaccination, microchipping, and general pet ownership best practices. Outreach further supports this goal through AM&W’s reestablished Volunteer Program, including a formal volunteer orientation. Volunteer orientation provides AMW with another opportunity to educate the community and to create new advocates for Amarillo’s City Shelter.

Community Outreach maintains many partnerships, both locally and nationally. AMW has four weekly local media spots on both radio and television. National partnerships continue to allow AMW to distribute tens of thousands of dollars’ worth of vaccines, microchips, pet food, and pet items to citizens for free, and at no cost to the taxpayer. These programs effectively mitigate disease within the community, bring many pets into compliance with city ordinances, remove barriers that can contribute to pets being surrendered to the Shelter, and provide opportunities to educate and inform on a whole host of topics relating to responsible pet ownership.

Community Compliance/Enforcement 2023/24 Budget — \$1,798,986 of Budget

Community Compliance/Enforcement encompasses the Field services program. Fields Services’ primary functions are enforcing local ordinances related to loose, unvaccinated, and dangerous dogs; providing rescue services for animals in need; investigating allegations of abuse and mistreatment; and providing information to pet owners about proper care of their pet(s). Animal Management and Welfare Officers work closely with the Amarillo Emergency Communications Center (AECC) to respond to citizen concerns, inquiries, and complaints in a timely manner. Field services is responsible for impounding stray pets, investigating dangerous animal cases, responding to animal bites, and investigating animal cruelty and/or neglect cases. Officers scan for microchips and reunite pets in the field to prevent lost pets from ever entering the shelter. They also educate citizens on positive pet ownership and put citizens in contact with community resources so that they can avoid having to surrender their pet(s), if possible.

Animal Management Officer (AMO) training is ever-evolving to keep current with best practices, it includes a base-curriculum taught by AM&W Management, AECC staff, and APD officer instructors. In addition, each AMO must attend a 12-hour course and pass a test administered by the Texas Department of State Health Services within their first year of service. Upon Passing the test, the AMO obtains their Texas State Basic Animal Control Officer Certification.

Field Services’ recent technology-based unit refresh has provided AMW the ability to implement best practices for first responders. The refresh included new MDT’s and new smartphones that provided the ability to issue citations and warnings that are totally integrated with the court system. The MDTs are completely integrated with the dispatch system that is used by AECC.

ANIMAL MANAGEMENT & WELFARE (1710)

2023/24 Budget

Shelter Management and Veterinary Services

2023/24 Budget — \$1,119,369 of Budget

The shelter staff provide daily care and cleaning for the animals at the Shelter. Shelter staff deep clean and disinfect kennels to provide a clean and healthy environment, reducing the possibility of disease spreading in the population. With the addition contract veterinarians on a rotating schedule, and through AMW’s partnership with Texas Tech’s School of Veterinary Medicine (TT SVM), not only are the health and well-being of the entire shelter population seen to, but every companion animal that is adopted leaves the shelter altered. AMW’s ability to consistently spay and neuter onsite, has also contributed to a robust and successful Barn Cat Program, as well as to the ability offer owners the option to have their pet altered prior to reclaim.

The shelter provides a centralized location for citizens that are missing their pets to reclaim them. Likewise, AMW’s website is regularly updated with the pictures of all impounded animals, allowing citizens the ability to search for their missing pets after hours. AMW’s newly established Rescue Program facilitates sending companion animals from the Shelter out to rescues. AMW’s Rescue and Adoptions Teams both work closely to affect positive outcomes for as many companion animals each month as possible.

Managed Intake coupled with surrender mitigation strategies before intake have helped to slow the number of pets entering the shelter through the Intake office each day, allowing for AMW management and staff to provide thoughtful, individualized care to each animal taken into care. Stringent protocols surrounding scanning for, and following up on, microchips upon intake has begun to increase AMW’s success regarding reuniting lost pets with their owners.

Mission

Provide rapid and accurate responses to emergency requests with professionalism, compassion, and competence; promptly answer, enter and dispatch calls for service; gather and relay information accurately and professionally while processing calls for service.

Goals & Objectives

The Amarillo Emergency Communication Center (AECC) is the answering point for emergency and non-emergency public safety services. AECC provides law enforcement, fire, and medical pre-arrival instructions and responds to animal management issues. AECC prioritizes calls for service and dispatches them to public safety responders. During major events, the Office of Emergency Management (OEM) coordinates mutual aid requests for public safety entities.

The AECC has identified several objectives which will improve its ability to serve the Amarillo community. These goals include working on national standards for employee and agency certifications; taking measures to achieve national accreditation; developing Best Practices for personnel time management programs providing the most efficient use of the workforce; and pursuing industry-related Technology advances in both hardware and software, such as enhanced 9-1-1, text to 9-1-1, next-gen radio/dispatch systems, SPIDR Tech electronic correspondence/surveys for police calls, and improvements in Computer Assisted Dispatch (CAD) software.

The AECC is mandated by the Texas 9-1-1 Emergency Number Act (Chapters 771 & 772, Health & Safety Code) which requires counties and/or municipalities to provide three-digit (911) dialing to provide 911 services.

The AECC has also identified several areas of improvement within the building that operations occur. AECC was created and began operating in 2009. With multiple years of around the clock functions, the area of operations has experienced a large amount of deterioration.

These goals include updating the current flooring to assist with 24-hour traffic; Applying fresh paint within all areas of operation; and replacing consoles with an ergonomic, upgraded design that will assist employees during daily operations.

The Potter-Randall 9-1-1 District provides funding to the AECC in support of their mission to provide an efficient, effective, enhanced 9-1-1 emergency telecommunications system in response to police, fire and medical emergency calls. The 9-1-1 District funding is shown as a revenue source in the AECC budget. The AECC also collects revenue from Amarillo Medical Response (AMR) and Baptist St. Anthony's (BSA) to provide dispatch services for their ambulance services.

Programs of Amarillo Emergency Communications Center

Administration/Support

2023/24 Budget — \$502,515 of Budget

The AECC Administration/Support Program is responsible for the information coordination and management between each public safety department supported within AECC. Specific responsibilities include budgeting, timekeeping and payroll, policies and procedures development, personnel administration, responding to requests for public records, as well as data collection and analysis for all public safety departments supported by the AECC.

Call Center Services

2023/24 Budget — \$5,653,289 of Budget

The Call Center Programs mission is fulfilled by state-licensed and nationally credentialed Emergency Communications Specialists (ECS) who deliver rapid and accurate responses to emergency requests to gather and relay information accurately while processing calls for service. Performance measures are based on national standards and best practices. The Potter-Randall 9-1-1 District funds the Emergency Call Tracking Software (ECATS) service.

Quality Assurance, Certification and Training

2023/24 Budget — \$125,629 of Budget

This program promotes **Best Practices**, state and national certification, and the pursuit of national accreditation for the AECC. Quality Assurance (QA) is provided through a new program in the fiscal year 2016 which was funded by the 9-1-1 District. Most of the QA is outsourced to an independent, national vendor that provides the ACE Performance Standard reports for Fire and Medical calls. Training is conducted according to the Texas Commission on Law Enforcement (TCOLE) standards which mandate basic qualifying standards for employment and certification courses prior to hands-on training as an Emergency Communications Specialist. Personnel are state-licensed telecommunicators through TCOLE and certified through the International Academy of Emergency Dispatch (IAED) for Emergency Medical Dispatch (EMD), Emergency Fire Dispatch (EFD), and Emergency Police

Mission

Administer and direct comprehensive interjurisdictional emergency management program to address the mitigation, prevention, preparedness, response, and recovery to all hazards that could impact the City of Amarillo, the City of Canyon, and Potter and Randall counties.

Goals & Objectives

The OEM employs an integrated approach for local government (cities and counties) that includes key stakeholders to ensure readiness in order to protect citizens from potential disasters.

The OEM is also contracted to provide emergency management services to the City of Canyon along with Potter and Randall counties. This partnership provides for the improved integration of the emergency management program across jurisdictional boundaries.

The emergency management program is committed to serving the public to strengthen and enhance Public Safety using industry best practices and tools while maintaining compliance with federal and state regulatory and administrative requirements.

In addition, the OEM administers the City’s participation in Homeland Security and Agreement-In-Principle grants to enhance the capabilities of emergency response agencies to respond to specialized hazards locally and any that could impact the community or region.

Programs of the Office of Emergency Management

Administration/Support.

2023/24 Budget — \$463,104 of Budget

This program provides administration and support for day-to-day operations and project management for the department and manages Homeland Security and Agreement-In-Principle programs.

- Provides administration and support of department funds and community investment projects;
- Administers participation by Potter and Randall counties and the Cities of Amarillo and Canyon in the interjurisdictional emergency management program;
- Administers the City’s participation in the Pantex Plant Agreement-In-Principle (AIP) grant program, State Homeland Security Program (SHSP) grants, and other homeland security and emergency management related grants; and
- Supports City priorities and initiatives as requested by management.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Grant funding administered (SHSP & AIP)	\$620,410	\$620,410	\$418,145

Emergency Operations, Preparedness, and Planning Program

2023/24 Budget — \$940,242 of Budget

The operations portion of the program provides for the policy direction, coordination, and support of emergency response and recovery to all-hazards (natural, technological and, man-made) that could impact the Texas Panhandle region.

- Maintains availability of an OEM Duty Officer to maintain situational awareness and initiate emergency response to potential or actual threats;
- Provides information to enhance situational awareness for emergency response agencies, city and county supporting agencies, key stakeholders, and partners;
- Coordinates mechanisms to provide notifications to responders and warnings to the public;

EMERGENCY MANAGEMENT (1232, 2400, 2430, 26710)

2023/24 Budget

- Coordinates community response through the activation of the Emergency Operations Plan; and
- Facilitates the recovery process from disasters that impact the community.

Performance Measures/Indicators:	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Natural hazards operations	20	35	45
Technological / man-made hazards operations	68	75	80
Major incident response operations	10	10	20
Planned Events (New for FY 2023)		10	20
EOC Activations (New for FY2023)		20	25

The planning and preparedness portion of the program is to save lives and reduce disaster damage, identifying critical resources and developing the necessary agreements among responding agencies, both within the jurisdiction and with other jurisdictions and entities. This program is a continuous cycle of planning, organizing, equipping, training, and exercising to ensure effective coordination during incident response and recovery.

- Develops and maintains the Community Hazard Analysis, Mitigation Action Plan, Emergency Operations Plan and implementing procedures, and Community Mass Casualty and Mass Fatality Incident Plans; assists with local government Continuity of Operations Planning,
- Develops and maintains emergency operations facilities and tools to ensure a coordinated response to all-hazards, incorporating redundant capabilities;
- Develops and maintains a community outdoor warning system and other warning systems;
- Facilitates an Emergency Management Team to respond to and recover from all-hazards;
- Coordinates the integration of the emergency management program with government entities at all levels, volunteer/faith-based organizations, and key stakeholders;
- Conducts emergency management training, drills, and exercises to promote and enhance whole community emergency preparedness;
- Administers the requirements of the National Incident Management System (NIMS);
- Administers the requirements of the Emergency Planning & Community Right-to-Know Act (EPCRA) and assists with City compliance with the Risk Management Program (RMP); and
- Conducts emergency public information activities to promote and enhance citizen and visitor emergency preparedness.

Performance Measures/Indicators:	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Public education/information provided (hours)	40	150	200
Exercises completed:			
Discussion based exercises	2	4	8

Mission

Efficiently process and administer all matters coming into and before the Municipal Court. The Municipal Court strives to promote a high level of public confidence, accessibility, and a sense of fairness through efficient and courteous public service.

Goals & Priorities

Municipal Court integrates best practices and court-specific training in the department’s public service role. The Court aligns to the strategic pillars of Public Safety and Customer Service. One of the Court’s strategic priorities is ensuring the accessibility of information and online services to the public.

Municipal Court works with other city departments to increase technology-based organizational integration (i.e.: Amarillo Police Department, Animal Management, Amarillo Emergency Communications Center, Legal, and IT).

Court-ordered compliance and alternative sentencing play a large role in the Court’s processes and policy. Through legislative changes, the Court has experienced a significant increase in providing for commitment diversions, indigence hearings, community service management, and mental health services as well as working closely with community partners in the delivery of diversion programs.

The Court offers Court Clerk Certification for clerks who have been employed at the court as least one year, along with intradepartmental and city-sponsored training opportunities. Court Clerk Certification is also required for four positions within the Court.

The Court continuously analyzes data evaluating the processes and strategies being implemented to ensure that the public is receiving the highest level of service while adhering to judicial orders and legal requirements.

Programs of Municipal Court

Case Flow Management

2023/24 Budget — \$478,814 of Budget

To facilitate the timely administration of Justice, the Court electronically processes filed cases and continually evaluates and analyzes the records management system and case flow setup and processes, as well as all user-related processes.

The Court provides clerical support for both criminal and civil dockets. The Court provides clerical support for in-custody video jail arraignment six days a week; case records; recording on judicial decisions; and processing arrest warrants. The Court also provides critical, direct support of core jail services under inter-local contractual agreement. Court staff processes documents needed before, during, and after arraignment and during all in-person and virtual appearance and trial dockets.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Timely setting of court hearings	180 days*	45 days	45 days
New cases filed	31,449	27,244	24,520

Transactions processed at cashier windows	16,252	14,758	13,577

Technology Project and Technology Resources Management

2023/24 Budget — \$514,281 of Budget

This program manages the successful and effective use of technology to support the delivery of court services to both internal and external users. Municipal Court maintains an electronic court records management system, which enables the electronic routing of court cases, documents, electronically captured signatures, fingerprints, and photos, as well as allows the download of external documents into the system, including e-tickets, DCS certificates, Texas driver’s license records, insurance, driver’s license copies, deferred disposition agreements, and court payments.

The Court will continue to increase the availability of court services online and public access to all Court policies and procedures through an internally designed web page managed by Court staff. Court staff with the help of internal Information Technology staff have added forms required to the website that can be completed and submitted to the court electronically. To ensure accessibility to the court has group email accounts. The group email accounts have helped citizens be notified expediently of court response.

To ensure defendants could resolve their violations during the COVID-19 pandemic the Court started having virtual dockets using the ZOOM application and the Court plans to continue offering virtual dockets for defendants to increase accessibility. Amarillo Municipal Court is continuing to contact court users through text message notifications that include hyperlinks that make it possible for citizens to access the Court from their cell phone. The texting capability is customized to address any special campaigns or settings that the Court wants the citizen to be notified of immediately. The Court uses the case management software to ensure that all efficiencies provided are incorporated into daily processes.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected

Compliance Services

2023/24 Budget — \$195,072 of Budget

Compliance Services ensure that defendants are in compliance with Court obligations and are obtained in accordance with guidelines set by Judicial Orders and best practices. This program provides citizens with a fair, impartial, and individual review of their financial information through face-to-face interviews. Compliance clerks review applications and interview defendants, track compliance, telephone contacts on delinquent accounts, and identify and update cases for Judges’ review.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Cases Court ordered to compliance department	11,833	11,134	10,466

Community Programs

2023/24 Budget — \$53,202 of Budget

The mission of the Court Community Programs Department (CCPD) is to provide effective and relevant alternative sentencing options to assist offenders with violation resolution, accountability, and services as needed; to establish partnerships and relationships with area agencies, organizations, and programs for the betterment of the community; and to provide education for the safety of all citizens. The Court continues to provide assistance with issues at specific dockets.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Cases allowed community service	1,400	1,384	1,370

Public Information/Jury Management

2023/24 Budget — \$88,669 of Budget

This program provides easily accessible information to citizens regarding options on how to handle citations, processes document filings appropriately, answers phones to assist citizens, handles public information requests, process written and email correspondence, and provides public access to court policy and procedures. This program works closely with both the public and the judges to assure that juror information is ready for Jury trial dockets.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
# Of email and written correspondence received/sent	42,668	32,098	31,777
Hearing Notices Processed	32,940	27,617	24,851

Office of Civil Hearings

2023/24 Budget — \$124,137 of Budget

The Office of Civil Hearings oversees the operational needs regarding cases that include, but are not limited to, parking violations, vehicle immobilizations/towing, social hosting and illegal dumping ordinances. The department’s focus is to provide all the necessary administrative tools to assure that the public has an easily accessible and transparent litigation process that expedites the fair resolution of civil cases filled at the Municipal Court. These tools include the use of technology and both contract and case flow management. The program manager coordinates with Municipal Court, Public Works, City Marshal, and the Police Department on any potential issues, both physical and/or administrative.

Mission

Provide a fair, independent, and impartial forum for the adjudication of both criminal and civil matters.

Goals & Objectives

The Judicial Department employs judges and a certified court reporter. The judges hear class C misdemeanor cases filed in the court as well as matters presented to the judges in their capacity as magistrates. These positions require highly technical knowledge and extensive training. The department has one full-time Presiding Judge and three part-time Associate Judges. The Judges are licensed Texas attorneys with extensive legal experience.

The Presiding Judge assigns judges to cover the court's expected caseload each day. On most days, two judges are assigned: one presides over trials and special set dockets and one presides over walk-in dockets and in custody arraignments. Both judges review the judges' "queues" – 40 different lists of cases needing review for orders, judgments, warrants, or summons. Additionally, Judges are assigned to preside over Saturday and Sunday jail arraignments.

Programs

Judicial Administration

2023/24 Budget — \$37,565 of Budget

The Presiding Judge sets all policies for the Municipal Court and continually revises all forms used in court proceedings; schedules the court docket, creates a monthly schedule for the part-time employees; serves as Chair of the Courthouse Security Committee, develops protocols with outside agencies such as the county jails, law enforcement agencies, mental health providers, and other courts; develops the budget; is responsible for performing or assigning legal research; and oversees training of the Associate Judges and staff.

The Presiding Judge supervises two associate city judges who serve as designated night magistrates pursuant to an interlocal agreement between Randall and Potter Counties and the City of Amarillo. The night magistrate program is highly successful. It has streamlined communication between the judiciary and all branches of law enforcement.

Judicial Services

2023/24 Budget — \$443,271 of Budget

Judges are available seven days a week to preside over trials, special dockets, pleas, arraignments, and magistration in criminal cases. Judges also sign search warrants for police and building safety officials, conduct civil appeals hearings from dangerous animal determinations, stolen property hearings and disposition of seized property hearings. The Court also administers constitutional warnings to juveniles and reviews their written or recorded statements.

<i>Performance Measures/Indicators:</i>	2021/2022 Actual	2022/2023 Estimated	2023/2024 Projected

**Court Reporting Services
2023/24 Budget — \$82,644 of Budget**

The certified court reporter records, by machine shorthand, all the proceedings in the trial courtroom, including bench and jury trials, dockets, hearings, and pleas. The court reporter prepares all jury instructions and reviews every case docketed in the trial courtroom to ensure the Municipal Court’s records are accurate and complete.

**Court Security
2023/24 Budget — \$187,827 of Budget**

- **Security staff** – Bailiffs are present during all courtroom dockets and defendant appearances. They provide constant threat assessment and security for those present – the Judge presiding, parties, witnesses, jurors, and the general public. Bailiffs also provide security for the public area of the court building when they are not in the courtrooms. Bailiffs must receive training and are required to become certified court security specialists. Currently, all bailiffs have received the proper courtroom security specialist training. Bailiffs require uniforms and equipment such as tasers, handcuffs, and firearms.
- **Building Security** – Such items as security devices, locking mechanisms, video conferencing systems, metal detectors, and surveillance equipment.

■ Mayor & Council

Mission

Use democracy to govern the City efficiently and effectively to accomplish the City’s mission.

Goals and Objectives

The mayor and council serve as the policymaking body for the City of Amarillo (COA). The City Council’s responsibilities, as defined in the Governance and Ends Policies (adopted 2019 and readopted 2021) include:

- Cast vision for the City.
- Set policy for the City.
- Allocate the resources of the City.
- Evaluate the performance of the City.
- Hire, terminate and supervise the City Manager and the Municipal Court Judge
- Operate as a team of governing officials.
- Create partnerships with all local government units in the City.
- Listen to the community about City affairs.
- Inform the community of City affairs.
- Establish an atmosphere conducive to a transparent and fair exchange of ideas, needs and policies.

The mayor and council provide guidance to the City Manager to implement priorities for the benefit of the city and its residents. These priorities include public safety, economic development and redevelopment, civic pride, highly educated population, fiscal responsibility, customer service, excellence in communication and transportation.

In addition to the priorities listed above, the mayor and council identified four City Manager initiatives to support the priorities described above. These initiatives include commitment to safety, implementation of best practices, promoting innovation and customer service, and public service and engagement.

The mayor and council have two employees– the City Manager and Municipal Judge. Periodically, the mayor and council will participate in strategic planning workshops to evaluate and update priorities and strategic vision for the city in alignment with the City Council’s mission and the City’s mission: Create the best environment possible for every Amarillo resident to find and achieve their potential for greatness.

Mission

Professionally administer the policies and directives established by the City Council and perform those organizational duties and responsibilities prescribed in the Amarillo City Charter. The City of Amarillo operates under the Council-Manager form of government and, as such, through the delegation and administration of his/her staff members, the City Manager directs, coordinates, and facilitates the effective and cost-efficient delivery of all municipal services to the citizens of Amarillo.

Goals and Objectives

With guidance and direction from the City Council, the City Manager of Amarillo will develop, promote, and execute strategies that will provide for an attractive, economically vibrant, healthy, and safe environment for the citizens of Amarillo and its visitors. Together with the executive team and department directors, the City Manager will develop, promote, and implement programs and policies that will broadly support these strategies and motivate all full- and part-time employees. As part of this process, the City Manager and staff will continue to cooperate and communicate with the various governmental entities, community boards, commissions, economic development entities, non-profits, civic organizations, school district, and other community partners to achieve success and be recognized as a progressive “Best Practice” city.

The City of Amarillo adopts a comprehensive strategic direction for the city government in terms of focus, allocation of resources, and priorities. During this process, the City Council identifies a future vision they wish the City Manager to address in a comprehensive manner. There are also multiple City Manager initiatives used to support the City Council’s vision, such as Commitment to Safety; Implementation of Best Practices; Promoting Innovation and Customer Services; and Public Service and Engagement.

■ Office of Engagement and Innovation

Mission

The City of Amarillo Office of Engagement & Innovation is dedicated to fostering community involvement and awareness of city services. By reaching out to citizens where they reside, the office aims to establish meaningful partnerships and encourage collective problem-solving. Our approach involves leveraging innovative and creative strategies to keep our community informed, address complex municipal challenges, and empower residents to make a positive impact on their city.

Goals & Objectives

As the first point of contact for media inquiries and resident concerns about city issues, operations, programs, and services, the Office of Engagement & Innovation plays a crucial role in promoting transparent communication in the City of Amarillo. The city recognizes that effective communication is not only a basic obligation of government, but also an essential component of a bipartisan democratic process. By engaging in consistent and informed communication, the office aims to foster an engaged community, enhance community pride, and improve overall livability.

To achieve this vision, the office strives to create and share effective messages and compelling stories that foster positive community engagement and connection with stakeholders. By becoming the best source of information about the City of Amarillo organization, the office can help residents, business leaders, and visitors stay informed and connected to the city's programs.

Ultimately, the office's goal is to build trust and understanding among all members of the community and promote a more collaborative and transparent city culture.

Programs of the Office of Engagement & Innovation

2023/24 Budget — \$987,888 of Budget

The Office of Engagement & Innovation is a collaborative space that brings together expertise in Communications, Innovation, and Project Management to tackle complex issues and improve public engagement strategies and outcomes. By fostering collaboration across these three fields, the office swiftly develops impactful solutions to persistent challenges.

ENGAGEMENT

- Promotes the city's core services, projects, and initiatives through a variety of communication methods, including traditional marketing, graphic design, print production, social media, video production, and community engagement.
- Builds relationships with community organizations, news media partners, and key stakeholders to provide accurate and timely information to the public in a prompt and proactive manner.
- Creates branding and marketing campaigns for the city and its departments, seeking input and producing high-quality multimedia products that enhance engagement.
- Monitors media coverage and communications to effectively manage urgent needs and crisis communications.

INNOVATION

- Identifies and addresses challenges faced by citizens and city staff through inventive and creative solutions that are co-created with input from citizens, stakeholders, and partnering organizations.
- Supports city staff in proposing, testing, improving, and implementing novel solutions to improve processes and engagement.
- Drives continuous improvement and problem-solving through experimentation, piloting new ideas and technologies, and evaluating outcomes to ensure positive results for the city and its residents.
- Develops and implements programs that creatively address social, economic, and environmental challenges facing the city and its citizens.

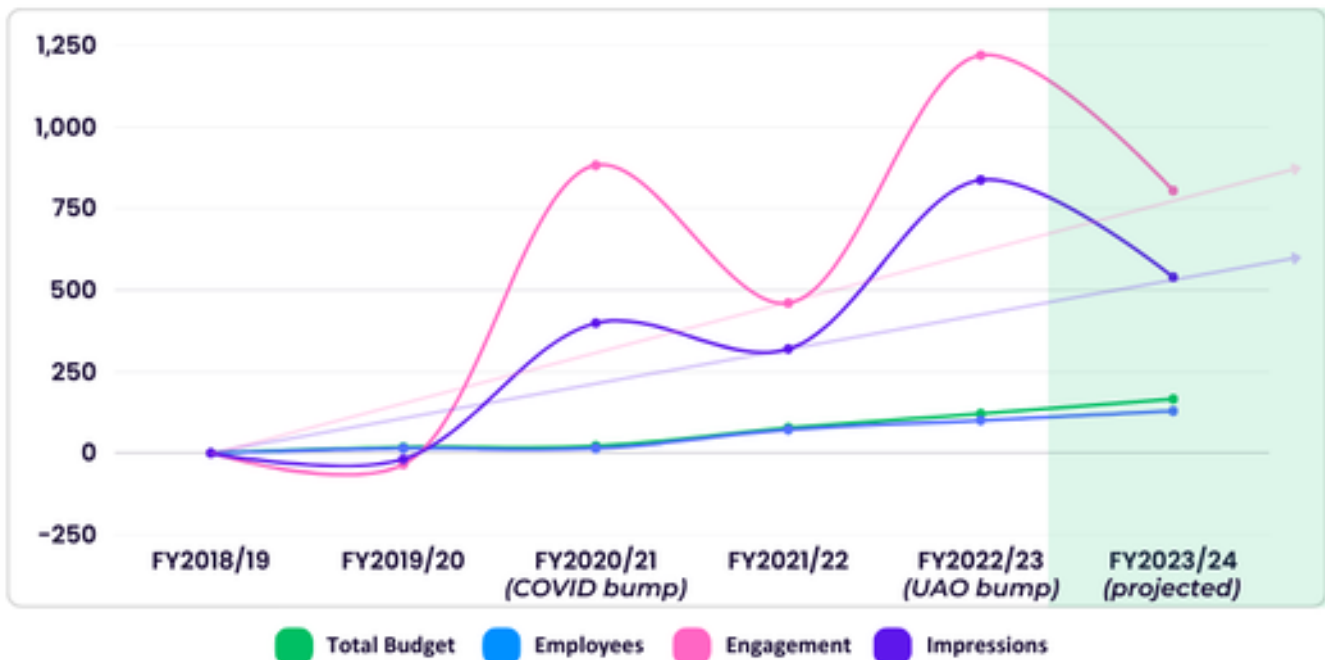

PROJECT MANAGEMENT

- Develops a comprehensive plan that outlines the scope of the project, the timeline, budget, resources needed, and the objectives to be achieved.
- Organizes and coordinates the resources needed to execute the project plan. This includes assembling the project team, assigning tasks, and delegating responsibilities.
- Tracks the project's progress throughout its lifecycle to ensure that it is meeting the objectives set out in the plan. Identifies any issues or potential problems that arise and takes corrective action to keep the project on track.
- Monitors the project's budget and timeline effectively. This includes managing project risks, verifying invoices follow contract obligations, and ensuring that the project is delivered on time and within budget.

OUTPUT/OUTCOME DETAIL

Over the last 5 years, Council has invested in the Office of Engagement & Innovation efforts of the City by increasing the budget by 165% and FTE by 129%. The return on that investment has been a 1,221% increase in community engagements and an 838% increase in impressions.

Office Increases by Percentage (5 Year Lookback)

In addition to the dramatic growth in engagement and impressions, the office had numerous successes in the last year.

- We effected \$387,000 in direct cost savings for the AMI project by converting to in-house communications versus a contracted third party.
- We reallocated over \$50,000 back into direct Women, Infants, and Children (WIC) promotion by creating all advertising assets in-house.
- Our community and employee newsletters, first launched as a new engagement program in 2022, have been viewed 107,000 times in the last year.

- We delivered over 150 media releases, partnering with local traditional media outlets to raise awareness and community involvement in City programs, and we contributed to thousands of national and international media stories.
- We created an Amarillo Zoo promotion that went viral and resulted in donations of products to the Zoo valued at over \$3,000 and an increase in visitors to the Zoo, its website, and its social media channels. The social media campaign alone resulted in:
 - 19,500,000 social media impressions
 - 2,200,000 engagements
 - 1,700+ new social media followers
- We provided a significant amount of interdepartmental support, ensuring that the communication from the City is consistent, effective, and professional. This year alone, the Office of Engagement & Innovation:
- Created and operated comprehensive communications campaigns for:
 - Animal Management & Welfare
 - Solid Waste
 - Utility Billing
 - State of the City
 - Winter Weather
 - Black History Month
 - ACES (Amarillo City Employees Share)
 - Fireworks PSA
 - Office of Emergency Management Series on Sirens
 - Tri-State Fairgrounds Master Plan
- Planned, directed, and managed community engagement events including:
 - Quanah Parker Airport Sculpture Dedication
 - Airport History Day
 - State of the City
 - Broadband Announcement
 - Christmas Tree Lighting
 - Pavilion Topping Off Ceremony
 - The Commons Groundbreaking
 - TTU Veterinarian School Ribbon Cutting
 - City Hall Groundbreaking
 - Warford Game Room
- Designed and developed publications for city departments including:
 - Amarillo Police Department Annual Report
 - Amarillo Fire Department Annual Report
 - Popular Annual Finance Report
 - Received the “Popular Annual Financial Reporting Award” by GFOA
 - Annual Budget Book
 - Received the “Distinguished Budget Presentation Award” by GFOA
- Received the following American Advertising Federation awards:
 - Silver Addy for Integrated Public Service Campaign: Women, Infants and Children (WIC) Campaign
 - Silver Addy for Video Editing: State of the City – Let’s Grow
 - Special Judges Award: WIC Campaign
 - Honorable Mention for Animation, Special Effects or Motion Graphics: WIC – Every Step
 - Honorable Mention for Art Direction: WIC Awareness Campaign
 - Honorable Mention for Social Media Campaign: Black History Month

We continuously look for ways to coordinate with departments to help them manage their projects effectively, communicate with the public in a transparent and effective manner, and help solve problems using solutions that are designed directly with the community we serve.

Mission

The City Attorney is the chief legal officer for the entire municipal corporation. The attorneys in this department are obligated to represent and seek the good of the city government, not necessarily the interest of any particular official or department.

Goals & Objectives

Represent the City of Amarillo, its employees, and officials when they are sued in their official capacity, in all venues, including State court, Federal court, or regulatory agencies. Represent the State of Texas in Municipal Court through the Legal department’s prosecutors. Also, conduct negotiations of various kinds.

Offer legal advice and counsel to City Council, departments, and officials regarding the legal aspects of city government operations and policies. The legal expertise required is as diverse as the operations of the city government: Human Resources, Health, Aviation, Police, Fire, Animal Management and Welfare, Purchasing, Planning and Development Services, Public Works, Building Safety, Finance, Housing, Utilities, Transit, Parks, and all of the others.

Prepare or review all kinds of legal documents (such as ordinances, contracts, and deeds) necessary for city government to accomplish its varied functions.

Provide legal services and support to (i) closely affiliated agencies such as the Amarillo Hospital District, Amarillo-Potter Events Venue District, Amarillo Local Government Corporation, Amarillo Metropolitan Planning Organization; and, (ii) Interlocal Emergency Management functions. Also, provide information to citizens and the news media.

Legal aligns to City Council’s adopted policies, rules, strategic initiatives, and plans.

Programs of the Legal Department

**Administration and Support
2023/24 Budget — \$347,675 of Budget**

Civil Section

2023/24 Budget — \$869,188 of Budget

Review and prepare contracts and agreements as requested by all city departments. Also, all documents related to real estate transactions and management by the City are reviewed, drafted, and redrafted. Process Texas Public Information Act requests through statutorily required deadlines and administrative procedures.

Review and analyze state and federal legislation and court decisions applicable to the city. Draft ordinances and resolutions for Council action. Prepare and review memoranda regarding legislation for Council and staff.

Provide advice to the City Council, City Manager, and all City departments regarding the interpretation and application of State and Federal laws. Draft and redraft ordinances and resolutions as requested. Provide legal advice and counsel to all City departments on the interpretation of City ordinances.

Provide advice and consultation to Risk Management and all departments on processing and considering claims against the city for damages and injury. Provide litigation defense and prosecution for the city and all departments; monitor and oversee claims and litigation work of retained counsel. Prepare reports and recommendations on pending claims and litigation, as requested.

Support administrative and judicial enforcement activities of various city departments, including City Marshal, Code Enforcement, Planning, Zoning, Building Inspection, and like matters. File and prosecute administrative and civil enforcement actions to secure compliance with city codes and regulations.

Provide a wide range of high-level professional legal services to the law enforcement city departments: Police, Airport Police, City Marshal, and Animal Management & Welfare.

Mission

Identify and respond to the issues, concerns, and needs of mayor and council, City of Amarillo staff, and the citizens of Amarillo.

Goals & Objectives

The City Secretary’s Office prepares the City Council agenda and minutes, manages the official City of Amarillo records and contracts, administers the record management program, administers the open record request program, and is responsible for conducting municipal elections. The City Secretary’s Office is responsible for developing and administering records retention and destruction policies and monitoring the records storage center. The City Secretary’s Office coordinates the recruitment, application, and appointment process for City Council appointed boards and commissions.

In addition to the duties listed above, the City Secretary serves as custodian of the City of Amarillo’s corporate seal; attests to the mayor’s signature on all official documents; records and files deeds and easements; coordinates the codification of City of Amarillo ordinances into the Amarillo Municipal Code; publishes legal ads, public notices, and agendas; and develops and oversees the City Secretary’s Office and Mayor and Council budgets. The City Secretary also serves as the Local Vital Registrar and as the approving authority for TABC alcohol permits. As in many other cities, the City Secretary serves not only as a historian for the City, but also as a resource for citizens and as a link between citizens and their elected officials.

Mission

To promote and maintain excellence and efficiency in the accounting, budgeting, and reporting functions of the City.

Strategic Approach

The Finance Department is responsible for the administration of all the city's financial activities as described in Article V., Section 27 of the City Charter. Finance is also responsible for maintaining a financial system that accurately records all receipts and disbursements for the City of Amarillo, for providing timely reporting to individual departments, and for preparation of the Annual Comprehensive Financial Report, while utilizing best practices related to all financial matters.

The Finance Department provides multiple programs including administration, cash and debt management, financial reporting and budgeting, internal control, pension administration, fiscal agent services, and property tax analysis.

The Finance Department evaluates city policies pertaining to control of financial matters and audits payments to vendors and contractors. In addition to performing the accounting and reporting functions for the city, Finance provides these services for the Amarillo Economic Development Corporation, Amarillo Hospital District, Amarillo-Potter Events Venue District, Tax Increment Reinvestment Zone #1, Tax Increment Reinvestment Zone #2, Local Government Corporation, Amarillo Chamber of Commerce, Amarillo Convention and Visitor's Bureau, Amarillo Housing Finance Corporation, Amarillo Health Facility Corporation, and the Harrington Library Consortium.

The Finance Department will utilize funding for FY 2023/24 to ensure proper budgeting, accounting, and reporting of all City of Amarillo financial information in accordance with applicable accounting pronouncements, laws, and bond covenants. The funding will help maintain favorable bond ratings for the City of Amarillo, ensure proper internal controls are in place and make sure all property taxes are correctly calculated and reported.

Programs

Finance Department Administration

2023/24 Budget — \$408,721 of Budget

Provide management and oversight to Central Stores, Purchasing, Vital Statistics, and Utility Billing departments. Provides oversight of accountants and clerks to provide timely financial records for all deposits and disbursements for all departments of the city. Preserve the safety and liquidity of city investments as directed by policies of the city, while maximizing interest earnings. Monitor the city's banking relationships to verify that the city is compliant with all state requirements.

In 2022, the Finance Department received certification from the Government Treasurer's Organization of Texas (GTOT) on the City's investment policy, aligning to Finance's goal of fiscal responsibility. This was the third time the city participated in this certification program, which is good for two years. The city will submit the investment policy for certification again in 2024.

Mission

Maintain an accurate and timely inventory of warehouse stock items in order to provide the best customer service to user departments with the upmost professionalism, while carrying out best practices initiatives for the city.

Goals & Objectives

Provide fiscal responsibility in the operation of the warehouse by keeping inventory at a level that will adequately serve the needs of city departments without accumulating overstock. Evaluate all new stock requests in a timely manner based on the cost of holding the item in inventory and execute all transactions promptly and accurately so that inventory records are current and accurate. Utilize an online inventory system to streamline transactions and keep records accurate and efficient. Reduce the amount of time it takes to physically retrieve an item from stock by retrieving stock information online that includes a product description, bin location, and the number of items that are currently in stock.

Central Stores aligns with City Charter and State Law in an effort to ensure Fiscal Responsibility.

Programs of the Central Stores Department

Administration/Support

2023/24 Budget — \$61,022 of Budget

Oversee and manage the Central Stores’ operation in a fiscally responsible manner to ensure city departments are receiving their repair supplies and parts in a timely fashion and to maximize efficiency and productivity.

Inventory Management and Control

2023/24 Budget — \$57,208 of Budget

Maintain a stock inventory level that will adequately serve the needs of the city without accumulating overstock and record all inventory actions with accuracy to maintain an inventory with minimal variances. The increase in Stock Item Value is due to stock levels increasing due to departments such as Water and Street requesting additional items be stocked.

GENERAL FUND TRANSFERS (1350)

2023/24 Budget

Mission

Facilitate all inter-fund transfers to and from the General Fund to account for Information Technology charges to the General Fund, and budget for personnel adjustments for the General Fund.

Goals & Objectives

General Fund Transfers are used for financial reporting and budgeting purposes. These accounts reflect transactions that only impact the General Fund as a whole and are not program-specific.

Programs of General Fund Transfers

Inter-fund Transfers

2023/24 Budget — \$20,685,035 of Budget

Includes funding for inter-fund transfers to and from the General Fund, including the transfer of excess hotel/motel tax to the Civic Center Improvement Fund, the transfer of funding for the Street Improvement Fund, and the transfer of funding for the Solid Waste Disposal Improvement Fund. Administrative costs reimbursable to the Information Technology Fund are also included in this program.

Personnel Adjustments

2023/24 Budget — \$5,871,082 of Budget

Includes budgeted personnel adjustments for the General Fund. After the budget is approved each year, these budgeted amounts are allocated out to the General Fund departments, causing this amount to fluctuate each year.

Total General Fund Transfers 2023/24 Budget — \$26,196,600

Mission

Enhancing city services by providing departments with safe and efficient vehicles and equipment. Fleet Services ensures fiscal responsibility by managing the acquisition, maintenance, and disposal of the city’s fleet in the most cost-effective manner possible.

Fleet Services is committed to providing city departments with high-quality repair and maintenance services in a manner that minimizes equipment downtime and the interruption of city services to Amarillo citizens. Fleet Services strives to bring excellence in communication and awareness to our supported departments. The department takes pride in the work completed and is dedicated to providing its best effort for the citizens of Amarillo.

Goals & Objectives

Fleet Services aligns with the City of Amarillo’s strategic pillars of Fiscal Responsibility, Excellence in Communication, and Customer Service.

The majority of fleet maintenance work is performed in-house. Outsourced services are used when necessary. The department’s initiative to support the long-term plan for infrastructure is based on best practices in fleet management. Following these methods, including the internal committee for suggestions and improvements related to technology, allows city departments to meet the City of Amarillo and City Manager’s Directives.

Mission

Identify, procure, implement, and support the highest value technologies and services for the City of Amarillo, its citizens, and employees. Innovate new methods of better serving the community using technology.

Goals and Objectives

The City of Amarillo's IT strategy is firmly rooted in delivering the Mayor, City Council, and City Manager initiatives and following IT best practices for every aspect of the IT mission. In the modern digital age, IT and the technology infrastructure are the innovation engine for local governments to better serve the community efficiently and effectively with transparency, collaboration, and increased citizen involvement.

The City of Amarillo IT Department executes an "Enterprise IT as a Service" model. This model is based on and measured by industry best practices on the principles of stability, security, efficiency, and agility, allowing for flexible consumption of IT services.

The work that IT has performed to improve the infrastructure has enabled city departments to focus on application modernization. These improvements include looking at best-in-class services to improve agility, operational efficiency, and transparency for citizens. For example, there are multiple multi-year initiatives like Automated Metering Infrastructure (AMI), Workday Enterprise Resource Planning (human resources, finance, payroll, and timekeeping), MyGovernmentOnline (MGO) (permitting, land management, work order management, and the enablement of 311), Amarillo Regional Crime Center (ARCC), Amarillo Connected (Broadband), Multimodal Transit Station, Transformation Park, a new city website, and a new City Hall.

The IT department continued executing its "Enterprise IT as a Service" roadmap, implementing its second next-generation infrastructure, improving the security and performance of systems, doubling capacity for future growth, and enhancing the continuity of all city services. In addition, the migration to Exchange Online was executed, and ongoing desktop refreshes significantly improved efficiency and reduced operational overhead. Upcoming initiatives include finalizing the Microsoft Teams Voice deployment to improve department collaboration. In addition, the Radio Communications department was consolidated with IT, and we've applied the same best practices approach to managing that infrastructure. With a consolidated architecture and best-in-class services, IT will continue focusing on innovative options to provide agility, control costs, and deliver outstanding support for today's needs and future innovations.

Programs of the Information Technology Department

Enterprise Services (ES)

2023/24 Budget - \$10,419,525 of Budget

Provide shared services and infrastructure framework to facilitate all department operations.

ES Best Practice Framework Descriptions

- **IT Asset Management (ITAM).** The acquisition, assignment, and disposition of IT assets used throughout the organization. Following IT asset management best practices help organizations minimize their spending on IT assets while maximizing their end-of-lifecycle value.
- **IT Governance.** The process to ensure that investments in IT generate business value and mitigate the risks associated with IT. This includes strategic alignment, resource management, performance measurement, value delivery, and risk management.
- **IT Security Management.** The conveniences of modern technology also bring new vulnerabilities and threats to businesses. Following IT security best practices help organizations defend themselves from modern cyber threats. This includes compliance with the National Institute of Standards and Technology (NIST) framework, the Payment Card Industry (PCI), Health Insurance Portability and Accountability Act (HIPAA), Criminal Justice Information Services (CJIS), and the Federal Communications Commission (FCC).
- **IT Service Management (ITSM).** The sum of the tools, processes, procedures, and activities a business uses to deliver and manage IT services. The primary goal is to follow IT service management best practices to maximize service uptime, optimize the user experience, and control costs.

ES Programs

- **End User Support.** Ensure efficient and stable operation so all users benefit from the technical resources, focusing on Standard Operating Procedures (SOP), training, and toolsets. Best practice frameworks include ITAM, IT Governance, IT Security Management, and ITSM.
- **Cybersecurity.** Ensure the safe delivery of IT services regardless of application or user context, focusing on strategic architecture, network, systems, user, and application-based security services. Best practice frameworks include ITAM, IT Governance, and IT Security Management.
- **Geographic Information System (GIS).** Ensures location-based data and analytical services focusing on strategic architecture, public safety, and web presence for Open Government. Best practice frameworks include ITAM, IT Governance, IT Security Management, and ITSM.
- **Enterprise Application Support (EAS).** Ensure efficient and stable operation of enterprise applications, data management, and Software-as-a-Service (SaaS) integrations, focusing on strategic architecture, integrations, data governance, and Agile methodologies. Best practice frameworks include ITAM, IT Governance, IT Security Management, and ITSM.
- **Government Continuity.** Enable operation of critical city functions and data recovery in the event of catastrophic loss of downtown facilities, focusing on Disaster Recovery architecture, application, and data replication. Best practice frameworks include ITAM, IT Governance, IT Security Management, and ITSM.
- **Infrastructure/Public Safety/Telecommunications.** Design, implement, and maintain all IT infrastructure focusing on strategic architectures, unified communications, and services that provide optimum performance. Best practice frameworks include ITAM, IT Governance, IT Security Management, and ITSM.
- **Radio Communications.** Ensure efficient mission-critical communications and radio technology operations, focusing on the safety, interoperability, and compliance of radio/wireless technologies throughout the city and portions of the panhandle. Best practice frameworks include ITAM, IT Governance, IT Security Management, and ITSM.

Mission

Provide high-quality Human Resource services to all prospective, current, and past employees.

Goals and Objectives

Through partnerships and collaboration, the Human Resources Department recruits, develops, and retains a high-performing and diverse workforce and fosters a healthy, safe, well-equipped, and productive work environment for employees, departments, and the public in order to maximize individual potential, expand organizational capacity and position the City of Amarillo as an employer of choice. The Human Resources Department is a conduit to building a vibrant workforce and a thriving community. Human Resources (HR) has 4 main goals and objectives:

Goal 1: Drive HR excellence and innovation that leads to successful outcomes in recruiting, retaining, and developing an outstanding workforce and move the City of Amarillo forward while remaining a financial steward.

Goal 2: Expand and promote community engagement by partnering with local agencies, schools and local events to educate, mentor, and showcase the employment opportunities at the city.

Goal 3: Continue enhancing the employee experience by moving the organization forward while leveraging HR technology and increasing convenience to all customers.

Goal 4: Invest in our employees’ continued growth by continuing our organizational development initiatives and educational experiences throughout the city.

The HR team is excited about the future and we are committed to serving our employees, departments, and the public with excellence.

Programs of Human Resources

Human Resources Administration and Support (Policies and Procedures)

2023/24 Budget — \$133,999 of Budget

Human Resources Administration and Support develops policies and procedures to be used by city employees, assures consistent and fair administration of policies and procedures, and processes timely and accurate changes in employee status and payroll.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected

Mission

The Risk Management Department is comprised of both Safety and Risk Management Departments. The Safety Department is responsible for the development, maintenance, and creation of effective safety programs to reduce accidents and injuries and to ensure the City remains compliant with state/federal requirements for safe operations of equipment and personnel. The Risk Management Department provides management and oversight of any work-related employee injuries, provides accurate and timely recordings of losses incurred from city operations and reports these losses to appropriate personnel and outside service agencies, and is responsible for overall management of the insurance policies for the city that includes working with the insurance broker to obtain the most cost-effective pricing.

Goals & Objectives

The Risk Management Department is a support service to all city departments for the coordination and administration of various claims generated from city operations. Risk Management also assists the Finance department in evaluating current insurance needs throughout the city.

The Risk Management Fund (also known as the Self-Insurance Fund) provides coverage for most of the city's exposures. The Risk Management Fund purchases various insurance policies for the city. The city generally has very high deductibles or self-insurance reserves with purchased coverage. State law protects the city with an overall liability limit of up to \$500,000 per occurrence; therefore, the city has not purchased excess coverage for auto or general liability.

The Risk Management Fund seeks to analyze all departments' policies and functions to better utilize loss prevention techniques as an everyday departmental function. Commitment to safety is an initiative to reduce expenditures for injuries, property damages, and liability that directly affects the city's available funds. An effective and best-practice Safety Management System is vital to reduce these expenditures. While safety programs have predictable costs, claims losses do not. Claims costs can fluctuate a high degree from year-to-year due to large, sometimes catastrophic, losses. The budget for the following programs is based on averages and trends in each area over a period of time.

Risk Management will conduct facility safety audits by creating and implementing yearly property evaluations and tracking the progress of any recommendations. The department will develop, implement, monitor, and manage health and safety training, policies, procedures and programs and the department will identify areas of improvement to reduce the cost of claims.

Programs of Risk Management

Claims Management

2023/24 Budget — \$414,673 of Budget

The department is responsible for the overall management of claims by obtaining accurate and informative claim files on all city losses including workers' compensation, property loss, auto liability, and general liability. Staff adjusters analyze claims for accuracy and validity, monitor claim progress, and coordinate with claimants to reach reasonable settlements. The department analyzes claim history and losses to identify trends and implement loss control measures. It works collaboratively with city departments to identify loss prevention and reduction methods designed to reduce injuries, accidents, and liability.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Total claims processed	660	354	380

Self-Insurance General

2023/24 Budget — \$725,677 of Budget

Risk Management transitioned workers' compensation claims handling to a third-party administrator (TPA) in June 2017 for all injuries that occurred on or after June 12, 2017. In January 2019, all workers' compensation claims were transferred to the TPA. This change is expected to reduce workers' compensation claims costs by better-utilizing network savings and applying best practices to more efficiently provide cost control measures. Risk Management continues to receive and process the injury claims from city departments before transferring the claim to our TPA. Risk Management also continues to coordinate return-to-work and modified duty with city departments. A major part of the city's workers' compensation program is employee safety. Risk Management oversees employee safety initiatives and provides safety and health training to all city departments.

Unemployment Claims

2023/24 Budget — \$103,668 of Budget

The city is self-insured for Unemployment Claims. Risk Management found that changing regulations forced employers to provide a high level of representation and cooperation with the state. As a result, Risk Management partnered with Equifax Workforce Solutions for several services including representation at hearings at all levels, preparation of cases and responses of complex employment actions with the state. These claims are handled by Human Resources.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected

Percentage of positive outcome	88%	90%	90%

Fire and Extended Coverage

2023/24 Budget — \$3,421,048 of Budget

The insurance market hardened in 2020, and premiums increased dramatically nationwide. In response, the city amended the way we purchase property insurance. We acquired the services of an Insurance Broker that assembled a layered coverage plan to meet the city's property insurance needs in the current, dynamic market. Our property policies are provided by multiple individual insurance carriers coordinated by our contracted insurance broker. The policies provide \$100,000,000 total annual coverage. The wind/hail deductible is 5% total insured value per location, per occurrence. The deductible for all other perils is \$250,000.

Workers' Compensation 2023/24 Budget — \$3,524,716 of Budget

Workers' Compensation manages all city workplace injuries. The city utilizes a TPA to administer these claims. However, Risk Management staff continue to manage the employees involved in workplace injuries. This program also funds the medical and indemnity payments associated with workplace injuries. The Workers' Compensation program also includes a comprehensive safety program. The mission of the safety program is to reduce the risks of injuries, illnesses, and fatalities. The safety program results in cost savings in numerous areas, including lower workers' compensation costs and overall medical expenses, fewer lost workdays, a reduction in the costs to train replacement employees, and a reduction in impact on crew workload related to overtime and downtime caused by injuries and property damage. A work environment with a strong Safety culture prevents accidents, which results in improved productivity and employee satisfaction.

According to the Bureau of Labor Statistics, the Injury Incident Rate is the number of injuries per 100 full-time employees; the average injury incident rate for Local Governments is 4.2 (BLS, 2020). Addressing the City's Injury Incident Rate falls in line with the City Manager Initiative of Commitment to Safety.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected

Police Professional (Law Enforcement Liability)

2023/24 Budget — \$207,336 of Budget

The city has had law enforcement liability coverage for seven years. This is a policy with high limits for issues surrounding claims for personal injury and property damages from police actions. Due to the national litigation and claims trends, it is vital to keep this coverage for protection of the self-insurance fund.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Number of claims	7	8	8

Mission

Providing comprehensive benefits, services, and programs to eligible employees, retirees, and their dependents which:

- Meet and anticipate their individual needs.
- Assure the City of Amarillo’s competitiveness with other employers to attract and retain employees.
- Maximize cost-effectiveness.
- Assure optimal health and productivity of our employees.

Goals & Objectives

To align with the City of Amarillo’s Benefits Department mission, department goals have been established to ensure that the overall administration of the city’s healthcare plan is met and managed throughout the fiscal year.

- Provide ongoing equitable benefits based on legal requirements, eligibility, and city policies.
- Collaborate with employees, retirees, and others to assure that selected benefits programs and services are responsive to their needs.
- Communicate benefits information to employees, retirees, and their dependents which enables them to tailor coverage to meet their needs.
- Explore alternate or additional benefits and financial structures that maximize affordable coverage.
- Represent employees, retirees, and dependents in their efforts to resolve benefit problems with external providers.
- Provide health and fitness programs and activities that improve employee health and promote well-being.
- Provide sound fiscal and contract management of benefits programs.
- Create a strong partnership with the city’s benefits consultants and vendors.
- Provide information to other public sector employers as needed.

This aligns with our goals and objectives to illustrate excellence in Communication and Fiscal Responsibility.

Mission

Enrich the community by hosting a variety of experiences while providing extraordinary customer service in versatile and inviting facilities.

Goals & Objectives

Efficiently manage an active schedule for the entire Amarillo Civic Center Complex (ACCC) which includes seven large leasable spaces plus three smaller leasable meeting spaces in the Civic Center, two leasable spaces in the Globe-News Center for the Performing Arts and the new Pavilion at the Santa Fe Depot.

The International Association of Venue Managers (IAVM) is the preeminent source for all public assembly-related research, information, services, and life-safety issues worldwide. ACCC staff members look to IAVM for information and detailed reports on industry performance, benchmarking, and other key indicators. IAVM does not provide venue certification. It does offer certification to senior and middle management positions. Currently, two staff members have obtained the highest certification, Certified Venue Executive (CVE) and one staff member has obtained Certified Venue Professional (CVP) certification.

Temporary closures of the Civic Center Complex due to COVID-19 and the operating of the city’s vaccination clinic have had significant impacts on performance measures/indicators as seen below. Since March of 2020 over 300 events have been canceled resulting in over \$1.55M in lost revenue. Although business is now picking back up from the closure, numbers in 21/22 are still reflecting some of this loss of business.

Mission

Enhance knowledge, empower individuals, and enrich the community.

Strategic Approach

The Amarillo Public Library system, consisting of five physical locations and an interactive website, strives to provide a central source of information, materials, and services for citizens of all ages. Managing a collection comprised of almost half a million items, the Library acquires materials and online resources intended to support lifelong learning; skills attainment and career advancement; cultural pursuits; historical research; leisure reading, listening, and viewing; and early literacy development and school readiness.

In a typical year the Library offers more than 1,000 programs and provides a wide variety of services that link people with resources, produces opportunities for individual self-development, supplements formal educational programs, and inspires civic engagement. The Library also positively impacts local economic development and redevelopment efforts by providing tools and assistance that bolster workforce development and support small businesses.

To achieve the highest performance levels associated with the objectives and responsibilities outlined above, the Amarillo Public Library measures its operations against benchmarks provided by two major assessors in the state: the Texas State Library and Archives Commission (TSLAC) and the Texas Municipal Library Directors Association (TMLDA). Yearly accreditation through TSLAC qualifies Texas public libraries for several programs available through state and federal funding, such as the TexShare card, the TexShare subscription databases, the Interlibrary Loan system, and certain competitive grants. In order to be accredited, libraries must demonstrate via an annual report that they meet criteria in several categories, including access to services, maintenance of effort through local operating expenditures (meeting or exceeding per capita minimums set by the state), and staff qualifications. To receive recognition by TMLDA each year, public libraries must demonstrate excellence in ten categories: provision of summer reading programs; service to underserved populations; enhanced service during the past year either through an increase in service or a change in the type of services; current marketing materials; support of workforce development; cultural, topical, and educational programming for adults and families; literacy support; collaborative efforts with other community organizations; staff training; and digital inclusion for all. Of the 542 public library systems in Texas, Amarillo Public Library was one of only 73 that earned TMLDA's recognition in 2022. With this honor, APL remains in the top 15% of all public libraries in the state.

Continuing to meet or exceed the qualifications set forth by TSLAC and TMLDA helps to ensure citizens are better prepared to meet the challenges of a society increasingly driven by technology, innovation, and information.

Mission

Building our community through parks and programs by encouraging health and wellness, creating positive economic benefits, and enhancing the community’s ecological systems.

Goals and Objectives

Our primary focus is on general operations and maintenance of the Ross Rogers and Comanche Trail Golf Complexes. In addition to essential operations, the Golf department also offers tournaments, youth, and league programs, and other special activities to expose the game to a wider audience and to enhance the quality-of-life opportunities for Amarillo residents and visitors.

Each of these programs and activities has value for the participants beyond just the game itself. Our strategy is to communicate the many benefits of the game as an activity for a lifetime. Golf does not require vigorous activity such as running and jumping, nor does it require a great deal of strength. It only requires only a self-paced walk, intervals of bending, reaching, and stretching--all valuable to the players’ health and well-being. These activities can be performed by almost anyone, at any age, and will contribute to a longer, more enjoyable, and healthier life.

In addition to the physical attributes that improve health and wellness, the numerous social interactions also contribute to the players’ well-being. Golf is a vehicle for youth to learn discipline, rules, sportsmanship, and etiquette. Golf requires self-control, the ability to remain calm under pressure, the ability to learn strategies, problem-solving, and perseverance. Participation also provides an opportunity for interaction with business leaders, community role models, and members of local charities and civic organizations.

Golf courses provide green space for both people and wildlife where players regularly see turtles, fish, birds, hawks, waterfowl, rabbits, foxes, raccoons, coyotes, and deer. The golf courses are maintained to recognize the importance of environmental stewardship in our operations.

Convenience is critical to patrons. The online tee time system makes it easier for patrons to book their tee time and to see what times are available at each course. Approximately 80% of tee times are now booked online. The online booking site is tied to the website www.playgolfamarillo.com where tournament schedules can also be viewed.

Mission

Building our community through parks and programs by encouraging health and wellness, creating positive economic benefits, and enhancing the community’s ecological systems.

To integrate public arts into the environment of the city to improve the visual design and content of the city to enhance the experience of living and visiting Amarillo.

Goals and Objectives

The main function of Parks and Recreation Administration is to direct the overall operations of Golf, Recreation, Aquatics, Tennis, Warford Activity Center, Parks Maintenance, Zoo, Athletics, and Senior Services. All the departments within Parks and Recreation strive to improve the Quality of Life for those that live, work, and play in Amarillo.

Over the past two years, Parks Administration has initiated several forward-thinking projects including the Asset Management Plan and Parks Master Plan. This Parks Master Plan utilized information identified in the Asset Management Plan to develop a strategy for improvements to existing infrastructure, and new improvements desired by the community.

Mission

Building our community through parks facilities and recreational programs by encouraging health and wellness, creating positive economic benefits, and protecting and enhancing the community’s ecological systems.

Goals and Objectives

The Tennis program provides a quality tennis facility and supporting staff members that provide quality programs and events that meet the needs of the community. Tennis programs include Adult Leagues, Tournaments, Youth Programs, and Pickleball.

Tennis programming is offered at the Amarillo National Tennis Center which has 11 lighted outdoor tennis courts, 3 lighted indoor tennis courts, and 9 lighted outdoor pickleball courts. The budget provides funding for the care and upkeep of tennis courts, lights, and the buildings which support these activities. Full-time, part-time and independent contractors support these programs and provide customer service and court reservations services.

The Amarillo National Tennis Center receives support from the Amarillo Area Tennis Association and the United States Tennis Association which helps us provide sanctioned tournaments to the public. We also partner with Kids Incorporated and the Alex O’Brien Foundation to support our Youth programs. A new collaboration with the local USA Pickleball Association provides Pickleball lessons to all age groups.

Mission

Building our community through parks and programs by encouraging health and wellness, creating positive economic benefits, and enhancing the community's ecological systems.

Goals and Objectives

The Recreation program plans, develops, and delivers quality recreation programs and events that meet varying community needs.

There are a variety of health and wellness-based programs recreation has to offer the Amarillo Community, which include our Fit and Play Camp and our Summer Sports Camps. Children have an opportunity to participate in free guided sports and fitness driven activities led by our recreation staff.

The Recreation and Special Events Department provides economic benefits to the Amarillo Community by offering free or low-cost programs and events. We have free events such as Summer Free for All, Starlight Theater, Starlight Cinema, Harry Potter's Birthday and Hocus Pocus in the Park. Recreation offers low-cost programs such as Kids Day Out, Winter, Spring & Summer break camps, Nerf Gun Wars, Archery Camps, and enrichment classes such as Coding Class, gaming programs and Lego Camps.

Lastly, our ecological programs and events include Tree & Turf Workshop, Centered in Nature series and an Earth Day Park Clean-up. Parks and Recreation was awarded a grant from the Texas Parks and Wildlife Department this past year to create an outdoor program called Centered in Nature. Camps in this program include Hooked-on Fishing, Camping Experience, Kayaking, and Backyard Bushcraft. Partners such as Boom Adventures, Boy Scouts of America, Texas Game Wardens, Texas Park Police, and Texas Parks and Wildlife volunteer their time to make these camps happen.

Mission

Building our community through parks and programs by encouraging health and wellness, creating positive economic benefits, and enhancing the community’s ecological systems.

Goals and Objectives

The function of the Warford Activity Center is to plan, develop, and deliver programs and activities that meet the varying needs of the community.

The Charles E. Warford Activity Center opened in January of 2018 as the city’s only activity center. The Warford Activity Center offers a cardio & weight room, indoor pool, full court gymnasium, fitness & dance studio, video game room, community garden, outdoor basketball courts and multi-purpose rooms. In October of 2023, the Charles E. Warford Center changed to a members only model for safety reasons. The Warford Activity Center creates revenue primarily through rentals & memberships. Staff is continuing to explore partnership and grant opportunities in order to provide a wider range of recreational programming and health and wellness initiatives.

PARKS & RECREATION PARK MAINTENANCE (1861)

2023/24 Budget

Mission

Building our community through parks and programs by encouraging health and wellness, creating positive economic benefits, and enhancing the community’s ecological systems.

Goals and Objectives

The Park Maintenance Department provides care and maintenance of parks and other facilities including Aquatics, Athletics (adult and youth), Recreation, and Zoo. Park Maintenance provides landscape maintenance for other city departments including Public Health, Libraries, WIC, Civic Center, Fire Stations and Fire Training Center, City Hall, Simms Building, Bus Transfer, Police and Courts, Airport Blvd., the Madam Queen, streetscapes, boulevards, and other city property. The goal of Park Maintenance is to provide a beautiful, clean, safe, and enjoyable environment for those that live, work, and play in Amarillo.

Park Maintenance supports Severe Weather Operations by conducting snow removal for parking lots and sidewalks around public buildings and Fire Stations. It also provides a support role in storm damage response to the Office of Emergency Management (Strike Teams) by securing sites involving downed trees and other fallen or blown debris.

Parks and Recreation utilizes the Asset Management Plan and Parks Master Plan to prioritize improvements to the existing infrastructure while looking at strategic and sustainable improvements.

Programs of the Parks and Recreation Department — Maintenance

General Park Maintenance

2023/24 Budget — \$2,024,095 of Budget

Efficiently and effectively maintain park land, irrigation systems, playgrounds, facilities, special use sites, and other park-maintained infrastructure. Park Maintenance also supports the Office of Emergency Management during and after significant weather events. This support includes snow and ice removal, downed street trees, and response as Strike Teams for site security, allowing Police and Fire to respond to more urgent calls.

Contract Maintenance

2023/24 Budget--\$3,724,335 of Budget

11%	Landscape Maintenance of Neighborhood Parks, Linear Parks, Traffic Islands, and Public Buildings
27%	Landscapes Maintenance of Regional Parks, Community Parks, Zoo, and School Parks
1%	Undeveloped Mowing and Maintenance
5%	Forestry / Tree Management
2%	Electrical Maintenance

Forestry

2023/24 Budget — \$485,783 of Budget

Assist contracted Forestry/Tree management contractor with the care of over 15,000+ trees located at parks, tree farms, streetscapes, and municipal facilities.

Zoo Maintenance

2023/24 Budget — \$161,928 of Budget

Effectively and efficiently assist with maintenance of the Amarillo Zoo property.

PARKS & RECREATION PARK MAINTENANCE (1861)

2023/24 Budget

Athletic Field Maintenance

2023/24 Budget — \$1,295,421 of Budget

Effectively and efficiently maintain athletic fields to support City of Amarillo Athletic leagues and tournaments and Youth Sports organization leagues and tournaments using City of Amarillo fields.

Aquatics Maintenance

2023/24 Budget — \$404,819 of Budget

Effectively and efficiently maintain City of Amarillo swimming pools and splash pads.

Mission

Commitment to the conservation of wildlife and the natural world through excellent animal care, education, and community engagement.

Goals & Objectives

The Amarillo Zoo serves Amarillo and surrounding areas. Programs include Zoo Operations, Zoo Education, Volunteer Programs, Special Events, Rental, and Birthday Parties. Ensuring the highest quality guest experience is a primary goal of the Amarillo Zoo, contributing to the overall quality of life in Amarillo as and destination for visitors traveling through Amarillo.

The Amarillo Zoo aligns with the City Council approved pillars of Civic Pride, Customer Service, Excellence in Communication, and Economic Development and Redevelopment along with the Initiatives included within.

The Amarillo Zoo provides and supports additional technologies available for Zoo staff to provide the most current training available.

Zoo Operations include care for animals and maintenance of the facilities related to animal care as well as operations of visitor services (soon-to-be gift shop area and educational facilities). Zoo staff are responsible for animal care and management, facility maintenance, conservation initiatives, and visitor services. Operations utilizes all available resources to achieve a high level of animal care, customer satisfaction, and overall safety.

Education programs have demonstrated success on several fronts: the popular ZOOschool, ZOOMobile, homeschool at the Amarillo Zoo, and Summer Camp programs regularly exceed demand. Programs align with STEM initiatives and both local and national benchmarks in classroom education which makes programs popular with regional educators. The Amarillo Zoo has offered over 156 different programs for students ages pre-K through 12. The focus for the next few years will be to build on this success and create a compelling learning environment for students, teachers, and visitors that is fun, inspiring, and instills a sense of environmental stewardship. A critical component to the success of this goal is securing a replacement ZOOMobile to continue to offer the outreach program.

The Amarillo's ZOOcrew Volunteer Program provides interested individuals ages 14 and up with an opportunity to support the Amarillo Zoo through the donation of their time and talents. Zoo volunteers help in a variety of ways including assisting with education programs, special events, guest services, animal husbandry, and horticulture. On average 40 volunteers are in the program with twelve orientations per year. Over 200 community volunteers are also recruited from area colleges, clubs, and business groups to assist with special events.

Special events continue to grow in popularity and provide guests with increased incentives for a return visit. On average 14 special events are offered each year with a variety of themes including Earth Day, International Cat Day, and Endangered Species Day. Two event themes, BOO at the Zoo and Easter Eggcitement and are highly popular events and are repeated each year. Special events are designed for families to have fun learning while enjoying the zoo. In addition, the public can schedule birthday parties at the Amarillo Zoo providing an additional revenue opportunity.

Mission

Build our community by encouraging physical and mental well-being through participation in Amarillo Parks and Recreation's athletic programs.

Goals and Objectives

Athletics creates and manages athletic programs including basketball, softball, and volleyball for Amarillo and surrounding communities.

Athletics receives registration and entry fees for all adult sports teams annually, with amounts varying on a program-to-program basis. Schedules and standings are provided electronically for the convenience of the participants. The Athletics staff schedules and trains sports officials and scorekeepers to officiate and score all sports offered. Staff provides awards for all leagues and tournaments and presents them at the end of each season or tournament. Staff prepares payment authorizations for each contracted sport official and scorekeeper on a biweekly basis. Athletic staff allocates city owned athletic facilities to five private adult sports providers and four youth sport organizations that utilize the city's sport facilities for their programs. In addition, Athletics staff facilitates tournaments hosted by outside organizations. Staff produces invoices for field usage and collects fees. Athletics also schedules practices for adult sports teams and youth sports organizations and collects applicable city approved fees.

Athletics organizes multiple tournaments for various sports annually. The staff facilitates sports tournaments for private user groups, invoices those groups, and collects all city approved fees. Athletics works closely with youth sports organizations to facilitate their utilization of the city's athletic fields and facilities. Although not direct providers of youth sports, the division allocates space, provides resources, and collaborates to support youth sports leagues and tournaments.

Program expansions in Disc Golf, Ultimate Frisbee, Dodgeball, Cornhole, Sand Volleyball and Kickball will be explored as will new programs such as Flag Football.

This budget reflects requested funds for continued employee training to ensure that the best practices in athletics management are implemented. Athletics staff will continue to attend meetings, workshops, and conferences of the Texas Amateur Athletic Federation (T.A.A.F.), United States Sports Specialty Association (U.S.S.A.) and the Texas Recreation and Parks Society (T.R.A.P.S) to keep current on sports trends, changes in rules, and to place bids for tournaments to be held in Amarillo.

Athletics works closely with youth sports organizations to facilitate their utilization of the city's athletic fields and facilities. Although not direct providers of youth sports, the division allocates space, provides resources, and collaborates to support youth sports leagues and tournaments.

Program expansions in Pickleball, Ultimate Frisbee, Dodgeball, and Kickball will be explored as will new programs such as Flag Football and eSports.

This budget reflects requested funds for continued employee training to ensure that the best practices in athletics management are implemented. Athletic employees are expected to complete a two-year training to obtain the Certified Professional Sports Manager designation. Adult Leagues

2023/24 Budget — \$144,062 of Budget

Contribute to the quality of life in Amarillo while providing healthy, safe, social, and recreational opportunities for the community's adult population through the following leagues:

- Softball (1871) - This program provides for the adult softball leagues in Amarillo. We have 2 seasons of softball, averaging 50 to 75 teams, 1,000 players, and 1,000 games at River Road, Southeast, and Martin Road complexes.
- Basketball (1872) - This program provides for the adult basketball leagues in Amarillo. We have one season averaging 20-34 teams, with 300 players, and 130 to 140 games at local AISD gyms and the Warford Activity Center.
- Volleyball (1874) - This program provides for the adult volleyball leagues in Amarillo. We have 4 seasons (2 indoor and 2 outdoor) averaging 600-625 teams, 3,600 players, and 3,600 matches. Indoor seasons are played at local AISD middle school gyms and outdoor seasons are played at Thompson Park, Ellwood Park, and Memorial Park.

Adult Tournaments

2023/24 Budget — \$96,041 of Budget

Provide a quality, safe, competitive tournament environment to attract local and out-of-town adult sports teams and participants; showcase the Amarillo community and create entertainment options. Current tournaments include:

- Softball (1871) - We host two tournaments each year for the adult softball programs. We average 110 to 125 teams with 1,300 players participating.
- Volleyball (1874) - We host two outdoor tournaments each year for the adult volleyball programs. We average 30 to 35 teams with 200 players participating.

■ Senior Services

Mission

Building our community through parks and programs by encouraging health and wellness, creating positive economic benefits, and enhancing the community's ecological systems.

Goals and Objectives

In Q1 of 2023, the Parks and Recreation Department renovated the former daycare at Warford Activity Center into a Senior Services Area. The approximately 3,400 sq. ft. space now houses Senior Services. With a physical location, Senior Services expects to:

- Provide programming and services that benefit citizens over fifty years of age.
- Reach active adults/seniors not currently participating in programs and services.
- Develop partnerships within a network of organizations, businesses, and individuals who serve the senior population to maximize services.
- Educate the community regarding the needs of its aging citizens.
- Connect aging citizens and their caregivers to resource information.
- Efficiently use existing resources to serve the growing active adult/senior population.

The Senior Services goals are to provide the resources and facilities for older citizens to maintain social connections, stay healthy, and boost overall quality-of-life. To achieve this, Senior Services will target three age-related risk factors: social isolation & loneliness, falls, and nutrition. Senior Services employs the *Socialize, Energize, Mobilize* model to combat these risk factors.

In practice, the model promotes proven activities:

- **Socialize:** Social events and programs such as Coffee With Friends, board games, cards, dominos, day trips, and outdoor events
- **Energize:** Promoting nutrition through cooking classes, nutritional education, recipes, and videos (TheNeighborHUB)
- **Mobilize:** Providing exercise facilities, programs, and classes such as strength training, water aerobics (and other aquatic exercises), walking groups, pickleball, and table tennis.

In FY 2022/2023, Senior Services met and communicated with several local senior citizens organizations. The meetings were designed to foster cooperation within a network of service providers. Senior Services regularly communicated with Area Agency on Aging, A.C.T.S., A.S.C.A., Bivins Foundation, Catholic Charities, Family Care Foundation, United Way of Amarillo and Canyon, and The Wesley. In May, Senior Services presented "New Opportunities at Warford Activity Center" to attendees of Older Americans Month Celebration at Region 16. In addition to two Coffee and Donuts events, the department held a ribbon cutting/grand opening of Senior Services at Warford Activity Center.

In 2023, Senior Services made small but significant changes to the TheNeighborHUB website. The changes will make TheNeighborHUB a recognized senior resource and a vehicle to direct citizens to Warford and city events/programs. TheNeighborHUB is a critical component of the recommendations outlined by the 21st Century Senior Services Development Advisory Board.

Mission

Provide safe, reliable, and cost-effective public transportation services valued by users, non-users, and community leaders.

Goals and Objectives

Amarillo City Transit (ACT) will continue to strive to effectively manage the transportation services of the city to positively enhance the mobility needs of those we serve. To do this, Amarillo City Transit (ACT) will manage with a forward-thinking approach, focused on industry best practices and current trends, ensure transportation goes where it is needed most, and by delivering service centered around our core values of:

- **Safety** – Ensure that service delivery promotes the health and safety of our customers, community, and employees. Emphasize the importance of training and safe decision-making. Believing that every accident can be prevented by having a constant eye on safety.
- **People Centric** – Celebrating the diversity of each other. Realizing the value of our team, customers, and stakeholders. Treating everyone fairly and with respect.
- **Service Excellence** – We are committed to providing services that meet the needs of our community. We expect customers’ transit experiences to be safe, reliable, timely, and clean.
- **Action Ready** – Committed to one goal, one mission. Making sure we are ready and willing to be servant leaders in our community >>>Moving People Forward>>>>
- **Ethics and Integrity** - We are committed to a high ethical standard and possess the courage to always do the right thing. Always showing high regard for honesty, fairness, and human dignity in everything we do.
- **Resilience** – Despite all obstacles, we remain collectively together and will foster an environment of cooperative efforts within the department and our community. We recognize that the team is greater, much more than the collection of individual efforts.
- **Innovative** – Boldly seeking alternatives to traditional transit, technology, and employee development and learning.
- **Diversity and Inclusion** - The inclusion of individuals representing more than one: gender, race, sex, national origin, color, religion, and socioeconomic status. Better insights and business decisions can be achieved because of the inclusion of team members with varied experiences, ideas, cultures, and perspectives.

Our values are the guiding principles at the core of our transit system. In everything that we do to serve our community, and staff we refer to each of these in the decision-making process.

Programs of the Transit Department

Fixed Route Operations

2023/24 Budget — \$2,856,264 of Budget

ACT Fixed Route Operations’ primary focus is the safe and reliable transportation of passengers to ensure meaningful access to the community. Fixed route services represent an essential means of transportation for individuals who have minimal to no other forms of travel.

As our city continues to grow ACT must do the same. As such, Amarillo City Transit (ACT) must remain committed to looking at alternative modes of transportation that meet the current and future needs of the community as well as seeking additional revenue and funding opportunities.

In FY 21/22, annual ridership increased by 14% compared to the previous fiscal year. In FY 22/23, after not charging fares for over 2 years due to COVID-19, ACT resumed fare collection on October 1, 2023. Since then,

passenger counts have declined which is expected as passengers reacclimate to paying fares. However, we are confident that with our commitment to service excellence, our ridership will continue to grow.

Additionally, missed trips continue to be above our targeted performance measures but have significantly improved when compared to the prior years. Transit continues to work toward an adequate level of CDL operators with a target to bring service back to full levels by December 2023. To address this, we restructured our CDL training program to ensure our operators have the knowledge and skills to successfully attain the license, continue to utilize non-CDL operators to assist with operational concerns, and will continue to be intentional in our efforts to hire operators who fit within our core values.

**ACT-Connect Americans with Disabilities Required Service
2023/24 Budget — \$1,366,039 of Budget**

ACT-Connect’s primary goal is to improve mobility for seniors and individuals with disabilities by eliminating barriers to transportation. ACT-Connect is our paratransit service that provides essential trips for many customers’ mobility needs, connecting them to jobs, medical appointments, and other daily commitments. Our eligibility screening process determines whether an applicant can use a fixed route for some or all their trips. Applicants who have a disability but are not prevented from using fixed-route are not eligible for ACT-Connect service.

ACT’s transportation agreements with Panhandle Independent Living Center (PILC) and Area Agencies on Aging (AAA), continue to be a great benefit to our community providing financial trip assistance for those who qualify.

**Fleet Maintenance and Repair
2023/24 Budget — \$1,241,854 of Budget**

ACT Fleet Maintenance program is comprised of mechanics and utility staff. Our mechanics are responsible for routine preventive maintenance and minor and major repairs of our fleet. Preventive maintenance is performed with a proactive approach in accordance with the vehicle manufacturer’s recommendations to prolong the life of our assets and enhance the reliability of public transit to the community. Utility staff is responsible for the cleaning of revenue vehicles, staff support cars, and bus shelter locations to ensure the health and well-being of our staff and passengers.

Mission

Provide the public with a safe network of clean and well-maintained streets and alleys at a cost-effective price, through the utilization of best practices and first-rate customer service.

Goals & Objectives

The Street Department currently maintains 1,050.16 centerline miles of streets and 517.87 miles of alleys. Over the past five years, the number of miles of streets has increased by 24.83 miles, and the number of miles of alleys has increased by 11.44 miles. Managing an aging and growing transportation system of this magnitude requires the utilization of best practices, fiscal responsibility, and an array of effective maintenance and pavement preservation programs.

A pavement condition assessment, a best practice according to the American Public Works Association, was completed in 2017. The existing pavement condition of the city’s entire street network was evaluated, and the Pavement Condition Index (PCI) was calculated to be 71. A PCI is a numerical index between 0 and 100 which is used to indicate the general condition of a pavement. Over the past five years, several Prop 1 bond-funded street maintenance projects have been completed. In FY 2022/23, the Department conducted another pavement assessment to determine the overall change in pavement condition of the street network and evaluate the effectiveness of the current street maintenance programs. In 2023, the PCI of the city’s entire street network was calculated to be 76, which is considered by ASTM Standards to be a “Satisfactory” condition. In addition to the street network, the Department also conducted an initial assessment of the city’s paved alley network. The PCI of the alley network was calculated to be 52, which is considered by ASTM Standards to be a “Poor” condition.

A pavement management system is also utilized to organize the current and historical pavement condition data into a comprehensive database that enhances the ability to manage our maintenance programs. Effectively maintaining the city’s transportation infrastructure leads to safer roadways for the public.

Programs of the Street Department

Administration/Support

2023/24 Budget – \$468,732 of Budget

Management of the multi-faceted street and alley maintenance operation is achieved by the Street Superintendent and Assistant Street Superintendent and a four-person office staff. The Street Department delivers cost-effective programs aimed at providing the public with a safe, well-maintained transportation network.

<i>Performance Measures:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected

Pavement Preservation Program

2023/24 Budget – \$3,515,493 of Budget

The Street Department utilizes an extensive assortment of preventative maintenance programs to preserve the city’s transportation infrastructure. Sealcoating, crack sealing, and fog sealing (alleys) are performed in-house, while asphalt overlay, micro-surfacing, scrub sealing, cape sealing, and high-density mineral bond are outsourced to local contractors.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Lane miles of residential streets seal coated (10-year cycle = 178.7 lane miles annually)	0	100	125
Lane miles of paved streets crack sealed (10-year cycle = 243.5 lane miles annually)	0	6.3	100
Miles of paved alleys sealed (6-year cycle = 37.98 miles annually)	8.4	3	15

Pavement Maintenance and Repair Program

2023/24 Budget – \$4,804,507 of Budget

General pavement maintenance and repairs are performed to prolong the life of our streets and alleys. Asphalt repairs are categorized by size and complexity: potholes, minor, and major. This program also includes brick and concrete street repairs, pavement shouldering, and sweeping. Due to traffic volume and speed, pavement repairs performed in-house by Street Department employees are prioritized in the following order to ensure the safety of the traveling public: arterial streets, residential streets, and alleys. Arterial reconstruction is outsourced to local contractors.

<i>Workload Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Number of Potholes Repaired in Paved Street (Average Size = 3’ X 3’)	1,751	2,000	2,400
Number of Potholes Repaired in Paved Alley (Average Size = 3’ X 3’)	2,689	3,000	3,600

Winter Weather Operations

2023/24 Budget – \$703,099 of Budget

This program provides for safe roadways during winter weather events. The division performs snow/ice control on arterial and collector streets, overpasses, etc.

Workload Indicators:	2021/22 Actual	2022/23 Estimated	2023/24 Projected

Street Structure Maintenance and Repair

2023/24 Budget – \$117,183 of Budget

Various street-related structures, such as crash attenuators, guard rails, speed bumps, ADA ramps, etc. are essential safety components for motorists and pedestrians traveling throughout the city's transportation system.

Workload Indicators:	2021/22 Actual	2022/23 Estimated	2023/24 Projected

*There is not a dedicated repair/installation crew. It is based on availability of personnel, materials, and severity.

Street Utility Cuts

2023/24 Budget – \$703,099 of Budget

Effective pavement cut restoration is a key element of our long-term transportation infrastructure maintenance plan, as well as a best practice according to the American Public Works Association. This program administers a permit process for all utility excavations within the city right-of-way for service line installation or maintenance. Utility cut surface repairs for permit holders are also provided, at a fee.

<i>Workload Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Total Number of Utility Cut Permits Issued	1,229	1,375	1,450

Average Days to Complete Utility Cut Repairs (Surface Repaired by City) from Issuance of Permit*	28	25	20

*Includes the time it takes a utility contractor to complete work.

Unpaved Streets/Alleys Maintenance

2023/24 Budget – \$1,406,197 of Budget

This program effectively maintains the unpaved streets and alleys within our transportation system.

<i>Workload Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Miles of Unpaved Streets Repaired Annually (83 Total Miles of Unpaved Streets)	31	25	25

Mission

Provide for the safe and efficient movement of pedestrians, cyclists, and vehicular traffic within the city. Ensure safe passage on our streets and highways to motorists and pedestrians alike through the use of effective and efficient traffic control devices that maximize safety, quality, and reliability, and minimize travel time, inconvenience, and expense for the traveling public and the taxpayers. The goal of the red-light camera program is to change driving behavior using technology rather than manpower. This involves a continuous effort to improve the overall efficiency of the street network while reducing the number and severity of collisions.

Goals & Objectives

The Traffic Department monitors programs to align itself with the City of Amarillo's pillars for Civic Pride, Fiscal Responsibility, Customer Service, Excellence in Communication, and Transportation while utilizing best practices throughout.

The Traffic Department is responsible for the planning, design, and operations of all traffic control devices. This includes the placement of traffic signs (Stop, Yield, Speed Limit, Parking Restriction, Street Name, Etc.) Traffic Signals and Pavement Markings (Stop Bars, Crosswalks, Island Tips, Arrows, Etc.) all of these implement the use of best practices to improve technology to improve efficiency. The Department is responsible for the following: Authorizing Street Light installations (except for Highways), Supervising the Adult School Crossing Guard Program for Elementary Schools, investigating sight restriction complaints, issuing Block Party and Parade Permits, conducting a Traffic Count Program, reviewing, and approving plans that concern Traffic Areas. The Traffic Department works vigorously to follow the implementation of best practices and keep traffic equipment updated with the most up-to-date traffic equipment possible, while still maintaining a signal network that works at a high level of efficiency. This network includes the installation, operation, and maintenance of all traffic control devices which include Traffic Signs (stop, yield, speed limit, parking restriction, street name, etc.); Traffic Signals; School Flashers; and Pavement Markings (stop bars, crosswalks, island tips, arrows, etc.). The department is also responsible for the maintenance of all TXDOT-owned continuous lighting within the city limits and Pedestrian lighting in the Central Business District (CBD), which is part of the new continuous development of Downtown. These activities are accomplished using nationally recognized standards and methods found in the Texas Manual on Uniform Traffic Control Devices and International Transportation of Engineers best practices, while still following best practices to improve traffic patterns throughout the city and in the downtown development; it also plans for fiscal responsibility through the replacement of equipment at the of their end of life.

The department has several performance measures that enable the department management to monitor daily, weekly, and yearly work trends, quality of service, and adjust as needed for customer service. The department implements cost-effective improvements including additional traffic signs, improved pavement markings, traffic signal retiming and/or re-phasing and revised signal displays for better visibility and collision reduction.

Goals & Objectives

Administration/Support

2023/24 Budget — \$1,247,230 of Budget

Management of multi-faceted Traffic Administration duties by the Traffic Engineer and, supported by office staff. This program receives requests for Signal and Sign maintenance from the public and assigns them to the correct personnel, the Traffic Administration also sends out various traffic-related work orders for the installation of signs, relocation of pavement markings, to retiming of School Flashers or Traffic Signals. This program is designed to make sure the department follows best practices using nationally recognized standards and methods found in the Texas Manual on Uniform Traffic Control Devices and International Transportation of Engineers best practices for Traffic Engineering and continues to design for the flow of traffic in the downtown development.

Mission

Plan and provide for current and future air transportation needs of the Texas Panhandle region by constructing, maintaining, and operating safe, efficient, and quality airport facilities; promote and support all facets of aviation and local economic & community development; promote and support safe, reliable, and reasonably priced transportation services to destinations meeting the public demand; and to fulfill this mission by managing the Airport to high-quality standards and in an ethical, professional, efficient, fiscally responsible, and cost-effective manner that is consistent with maintaining the high quality of life in the Amarillo area.

Goals and Objectives

- Maintain a motivated and goal-focused staff.
- Provide the internal systems and processes needed for accountability and efficiency.
- Maintain compliance with all applicable regulations and exceed standards when able.
- Be vigilant in our safety consciousness.
- Maintain professional yet flexible attitudes.
- Maintain a high level of integrity and accountability.
- Look for positive opportunities whenever possible.
- Look for ways to save money in the near term, but also the long term.
- Promote internal and external efficiencies whenever possible.
- Think as a team by supporting each other as well as other City departments.
- Set appropriate standards in every operational area.
- Be customer focused, including the public and on-airport tenants.

The Department of Aviation is an enterprise operation organized to provide the necessary services for a public airport on a financially self-sufficient basis. This means the department does not accept any local property tax monies for its operation. No general fund tax revenues are used. The Airport sits on more than 3,500 acres of land, of which 1,000 acres are developed. This includes a 217,000 square-foot passenger terminal for commercial airline service as well as 22 additional structures ranging in size from 1,000 square feet to more than 50,000 square feet of covered space which are utilized for revenue production or as support facilities to maintain the Airport.

Three commercial service airlines, American, Southwest, and United, serve the Amarillo community. The department's air service development program has ensured that the airlines continue to serve the same destinations year-over-year. The department's "Taking Flight" program has ensured positive engagement between the airlines and the community.

Recently, the department completed the reconstruction of two taxiways, the rehabilitation of the airport's snow removal equipment storage building and vehicle maintenance shop, the replacement of the terminal building's HVAC controls, the reconfiguration of the baggage handling system, terminal basement plumbing upgrades, and the replacement of certain HVAC air handlers and related systems in the terminal building.

The department's challenges include responding appropriately to federal unfunded mandates to meet regulatory requirements, keeping up with labor rates to ensure that enough staff is retained to meet the current maintenance and operating needs of the airport, ensuring that labor pay rates are competitive to attract qualified new workers to meet the workforce needs of the future due to attrition and aging facilities, planning for capital projects within the financial constraints of the federal grant programs that the airport utilizes, and implementing standards while keeping up with the maintenance and systems replacement requirements of aging and highly technologically dependent facilities.

In FY2023/24, the Department of Aviation is focusing on key systems repairs to current infrastructure, hiring critical staff to be able to maintain the facilities appropriately, and developing available land to bring in additional revenues and additional aviation and non-aviation activity to the Airport and the City of Amarillo.

The Airport aligns with the City Council's adopted focus areas including Civic Pride, Economic Development and Redevelopment, Fiscal Responsibility, Customer Service, Excellence in Communication, and most directly

Transportation. It is also important to note that department of aviation has also built great relationships with other City organizations such as the Amarillo Economic Development Corporation, the Amarillo Chamber of Commerce, and the City's own Community Development department to ensure a coordinated and positive development effort.

Programs of the Airport

Administration/Support

2023/24 Budget — \$2,360,326 of Budget

The Department of Aviation administrative staff directs the management of a multi-faceted airport transportation facility operation. The staff consists of the Director of Aviation, Deputy Director of Aviation, and administrative support staff. They identify and monitor the funding and financial budgeting for current and future operational needs and capital development. Airport funding sources include the Passenger Facility Charge (PFC) program and federal and state grant programs.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected

Airport Safety, Security, and Communications Center

2023/24 Budget — \$7,724,702 of Budget

Provides short-term and long-term planning for Federal Aviation Administration (FAA) coordination. Assists in the development of the Airport Certification Manual, environmental-related compliance programs, and Airport Security Program to assure the safety of the traveling public. Security costs include the Airport Police Department, Airport Operations Center, badging and credentialing, and the maintenance of security cameras and security-related technology systems. This program includes emergency and medical services needed at the airport and surrounding areas. This program directly supports the city's Public Safety and Customer Service initiatives.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Law enforcement calls for service	28,969	30,000	31,000

*Law enforcement calls include items such as offense/incident reports, security system alarm responses, passenger/citizen assistance, parking citations, lost and found calls, unattended bags, arrests, and security area patrols.

Winter Weather Operations

2023/24 Budget — \$1,072,875 of Budget

Snow and ice removal operations during winter weather events are provided by airport personnel. The assigned departments perform snow and ice control on runways, taxiways, ramps, entrance roads, and parking areas. Program costs include the maintenance and operation of snow removal equipment owned by the airport.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected

Mission

Provide accurate and timely billing to customers with the highest regard for public satisfaction. Deliver exceptional service to newcomers, visitors, and residents, whether by phone or in person. And provide customer service that exceeds expectations by listening to customers and responding to their needs in a professional, courteous, and respectful manner.

Strategic Approach

The City of Amarillo Utility Billing department is a high-volume utility service separated into the following functional groups: Customer Service, Contact Center Operations, Cashiering, Mobile Unit Operations, and Meter Reading. Vital Statistics is also supported within Utility Billing.

Utility Billing is often the initial contact with the City of Amarillo for the community. It is the goal of the department to cultivate quality service and work with customers regarding underlying issues related to utility accounts in a timely and positive manner.

The Utility Billing department continues to look for innovative solutions to fulfill and improve in all areas, especially in relation to Customer Service.

The division is responsible for the production and distribution of billing statements in a highly efficient manner and continues to look for new ways to accomplish these goals by investing time and efforts into the future upgrades of our current billing software, Tyler Munis. It is also the goal of Utility Billing to monitor performance within our Contact Center operations to improve response times as well as one-contact resolutions to help improve customer satisfaction of services. It is evident that the division's success depends on its ability to strengthen its current customer relationships. Billing solutions function as a critical touch point between utilities and their customers. With new technologies, utility bills can now serve as a streamlined vehicle for announcing new services and custom communications.

Utility Billing Contact Center Operations have begun the process of working with high call volume departments to assist in taking on some of their frequently asked questions. Contact Center Operations are extremely important to identify and address informational needs for our community. Contact Center staff have worked persistently to train and go live with Solid Waste, Community Development and Animal Management to assist in working towards a one contact resolution for our community. Within this next year, we would like to continue to include additional departments as well as proceed with the implementation of 311 Informational Services by utilizing our current Contact Center.

Utility Billing worked diligently during the recent pandemic to continue to provide services as well as find solutions to assist customers in all areas within their account. Our team has been innovative in the recent release of our City of Amarillo Mobile Unit. The unit is a full-service mobile office that provides a quick and convenient way for customers to take care of business related to their utility bill account consisting of a drive-thru window and two walk-up windows to assist customers with various needs.

It is the goal of the Utility Billing department to continue to expand relations within our community by promoting water conservation. The incorporation of the new Water Conservation mascots, Oga and Llala, has provided the department with the ability to not only reach the goal to be more active within the community, but also work with other city departments to form a Water Conservation Committee. We have had the opportunity to be a part of several successful city events as well as received requests from local businesses to participate in local events to gain exposure and promote educate the importance of water conservation. It is our goal for this next budget year to work with the school district and libraries to continue to enhance the growth of our customers and community.

Programs of the Utility Billing Department

**Administration and Support
2023/24 Budget — \$224,871 of Budget**

This program provides support and accounts for the accurate recording of information gathered from the reading for billing, and then the collection of accounts. Our goal is to improve responsiveness and overall customer satisfaction. With the implementation of the InContact call center software, customers can now utilize new technologies that provide customized communications. The implementation has reduced call wait times by providing an auto-callback feature and has also provided the ability to email and chat with agents regarding their accounts.

Performance Measures/Indicators:	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Contact by email	21,829	25,274	27,000
Contact by chat	2,858	1,816	2,400
Annual customer contact in person	8,817	9,700	10,000
Annual customer contact thru Mobile Unit	9,820	10,400	11,000

311 Contact Center-Informational Services

Over the years, we have listened to our community concerns and have found that informational services are lacking within the City of Amarillo. Citizens want transparency, validation, and resolution within our community. These concerns are precisely why a 311 Contact Center is a critical component of municipal government. 311 Contact Centers not only provide efficiency and effectiveness in delivery of service, but also alleviates non-emergency calls from the 911 emergency call center, improves customer service, and better manages costs and budgets. Improvements in visibility and management of services are also made because leaders can obtain a better understanding of the most common requests, where they occur and how quickly they are resolved. Management can also gain more relevant insight into the end-to-end citizen experience.

As stated previously, contact center staff have worked diligently to train and go live with Solid Waste, Community Development and Animal Management to assist in working towards a one contact resolution for our community.

Within this next year, we would like to continue to include additional departments as well as proceed with the implementation of 311 Informational Services with the reorganization of our current operations.

Bill Production

2023/24 Budget — \$1,742,747 of Budget

This program is responsible for the production of more than 850,000 customer bills annually. Billings are processed three times per week based on the City’s 12-meter reading cycles. Utility Billing produces the bills for Water and Sewer, Drainage Utility, and Solid Waste. The preparations of meter reading books are completed within a span of two days and consist of the data entry of re-reads and verifications. The production of bills takes approximately five hours and includes verification of data, calculation of bills, creation of the billing journal, and distribution of bills. The addition of the Utility Billing Specialist position has increased the accuracy and efficiency of bill production and auditing. The Utility Billing Specialist coordinates with the Meter Reader and Water Distribution staff members to assist with customer concerns with minimal impact on customer billing.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Accounts billed monthly	83,500	83,725	84,000

Billing Customer Service

2023/24 Budget —\$1,124,353 of Budget

Utility Billing Customer Service staff is divided into two functional groups: Credit Services and New Connections. All staff members work to provide exemplary, quick service while always striving to improve customer satisfaction.

Credit Services responds to requests for payment arrangements and issues service orders for connections, reconnections, and meter installations. Credit Services distributes service orders regarding high bill inquiries and investigates accounts where customers may be experiencing leaks. Applications and requests for fire hydrant meters and the collection of current readings for each fire hydrant are completed within Credit Services. All final bills are produced within Credit Services and service outage calls are carried out by all available staff members during regular business hours.

New Connection functions are initial requests for services such as new, transfer, and completion of service. All staff members interact with customers whose needs vary from simple billing questions to more complex investigations regarding the establishment of services. Staff also work with assisting other city departments in processing new tap orders. The calculation and application of additional fees are also performed within Customer Service.

Staff can provide multiple types of arrangement options to customers. Utility Billing also works with Water Distribution as the city transitions to an electronic service order environment.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Total arrangements issued	942	2,000	1,800
6-month arrangements issued	733	1600	1,500

Payment and Account Administration

2023/24 Budget — \$843,265 of Budget

Payment and Account Administration staff are responsible for processing payments. Payments are collected in person, through third parties, and by mail. In addition to the collection of payments, staff members process and collect returned checks. The Payment and Account Administration also accepts payment for bus tickets and passes. It is the division’s expectation to experience an increase in the number of transactions submitted within the self-serve portals with implementation of the new software.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Cash handled (daily)	\$11,218	\$11,950	\$12,700

Number of walk-in customers (monthly)	7,009	7,800	8,600

Meter Reading

2023/24 Budget — \$1,686,530 of Budget

Meter Reading staff are responsible for providing reliable and timely reads of approximately 72,500 meters monthly. Daily routes are assigned to each staff member which contain approximately 500 meters within a walking route. All walking routes are completed within the first half of the workday and the remainder of the day is designated to re-reads. All Meter Reading staff members work through a variety of elements and obstacles, such as encountering aggressive animals, the inability to gain access to meters, and inclement weather. With the addition of a Meter Reader Foreperson position, the program has had the ability to reduce the number of orders distributed to the Service Center. New handheld devices have improved the accuracy of reading without malfunctioning. With the increase in meter reading accuracy, it is anticipated that customer complaints will diminish phone queue wait times.

Advanced Metering Infrastructure (AMI) will be implemented over the next two years. This includes smart meters and communication modules with real-time data that speeds processing and allows customers more control over their water usage.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected

Mission

Supply continuous high-quality water, sewer, and environmental services to our customers in a safe and efficient manner, supporting Amarillo's high quality of life now and in the future. This is accomplished through innovative employees demonstrating teamwork, commitment, and outstanding customer service.

Goals and Objectives

The Director of Utilities office provides leadership and oversight for seven departments, which includes Water Production, Water Transmission, Surface Water Treatment, Water Distribution, Wastewater Collection, Wastewater Treatment, and Environmental Lab. The Director of Utilities office manages the daily operations of these departments to meet the City of Amarillo's goals and to provide clean safe drinking water to the citizens of Amarillo. The Director of Utilities places a strong emphasis on strategic planning at all levels of the organization. This ensures that the department can provide the highest level of quality customer service while ensuring our operational activities support our department's mission.

Water and sewer utilities are faced with ever-changing challenges which include rising costs, aging infrastructure, stringent regulatory requirements, and a changing workforce. The Director of Utilities looks to use effective utility management practices to lead the Water Utilities Department, to focus efforts and energy to meet the city's organizational performance goals.

The Director of Utilities Office is dedicated to upholding the city's core values through the implementation of best practices and management initiatives that prioritize economic development and redevelopment, as well as fiscal responsibility. This is achieved through close oversight of the seven departments, ensuring regulatory compliance at the Water and Wastewater Treatment Plants, pursuing alternative operational and procurement strategies to optimize the use of our limited resources, providing employee training opportunities to expand knowledge, and regularly monitoring customer concerns to enhance customer service.

The Director of Utilities stays up-to-date with rules and regulations set forth by the American Water Works Association (AWWA), the Texas Commission on Environmental Quality (TCEQ), and the Environmental Protection Agency (EPA) to ensure compliance. The Director of Utilities oversees the management of utilities infrastructure, which includes maintaining and expanding the current infrastructure to support economic development and redevelopment. This involves monitoring the age of the existing infrastructure and other capital assets to carry out effective improvements and replacements. Additionally, the Director of Utilities monitors inventory to identify future expansion may arise from the growth and expansion of the City of Amarillo.

Programs of the Director of Utilities Office

Support and Managerial Oversight of Utilities Department **2023/24 Budget — \$837,592 of Budget**

The Director of Utilities is responsible for providing support and managerial oversight for the seven departments within the Water Utilities Department. In early 2016, the Director of Utilities Office staff was integrated with the Engineering Department staff for a reorganization that led to the creation of a Capital Projects and Development Engineering group. At that time, the Director of Utilities retained five staff positions, including Director of Utilities, Assistant Director of Utilities, Program Manager, Office Administrator, and Administrative Assistant I.

In 2023, a structured reorganization was implemented, leading to the creation of a core management team. As of today, the Director of Utilities staff consists of the Director of Utilities, Assistant Director of Utilities O&M Engineer, Assistant Director of Utilities Regulatory Compliance, Utilities Business Administrator, The Asset Management Program Manager and the Utility analyst. The Director of the Utilities office also provides support for the Utility HR Generalist and the Utility Safety Officer.

Mission

Protecting public health in accordance with federal and state laws governing water quality. Our focus is to provide a constant supply of high-quality, low-cost water that satisfies the ever-changing demands of our customers.

Goals and Objectives

As a major city situated in the High Plains of Texas, a safe and reliable water supply has always been and will continue to be central to Amarillo’s viability, economy, and quality of life. Extreme weather patterns over the last decade have forced a recalibration of “normal” and have intensified reliance on groundwater sources. In response to these factors combined with Amarillo’s growing population, economy, and many other competing needs, the City of Amarillo is working with engineers, the Texas Water Development Board (TWDB), and the Texas Commission on Environmental Quality (TCEQ) to develop and implement its most proactive and comprehensive water system plan in this city’s history to fully integrate supply, transmission, treatment, storage, and distribution.

Amarillo has developed a fiscally responsible vision and roadmap for the future by considering the current and future demands on the water system from its residents, commercial interests, and firefighting protocols. This will be a readily adaptable plan that will be used as a basis to match priorities and financial constraints, addressing known issues, growth patterns, regulatory changes, and aging infrastructure.

Customer service is primarily directed through system improvements in water quality, especially pressure and quantity requirements. In addition, Water Production performs community engagement by taking complaint calls and solving issues in the distribution system including main breaks, sewer back-ups, disconnected services, and general utility inquiries. All calls taken are met with courtesy and professionalism. Water Production is also involved with the city’s conservation efforts with Every Drop Counts campaign. The staff works at multiple events each year to promote community awareness and education on water production and water conservation topics. We have expanded our outreach efforts through brochures, website communications, media campaigns, and taking the information into the local high-school classrooms. The staff of the Osage plant conducts educational plant tours for school groups of all ages throughout the year.

During the current budget year, projects were designed and completed to increase water quality and production capacity. The Department is dedicated to increasing security measures throughout our infrastructure, increasing well field production, and increasingly utilizing more of our source water allocation. Projects have been implemented to meet long-range customer demands. Water Production continues to take steps to increase the Treatment Plant rating capacity to 70 million gallons per day. Going forward, upgrades are scheduled for all chemical application processes. The addition of air-scour equipment will further enhance filter backwashing and save water loss in the treatment process. Programs have been initiated to pool utility resources to improve the working conditions and safety of our staff.

Mission

Provide consumers with safe and reliable water services at the lowest reasonable rates that are consistent with sound business practices. To provide reliable, high-quality water service while meeting customer demand and to manage departmental resources in an open and responsible manner at the lowest practical cost.

Goals & Objectives

Water Distribution is responsible for the maintenance and repair of the water distribution system which consists of 1202.48 miles of water main ranging from 2” to 48”, 5,102 fire hydrants, 19,039 valves, and 85,160 service connections. Water Distribution implements the industry’s best practices to rehabilitate infrastructure and sets high customer service goals when working with internal and external sources. The city added a crew and equipment in the 2014/15, and 2015/16 budgets to concentrate on 2” water line replacements. Utilities has started a new Water Master Plan study which will evaluate the increasing demands put on the distribution system.

Mission

To operate the wastewater collection system in a customer service-oriented, financially sound, and efficient manner. To maintain the collection system in such a manner as to meet or exceed established regulatory water quality standards in compliance with state and federal discharge permits. To protect the public from potential diseases by properly collecting and transporting sewage to treatment facilities while providing community-wide accessibility.

Strategic Approach

Responsible for the operation and maintenance of the wastewater collection system which includes 1,027.64 miles of sewer main ranging from 6” to 54”, 13,789 manholes, and 53 lift stations. Wastewater Collection fulfills its mission by proactively and systematically responding to customer calls and gathering data about the system. Wastewater Collection engages in following industry best practices to conduct operations and strives to exceed in customer service. The Wastewater Master Plan was completed in 2013 and produced a Dynamic Planning Tool (DPT). The DPT is a powerful tool to plan long-term infrastructure capital improvements and to plan to meet rapidly changing service area needs while aligning to regulatory and financial requirements. Wastewater Collection will use the DPT to schedule large-scale capital projects and to identify smaller infrastructure projects that can be done within the department’s normal operations.

■ Wastewater Treatment

Mission

Operate the Wastewater Treatment plants to meet federal and state regulations to protect public health and the environment.

Goals & Objectives

The Wastewater Treatment plants prioritize fiscal responsibility, civic pride, and best practices initiatives. The department uses maintenance funding to assess and prioritize repairs or replacements of the current infrastructure. Staff maintain all equipment and facilities at a professional level to enhance the appearance of the community. The department aims to incorporate best practices into all policies and procedures while focusing on providing high-quality effluent. This facility provides a reliable source of effluent water meeting and exceeding contract requirements for industrial cooling. The department promotes the maximum use of reclaimed water and bio-solids while protecting the environment. The Texas Commission on Environmental Quality (TCEQ) is the regulatory agency for water quality. Employees are required to be licensed through rigorous training and testing to ensure that high-quality effluent, that meets state and federal standards.

Mission

Complete regulatory requirements, and provide analytical services needed by many city departments and divisions through an Environmental Quality Division. The mission is collectively one of protection for citizens, the city, and the environment.

Goals & Objectives

The Environmental Lab develops and maintains a professional staff requiring a high degree of integrity, pride, and dedication in their fields of expertise.

The Environmental Lab is active with the Texas Commission on Environmental Quality (TCEQ) National Environmental Laboratory Accreditation Conference (NELAC) Accreditation for bacteriology in place. NELAC requirements set standardized performance measures to ensure data integrity through staff training and approved methods of analysis. A TCEQ-approved Pretreatment Program is maintained to reduce or limit interfering materials from entering the wastewater stream. The Stormwater Quality Program maintains a TCEQ MS4 Permit which is responsible for overseeing numerous industries and the discharge that is created during seasonal rain events. Recently, the new Household Hazardous Waste Program (HHW), was completed and installed. The Laboratory Administration maintains 42 Job Safety Analysis documents for the division.

Operations in the Environmental Laboratory use cutting-edge technology in methods and utilization of complex instruments. The output of this technology ensures the safety of drinking water and various waste management systems. Communication is provided to the public, regulatory agencies, and news media. This division has information available at Amarillo.gov on our Stormwater Quality Program, the Pretreatment Program, the HHW Program, and the Environmental Laboratory. Information includes thorough explanations of the programs and details of how state and federal requirements are integrated into the programs.

Laboratory Administration strives to provide excellent customer service to citizens, city departments and divisions, and private entities. The Lab contributes to economic development by providing active analysis and historical data concerning the quality of drinking water and the status of our wastewater. The Laboratory also provides guidance and data for infrastructure development for Water Treatment, Wastewater Treatment, Stormwater Quality, and Wastewater Collection Systems.

The Lab ensures private industrial waste facilities maintain good housekeeping under their permits which are issued by Laboratory Administration. The Stormwater Quality Program ensures sediment, erosion, and construction debris do not leave construction and industrial sites. These sites have state-required SWP3 plans and are inspected by this program to ensure good housekeeping procedures.

Programs of the Environmental Lab Department

**Administration and Support
2023/24 Budget — \$197,687 of Budget**

This program is responsible for the completion of 30,449 required administrative documents including permits, manifests, laboratory reports, credit card purchases, memos, deposits/cash reports, requisitions, payment vouchers, chemical inventory, and others as required by different work groups.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Budget	2023/24 Budgeted
Administrative documents managed	30,449	31,971	32,610

Environmental Laboratory

2023/24 Budget — \$810,515 of Budget

This program is an in-house Central Laboratory operation. Work includes approximately 65,000 parameter results within 18,000 samples with a commercial value of \$1,904,000 per year. Growth in samples processed currently averages 1.41% per year. We provide high-quality analytical services to all requesting departments and divisions in a timely manner with the lowest possible cost to the city.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Budget	2023/24 Budgeted
Total samples analyzed	17,514	17,760	17,925

Industrial Waste/Pretreatment

2023/24 Budget — \$276,761 of Budget

This program manages 19 significant Industrial Waste Permits. This includes monthly sampling, inspections, permitting, and reporting in a timely and professional manner. We meet or exceed all requirements of the TCEQ approved Pretreatment Program and the permits for both Wastewater Treatment Plants

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Budget	2023/24 Budgeted
Industries managed under permits	19	20	21

Stormwater Quality

2023/24 Budget — \$415,142 of Budget

This program manages 105 regulated industries. The program also monitors all residential and commercial stormwater construction for MS4 compliance. This includes sampling, inspections, and reporting. Operation and maintenance of the state/federal MS4 Permit issued to the city is continual and renews on a five-year cycle. We meet the Stormwater Quality MS4 Permit, the Construction General Permit, and the Industrial General Permit. The primary city playa lakes are also routinely monitored for pollution.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Budget	2023/24 Budgeted
Industries Managed under Permits	250	383	390

Chemical Inventory

2023/24 Budget — \$59,306 of Budget

This program manages 8,849 chemical items for city departments and generates the Texas Tier II Report annually. The Annual Chemical Inventory for city departments and divisions is conducted each year in December. The results of the 121 inventories are checked for accuracy and completeness to support generation of the primary Annual Texas Tier II Report. Interim Tier II Reports may be required at different times during the year. Performance for the Program is measured by time of response, completeness, and accuracy of the data presented to TCEQ. Attempts to reduce and consolidate reporting to items that are notable in their nature as a human health or environmental concern will reduce performance measures totals in the upcoming years.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Budget	2023/24 Budgeted
Total chemical items managed	8,849	6,750	8,900

**NELAC Drinking Water Bacteriology
2023/24 Budget — \$197,687 of Budget**

8,642 drinking water samples are analyzed each year to protect over 250,000 people living in the upper Panhandle Region. We also serve regional bottled water companies. We maintain TCEQ NELAC accreditation for bacteriology and provide the state with all applicable reports in a timely and accurate manner. Growth is projected at 1.41% annually.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Budget	2023/24 Budgeted
Total bacteriology samples processed	9,882	8,764	8,887

**Household Hazardous Waste
2023/24 Budget — \$19,769 of Budget**

This group processes, in a safe and accountable manner, 7,760 pounds of chemical products delivered by residents each year and prepares the required state reporting. Products which are safe for consumer re-use are recycled for the public free of charge. Dangerous or banned products are shipped to a Hazardous Waste Disposal Site.

Mission

Provide for the safe and efficient collection of residential and commercial solid waste within the city limits. The Solid Waste Collection Department ensures the health, safety, and welfare of residents, commercial customers, and employees while acting in compliance with state regulations and Amarillo Municipal Ordinances.

Goals & Objectives

The city Solid Waste Collection Department utilizes a fully automated, containerized trash collection system for the majority of its residential and commercial customers. Residents who have dumpsters in front of their homes, those with dead-end alleys or safety concerns, and some customers currently receiving curbside hand collection are receiving curbside cart collection. Other residents in specific neighborhoods without alleys have curbside hand-pickup collection of their solid waste; however, most will be transitioning to curbside cart collection within this budget year. The city also has a curbside big/bulky collection program as well as a coordinated alley collection program for limbs and big/bulky items. Solid Waste Collections aligns with the City of Amarillo’s strategic pillar of Civic Pride by providing many solid waste collection services for the public in accordance with best practices.

Programs of Solid Waste Collection

Department Administration/Support

2023/24 Budget – \$745,554 of Budget

Administration/Support is responsible for the management of the multi-faceted Solid Waste Collection Department.

Residential Collection Services

2023/24 Budget – \$7,157,319 of Budget

The city provides residential collection using side-load dumpsters, curbside cart collection, as well as curb-side bag collection in neighborhoods without alleys. The automated curbside cart service is for customers with dumpsters in front of their homes, those with dead-end alleys or safety concerns, and some customers who currently receive curbside hand collection.

Each 3-cubic-yard, side-loader dumpster for solid waste disposal, will generally serve three to five households. At present, there are approximately 18,000 of the 3-cubic-yard, side-loader dumpsters serving approximately 63,500 residences within the city limits.

<i>Workload Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Single Family Residential Households– Alley and Street Dumpsters	56,400	56,500	57,000
Single Family Residential Households – Curbside Manual	1,047	600	400
Single Family Residential Households – Curb Cart	6,432	6,432	7,000

Recycling Centers

2023/24 Budget – \$149,111 of Budget

Four Household Collection Sites are cleaned and maintained. The centers accept used motor oil, oil filters, and aluminum cans. The recycling centers are cleaned, and the oil filters are removed at least twice per week by the Chipper Crew.

Big and Bulky Collection Crews and Chipper Crews

2023/24 Budget – \$2,385,773 of Budget

The Curbside Big and Bulky program allows customers to contact the Solid Waste Collection Department to schedule pick-up of big and bulky items from their curb. Once a customer calls Solid Waste, they are given a date to set out their items and the crew collects the items from their curb. The city operates eight Lightning Loader trucks with six crews available to collect the large bulky items. Four Chipper Crews collect brush as well as the big and bulky items within the alleys. This service is primarily driven by citizens' requests. Crews clean the entire alley when responding to a citizen's request. When the Big and Bulky Collection Crews have finished all curbside requests, they divert their efforts to alleys as well.

<i>Performance Measures:</i>	2021/22 Estimated	2022/23 Projected	2023/24 Projected
Alley Cleanup Requests	4,607	5,200	6,000
Alley Cleanup Requests Completed	4,575	5,200	6,000

Brush Sites and Composting

2023/24 Budget – \$447,332 of Budget

The city operates two brush sites for residents to dispose of their tree limbs and brush. The brush and limbs at these two locations are processed and transferred to the compost facility at the City of Amarillo Landfill. The brush sites provide organic material needed for the compost site at the landfill. The compost facility produces quality compost and woodchips is available for residents, this comes from utilizing the materials collected from the city's brush sites to grow this program. The compost site will allow the citizens and businesses of Amarillo to divert waste from the Landfill to the compost site, expanding the life of the Landfill.

<i>Performance Measures:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Total tons diverted from the Landfill (brush sites and brush composted)	2,879	3,500	3,500

*Brush sites do not have scales; these numbers are from the scales located at the landfill.

Dumpster and Cart Paint and Repair Operation

2023/24 Budget – \$1,640,219 of Budget

The Solid Waste Collection Department operates a container repair and painting operation.

<i>Performance Measures:</i>	2021/22 Estimated	2022/23 Projected	2023/24 Projected
Dumpster Service Requests	4,607	3,902	4,000

SOLID WASTE COLLECTION (1431)

2023/24 Budget

Commercial Collection Services

2023/24 Budget – \$2,385,773 of Budget

Commercial Collection Services serve approximately 3,600 business customers using either 8-cubic-yard front-loading containers or 3-cubic-yard side loading dumpsters. Smaller businesses and apartment complexes utilize the smaller 3-cubic-yard side-loading containers. Due to very competitive pricing from private commercial haulers with three-year term contracts and national chain service agreements, the commercial collection service has seen a decrease in customers and service from past years.

Mission

Provide for the safe and environmentally efficient processing, transportation, compaction, and daily cover of the waste at the Transfer Station, and Landfill operations in compliance with federal, state, and local permit regulations. The Landfill accepts solid waste and debris from the Transfer Station, other municipal departments, commercial contract haulers, contractors, private citizens, and neighboring communities.

Solid Waste Disposal aligns with the City of Amarillo's pillars in utilizing Best Practices, and providing excellent Customer Service while always utilizing Safety first to improve the safety of the employees and citizens that utilize the Transfer Station and Landfill.

Goals & Objectives

The Solid Waste Disposal department operates a Transfer Station that receives the refuse from commercial and residential collection vehicles. The Transfer Station is centrally located within the city limits of Amarillo, at the City Service Center, and reduces the overall transportation costs of hauling refuse to the Landfill. The Landfill strategic approach is to maintain compliance with federal and state environmental laws while serving the needs of the citizens of Amarillo through efficient waste disposal.

Solid Waste Disposal aligns with the City of Amarillo's strategic pillars of Civic Pride and Customer Service.

Programs of Solid Waste Disposal

Transfer Station

2023/24 Budget — \$2,059,798 of Budget

The Transfer Station provides a central location to efficiently transfer refuse from the collection routes to the Landfill for disposal.

To improve safety, a traffic signal was installed at the entrance of the Transfer Station to inform drivers of when it is safe to enter. This prevents too many drivers from entering at once, which creates an unsafe environment on the floor.

Landfill

2023/24 Budget — \$3,661,862 of Budget

The Landfill weighs the incoming refuse, and compacts and covers all incoming debris daily. The Landfill recycles appliances, miscellaneous metals, used tires, etc. The facility must collect air samples, groundwater samples, surface water run-off samples, and water well samples to assure compliance with federal, state, and local permit operating regulations. The Amarillo Landfill has an expected life of approximately another 120 Years.

Solid Waste is actively pursuing ways to reduce, reuse and recycle to expand the Landfill's lifespan. One such effort is the composting site located at the landfill. The compost facility produces quality compost and woodchips is available for residents, this comes from utilizing the materials collected from the city's brush sites to grow this program. The compost site allows citizens and businesses of Amarillo to divert waste from the Landfill to the compost site, expanding the life of the Landfill.

A tire-shredding program is now being utilized at the Landfill. The Landfill receives approximately 500 tires a month. Prior to disposal, the tires are shredded two to three days out of the week. Approximately 50 - 150 tires are shredded per week. Once the tires are shredded the tire chips are placed in the Landfill, reducing the amount of space consumed. A decrease is expected due to the advertising of alternative tire disposal methods.

SOLID WASTE DISPOSAL (1432)

2023/24 Budget

<i>Workload Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Number of Incoming Loads	60,438	59,662	59,850
Tons of Solid Waste Received	256,704	284,000	295,000
Used Tires Brought to Landfill (From Public and Transfer Station)	1,075	750	500

Solid Waste Disposal is going to increase our compaction rate which will save valuable space at the Landfill by compacting more waste into a smaller space. Implementation of a new compaction technique will reduce overall soil use and extend the life of the landfill.

Mission

Work cooperatively to provide the community with a safe and efficient drainage system while serving customers in a respectful, courteous, and responsive manner.

Goals and Objectives

The Drainage Utility department is entering its eighth year of operating and maintaining the City’s drainage system. The Drainage Utility supports the goals and initiatives set out by the City of Amarillo’s initiatives by maintaining the City’s stormwater drainage infrastructure.

The Drainage Utility division utilizes best practices to serve customers safely and efficiently. Services include customer billing assistance, street sweeping, inspection, inventory management, cleaning, rehabilitation, and repairing all municipal drainage infrastructure, including concrete channels, gutters, outfalls, inlets, culverts, storm pipes, open channels, stormwater pumps, and playa lakes.

The principal guidance documents that aid in the department’s planning and operations are the City of Amarillo Drainage Utility Study (June 2019), the Martin Road Lake Storm Water Master Plan (November 2013), the Tee Anchor Drainage Master Plan (July 2014), the Storm Water Management Master Plan (April 1993), and the Storm Water Management Criteria Manual (April 1995).

Programs

Drainage Utility Administration/Support 2023/24 Budget - \$910,248 of Budget

Provide administration and support to the drainage utility system through infrastructure planning, implementing best practices, and utilizing the city’s safety programs.

<i>Workload Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Number of service requests processed	414	430	450

Drainage Utility Fee Maintenance 2023/24 Budget - \$350,095 of Budget

Maintain and adjust the customer database for billing as changes occur on service properties in keeping with best practices. Revenues for the Drainage Utility are provided through the fees billed to approximately 73,000 drainage utility accounts.

<i>Workload Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Drainage Utility Bills Inquiries	1,680	1,780	1,880

Drainage Infrastructure and Maintenance 2023/24 Budget - \$4,341,181 of Budget

Meet the infrastructure planning, safety programs, civic pride, and best practices initiatives of the City of Amarillo by inspecting, maintaining, and repairing the drainage system. Maintain the drainage system for operational efficiency and provide for the safest transport and removal of storm waters.

■ Division Administration and Support

Mission

Understand the needs of our community and provide a high level of customer service. Focus on proactively engaging and communicating with our customers so that we can provide timely, efficient, and exceptional services to all that we encounter.

Goals & Objectives

The primary function of the Public Works Department is to provide administrative support and managerial direction to the five departments within the Public Works department, which are: Drainage Utility, Fleet Services, Solid Waste Collection & Disposal, Streets Services, and Traffic. The Public Works department provides coordination, operational direction, and administrative support to these departments. These responsibilities include strategic planning, program coordination, contract management, quality, safety, and environmental systems, community outreach, and budget management. These functions are accomplished through the department’s singular program of Administration & Support Services.

Mission

Facilitate safe, well-planned community improvements. The Department acts with integrity, accountability, and transparency to provide the highest level of service for the production of well-planned, well-designed, safe, lasting, and useful infrastructure.

Goals & Objectives

CP&D Engineering is a full-service department made up of a team of professionals in the fields of surveying, drafting, GIS, project management, construction inspection, engineering, and administration.

CP&D Engineering provides Customer Service to the citizens of Amarillo, engineering services to other city departments, and regulatory oversight to private development. The department commits to the health, public safety, and welfare of the general population by ensuring compliance with laws and regulations governing the design and construction of public drinking water production and supply systems; public wastewater collection, treatment, and disposal systems; public stormwater infrastructure; public solid waste disposal systems; and the public right-of-way.

CP&D Engineering contributes to the overall efforts of the city’s Economic Development and Redevelopment initiative as well as the Civic Pride initiative by planning, designing, and constructing projects such as the Annual Arterial Reconstruction, Annual Sidewalk Replacement, 2-inch Water Main Replacement, and Sewer Main Pipe Bursting as well as projects identified in the various Neighborhood Plans. CP&D Engineering embodies the Fiscal Responsibility initiative by initiating and evaluating the success of a multi-year citywide infrastructure plan—Community Investment Program (CIP). The CIP focuses on infrastructure planning, design, and construction utilizing best practices. That plan includes collecting and evaluating statistical data and maintaining licensed and certified design and project management staff to make recommendations on the maintenance, expansion, and funding of the infrastructure needs of the community.

CP&D Engineering strives for Excellence in Communication with the public, contractors, and private development partners. CP&D Engineering provides a safe work environment that encourages the growth of loyal employees who respect each other. The department holds the highest ethical standards and performs in ways that earn the trust of others by acknowledging that decisions affect all residents of Amarillo. The department was created in the 2015/16 fiscal year by combining the engineering functions from the Utilities and Engineering departments.

Mission

The mission of the Planning Department is to enhance the quality of life for Amarillo citizens by providing services that encourage quality growth, development, and redevelopment in all areas within the city and its extraterritorial jurisdiction. The Planning Department accomplishes this through concentrated efforts related to short- and long-range planning principles, land use controls, and development review practices. Additionally, the department includes staff dedicated to economic development who work to enhance and expand the City's tax base and community's quality of life while supporting other partners that focus on job retention/creation, workforce development, business support, and entrepreneurship.

Goals & Objectives

The Planning Department provides professional planning advice and information to the City Council, Planning and Zoning Commission, other development-related boards/committees, residents, landowners, and the development community, with the goal of enhancing the quality of life and the built environment within the City of Amarillo. The department strives to balance physical, social, and economic interests to achieve a built form that will benefit both the present and future residents of the community. Public engagement and citizen input is essential to achieving successful outcomes. The department's work is organized by the following three focus areas: Long-Range and Neighborhood Planning, Current Planning, and Economic Development.

The Long-Range and Neighborhood Planning program is guided by goals and objectives provided by Amarillo's Comprehensive Plan and adopted neighborhood plans. The Comprehensive Plan's goals and objectives relate to Growth Management and Capacity, Land Use and Community Character, Housing and Neighborhoods, Parks and Cultural Resources, and Community Mobility and Infrastructure. The adopted neighborhood plans' goals and objectives relate to economic development and redevelopment, infrastructure, history and culture, community building, health, and safety.

The Planning Department is currently updating the 2010 Comprehensive Plan to realign land use policy with the community's vision for future growth and development through *City Plan – Vision 2045*. This will ensure the plan addresses community concerns, changing demographics, and other trends affecting how Amarillo grows and develops. The plan's updated vision and goals will then shape a future update to the City's Zoning Ordinance and other development regulations and policies.

Day-to-day, Current Planning activities are accomplished through administering regulations within the zoning, subdivision, and other development-related ordinances.

Economic Development staff within the Planning Department lead the city's efforts for local economic development with an emphasis on enhancing and expanding the city's tax base and community's quality of life. It provides support to the City Manager's Office and the Amarillo Economic Development Corporation as well as other partners such as Center City Main Street with a focus on job retention and creation, workforce development, business support, and entrepreneurship. The department is also responsible for serving as the liaison between the city and its various partners, as well as developing, implementing and maintaining the city's economic development incentive policies and guidelines.

Goals for FY 2023-24 include:

- Completion of a citizen driven process for *City Plan – Vision 2045* and adoption of the final plan by City Council;
- Adoption of an additional neighborhood plan (expected to be Hamlet);
- Further refinement of neighborhood revitalization programs including sidewalk cost-share, Business Improvement Grant, and Neighborhood Empowerment Zones;
- Revision of the zoning and subdivision ordinances for consistency with *City Plan – Vision 2045*; and,
- Excellent customer service related to development application processing that is timely, helpful, and transparent.

Mission

Promotes livability and ensures public health, safety, and welfare in the built environment.

Goals & Objectives

Building Safety fulfills its mission through a compliance approach to service delivery.

Building Safety staff consists of 35 full-time positions. All are dedicated to improving the safety and welfare of citizens and visitors to Amarillo daily.

The department provides a high level of professional service to a wide range of programs and activities focused on health, safety, and quality of life in Amarillo. Mandated activities include compliance and enforcement actions in accordance with applicable local, state, and federal requirements relating to the built environment. Building Safety staff engages with the public to promote compliance before and during development and compliance activities.

The department is also responsible for other programs which improve the quality of life in Amarillo. These include contractor registration, transient business licenses, credit access business licenses, manufactured home/ RV parks, and complaint investigations. The department convenes the following boards and commissions: the Construction Advisory and Appeals Commission and the Condemnation Appeals Commission.

Programs of the Building Safety Department

Building Safety and Support

2023/24 Budget — \$497,757 of Budget

Measurable improvement in services provided to the community includes shorter construction plan review turn-around and permitting times; focus on quality inspections; and community engagement and preservation. The Building Safety department has a continued focus on widespread cross-training/staff development, SOPs, and workflow diagrams. Currently, Building Safety has completed approximately 175 SOPs. Building Safety is also concerned with improving citizen access to information regarding services. This information is provided using a website, informational bulletins, and outreach activities. The implementation of new departmental software in April 2023 will further improve the customer service mission and efficiency of the department.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
% of code-certified plan reviewers and inspectors	50%	60%	70%

Plan Review and Permit Issuance: Permit Intake, Plan Review, and Process Management

2023/24 Budget — \$1,315,502 of Budget

Permit Intake, Plan Review, and Process Management strive to reduce and maintain turn-around time through additional training and staff development. Some additional Customer Service initiatives include staff working with high volume builders’ usage of “Master Plans” that, once reviewed and approved, will be archived for re-use. When the builder re-uses an approved master plan, a review is only required for the site conditions. Several other examples of Customer Service initiatives include simplified mobile home applications. This new form reduced the permit process by approximately half an hour. The “Express Plans” (a fill-in-the-blank plan suitable for simple Homeowner projects such as decks, patio covers, and carports) process eliminates the need for multiple visits. The Building Safety department continues to create spreadsheets, white papers, checklists, and user-friendly forms/applications tailored to expedite the permit process.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Permits / plan review	7,000	7,100	7,200
Trade permit issuance (MEP)	6,688	7,000	7,200
Total value of construction permitted	\$499,531,805	\$510,000,000	\$550,000,000
Average calendar days to permit new residential	8	7	7
Average calendar days to permit all commercial	15	15	15

Several customer service initiatives were implemented. The “Master Plan” process allows a builder to submit a catalog of master plans. Those plans only need one structural/life safety review. From then on, the contractor can submit a site plan indicating which master plan will be built which will only require a review of the site. This process expedites the turnaround time to the contractor. The recently developed “Express Plans” are available for simple homeowner projects. This will save our customers from multiple visits and will reduce the time taken for issuance of the permits. In order to improve customer service for the Plan Review team, Building Safety has appointed one staff member who is the point of contact for all residential remodeling projects. The implementation of new departmental software will further expedite and streamline the permitting and plan review process.

Inspection Services: Building/Site Inspection
2023/24 Budget — \$1,742,151 of Budget

Building Safety Inspection Services strives to reduce the number of site visits on projects through cross-training and by expanding the current number of Combination Inspectors. Combination Inspectors can perform multiple inspections per visit allowing contractors to complete their projects ahead of schedule due to all-inclusive site visits. Building Safety currently has two Combination Inspectors and is encouraging more staff to transition to this status.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Cross-Connection Plumbing Inspections (CSI)	2,000	2,100	2,200
Total Inspections	40,304	42,000	45,000

Mission

Reduce or eliminate food, water, and vector-borne illnesses through various environmental health programs with an emphasis on education and community partnerships. Our highly trained staff identify and promote the conditions under which people can live in healthy communities and work to build and maintain positive relationships within the Amarillo Area Public Health District.

Goals & Objectives

The department has an ongoing focus on retention of an appropriately sized and competent workforce. These past two fiscal years have strained our ability to keep pace with economic growth as finding qualified employees and retaining them have been a challenge. To foster development of future Environmental Health professionals, the department has fully implemented an internship program with Amarillo College's Environmental Science group where students shadow our staff while gaining school credit for their coursework. This internship is very popular, and we plan on expanding it in FY23/24. Additionally, the department invests a tremendous amount of time and resources into the development of our Environmental Health professionals making their retention a top priority. Retention of these individuals directly links to department performance and our ability to meet state mandated and internal performance measures.

Within our largest program, Food Hygiene, the department's long-term goal is to meet the FDA's Voluntary National Retail Food Standard #3 for the required number of inspections per facility per year in accordance with a risk-based inspection program. In FY22/23, the department was able to move back into a risk-based inspection model after a five-year hiatus due to economic growth and staffing shortages. This FY staff is excited to collect a full year of data to analyze our efforts and achieve FDA Standard #3 within FY23/24 or FY24/25.

The department continues to improve the use of technology to aid in information sharing with the public and ease of online access. We will continue to focus on growing community and industry partnerships through all our educational programs with a focus on rule review and development for existing and new businesses within the district. Lastly, the department plans to expand our Group Care program this FY by permitting and inspecting Licensed Child-Care and Registered Child-Care homes as authorized by the Texas Department of Health and Human Services.

Mission

Reduce the loss of life and property through prevention, education, and compliance.

Goals & Objectives

The department of the City Marshal is responsible for building and life safety through plan review prior to construction, building inspections during and after construction and thorough investigations of all fire related crimes; and improves the community’s quality of life through education, enforcement, and compliance.

The CMO has 23 full-time positions consisting of five sworn law enforcement officers, four certified civilian employees, seven civilian code investigators, two civilian personnel dedicated to parking enforcement, two civilian personnel dedicated to dangerous structures, and 3 administrative assistants.

The five law enforcement personnel are certified peace officers by the Texas Commission of Law Enforcement. These personnel are also certified as both Fire and Arson Investigators through the Texas Commission of Fire Protection. They investigate fires to determine the origin and cause and proceed with the investigation of any criminal-related fire incidents. They also investigate all fire-related injuries and fatalities.

The City Marshal office aligns with the City’s approach to excellent and expedient customer service and is dedicated to improving the safety and quality of life for our citizens.

City Marshal’s Fire Investigations
2023/24 Budget — \$54,205 of Budget

The CMO Fire Investigation program provides fire origin and cause investigative services as requested by either fire or police.

<i>Performance Measures/Indicators</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Requests for fire investigations	222	165*	170
Percentage of fire investigations resulting in cause determination*	64%	65%	65%

*There has been a 30% decrease in the number of investigation requests by AFD.

City Marshal’s Arson Investigations
2023/24 Budget — \$1,029,893 of Budget

The CMO Arson Investigation program provides fire origin and cause investigative services for the city of Amarillo. Upon determination or probability of criminal offense, investigators initiate and complete a thorough criminal investigation. Investigators present the cases to the respective county office for prosecution and are subject to subpoena for trial. This allows for appropriate compensation and/or the prosecution of alleged arsonists. These officers investigate all fire-related injuries and fatalities. This program also assists other law enforcement agencies with joint operations and conducts any hazardous inspections for the Inspections, Dangerous Structures, and Community Improvement programs.

<i>Performance Measures/Indicators</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Requests for investigative services from	222	165	170
Arson investigations conducted	64	50	50
Percentage of arson cases referred to DA for prosecution	51%	50%	50%

City Marshal’s Plan Review/Inspections
2023/24 Budget — \$542,049 of Budget

The CMO Plan Review & Inspections program works with numerous city departments by attending predevelopment meetings and completing plan reviews of buildings and fire protection systems for commercial construction to ensure compliance with fire and building codes and local ordinances. Building and fire protection system inspections are conducted during and after construction to ensure safe occupancy. Inspections are also completed throughout the year for all state-licensed facilities requiring an inspection, hospitals, schools, hotel/motels, apartment complexes and other buildings as requested.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Requests for service (inspections, plan reviews, permits, etc.)	2,045	2,100	2,200
New construction inspections completed within ten days of request	100%	100%	100%
Plan reviews completed within ten days of receipt	100%	100%	100%

City Marshal’s Community Improvement/Dangerous Structures

2023/24 Budget — \$677,562 of Budget

The CMO is responsible for facilitating the removal of substandard/dangerous structures, junk and debris, overgrown vegetation, junk vehicles and other zoning violations. This is done through inspections and enforcement, problem solving with property owners and the issuance of citations for compliance. The CMO works with the Condemnation Appeals Commission to determine appropriate action for resolutions such as the demolition of dangerous structures.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Community Improvement Inspections	47,488	47,650	48,200

Mission

Serve the public by recording, preserving, and retrieving official and vital public records in a courteous and professional manner while consistently conforming to state and federal law governing these practices. Act in the best interest of the City of Amarillo by providing efficient, innovative, and quality services in a fair and impartial manner to all.

Strategic Approach

The Vital Statistics department strives to perform at a high level and recognizes the need to continuously work to earn the respect of the community. The department also realizes the importance of always welcoming newcomers as well as lifelong residents with information, resources, and a smile.

Vital Statistics works diligently in remaining compliant with state and federal law when distributing vital records. The Vital Statistics division has continued to follow counsel from state representatives in attending the annual conferences for Vital Statistics to maintain awareness of all forthcoming changes. The division’s goal for the upcoming year is to obtain an additional Master Registrar certification to achieve a high level of knowledge to not only continue to meet requirements set forth by the state but also to perform at an exemplary level for our customers as well as for the City of Amarillo.

Within the past year, Vital Statistics has worked towards the overall improvement of the maintenance, issuance, and preservation of all records. This will provide the exemplary customer service that each citizen deserves. The city has invested in upgraded technology to maintain records, as well as moving to a more digital environment. Vital Statistics continues to strengthen skills within Tyler Technologies records software product called Eagle and the new Texas Electronic Vital Events Registrar (TxEVER) program. The program is a new registration system that replaced the legacy Texas Electronic Registrar (TER) systems. This new system has led the State of Texas to becoming one of the first states to embrace a fully integrated vital records system. The TxEVER system went live on January 1, 2019, to support all vital events operations, including reporting, registration, and amendments of births and deaths.

The City of Amarillo Vital Statistics Department continues to manage online features through Permittium, which is a management, application, and processing software that allows customers to request birth and death records online. Customers submit their application and pay online, queued to be reviewed by departmental staff, and either approve or deny the request. If the request is approved, documents are prepared and sent according to the customer’s mailing. This feature has been in production for a short time, but we have achieved great results with customer certificate needs.

Birth Records

2023/24 Budget — \$103,505 of Budget

Assist the community in providing certified copies of birth records within the State of Texas and providing documents needed to obtain out-of-state birth records. There are many different methods by which the Vital Statistics division receives and distributes these records. Functions consist of certifying homebirth records, issuing amendments on birth records, completing acknowledgment of paternity requests, and helping the county and state agencies with requests—all in compliance with state and federal regulations.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected

Qualified Applicant Determination

2023/24 Budget — \$51,752 of Budget

Verify birth and death records are only distributed to qualified applicants. Under Texas Law, birth records are confidential for seventy-five years and death records are confidential for twenty-five years and can be obtained only by qualified applicants. A qualified applicant is defined as the registrant, or immediate family member either by blood or marriage, his or her guardian, or his or her legal representative. Local, state, and federal law enforcement or governmental agencies and other persons may be designated as properly qualified applicants by demonstrating a direct and tangible interest in the record when information in the record is necessary to implement a statutory provision or to protect a personal legal property right. A properly qualified applicant also may be any person who has submitted an application for a request to release personal information and has been approved as outlined in the Health and Safety Code, Section 181.11, relating to requests for Personal Data.

Mission

Committed to improving the community, alleviating poverty, and finding lasting solutions to homelessness.

Goals & Objectives

Community Development is focused on three components to assist the Amarillo community in the goal to combat poverty and homelessness which includes housing, administration of federal and state entitlement grant programs, and homeless services.

Community Development actively participates in the city’s goals to reduce poverty, slum, and blight.

Programs of the Community Development Department

Housing

2023/24 Budget — \$12,439,326 of Budget

According to the 2023 World Population Review, the average household income in Amarillo is \$71,120 with a poverty rate of 19.69%. Cost burden (paying more than 30% of household income on housing expenses) and severe cost burden (paying more than 50% of household income on housing expenses) are major challenges for many households in Amarillo. These issues place low-income households at risk of losing their housing with only one emergency or unexpected costly event.

Amarillo’s Housing program was established to provide safe, decent, and sanitary housing for eligible low-income families, while ensuring rents are reasonable and fair.

<i>Program Allocations:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Proposed

Entitlements (HOME & CDBG)

2023/24 Budget — \$3,191,431 of Budget

Entitlement programs include CDBG (Community Development Block Grant) and HOME Investment Partnership programs. In addition to the cost burden experienced by low-income households, ensuring safe housing that is in good repair is another demonstrated need in Amarillo. Nearly 65% percent of the total housing units were built prior to 1980, creating a need for rehabilitation of some units along with the construction of new, decent, and affordable units for low-income families.

Community Development CDBG funds housing rehabilitation and emergency repair programs that work with the elderly, disabled and other low-income populations, to provide home repair or rehabilitation to help them remain in their homes. This program also provides for needed demolition and clearance projects along with a variety of public services. HOME funding provides rental assistance to low-income households and provides funding assistance in the construction of new housing to meet the need of improved and updated, affordable housing units for low-income residents. Both programs contribute to the reduction of poverty, slum, and blight in Amarillo.

Homeless Services (CoC, HMIS, ESG, & Coming Home, PREP Academy) 2023/24 Budget — \$2,502,372 of Budget

The 2023 Point in Time count, which is a 24-hour snapshot of homelessness, revealed that Amarillo had 692 individuals experiencing homelessness on a single night in our community. This number was an increase of 153 individuals from the 2022 count. The concerning number revealed in the 2023 Point in Time count was the 421 unsheltered individuals who were living in tents, cars, on the streets, or other places not meant for habitation. For the past few years, the number of unsheltered homeless individuals continues to grow. Community Development has partnered with the nonprofit, Transformation Park, in the planning and implementation of a low-barrier day and night shelter to provide a safe, dignified place to help people move from homelessness to permanent housing.

The Continuum of Care (C.O.C.) is a collaboration of all homeless service providers in the city of Amarillo. The C.O.C. is charged with developing a community plan to organize and deliver housing and services to meet the specific needs of people who are homeless as they move to stable housing and maximize self-sufficiency. The Community Development Department is the lead agency and collaborative applicant responsible for the C.O.C.. The mission of the C.O.C. is to build a stronger community through collaborative solutions to ensure homelessness is rare, brief, and nonrecurring.

Another key component is the management of the Homeless Management Information System (H.M.I.S.). HMIS is a locally administered, electronic data collection system that stores information about persons who access the homeless service systems in a Continuum of Care. It is very important for the C.O.C. to collect and share this data to strengthen the collaborative effort to end homelessness.

The Coming Home program is a Permanent Supportive Housing (PSH) program model, adopted to assist those experiencing chronic homelessness in Amarillo. Since November 2018, the Coming Home program has assisted hundreds of individuals that were identified as experiencing homelessness. The Coming Home program has a success rate of over 85% in the effort to keep program participants stably housed and participating in the program.

The Emergency Solutions Grant (E.S.G.) program is a competitive grant provided by Texas Department of Housing and Community Affairs (TDHCA). This grant provides services necessary to help persons that are homeless or at risk of becoming homeless. Specifically, this grant assists Amarillo through homeless outreach, rapid re-housing and homelessness prevention. Quickly identifying individuals and addressing their housing needs is key to the success of this program and successful outcomes for those being served in the community.

2023/24 Budget

The Peer Reintegration Employment Partnership (P.R.E.P.) Academy is a project to employ recently homeless citizens of Amarillo. Peer support specialists work alongside these employees to help beautify Amarillo by picking up trash and reintegrating workers into the workforce through training, education, and support. Each program and system work cooperatively to combat homelessness in Amarillo.

Mission

Promoting and protecting health while preventing disease with integrity and compassion for our community.

Vision

We believe in equitable health for all.

Goals and Objectives

Public Health funding comes from the Amarillo Hospital District, which supports activities not funded through grants from Federal, State and local partners.

The department works with the Texas Department of State Health Services to implement budgets, work plans, and deliverables for more than 20 grants. Private granting agencies supported one grant this year with the potential for additional grants in the future. The department utilizes each of these funding sources to carry out Texas state law and local ordinances, using innovative approaches to protect the public health of our community. Community needs are identified through the Community Health Assessment and Community Health Improvement Plan, which is completed on a 3 to 5-year cycle. Amarillo Public Health will begin a new cycle of community health assessment in 2023-2024.

In addition to fiscal support from the Amarillo Hospital District and grants, the department receives fees for certain services provided. These fees have remained very low to balance the needs of the department and the clients we serve.

Programs of Amarillo Public Health

Administration/Support

2023/24 Budget — \$914,719 of Budget

Public Health Administration provides oversight for daily operations and support for department activities and a team of 85 public health professionals working in 24+ grants.

The Director of Public Health serves as the Director for Amarillo Area Public Health District. In early 2019, the Amarillo Area Public District welcomed four new member jurisdictions, Timbercreek Canyon, Lake Tanglewood, Bishop Hills, and Palisades. The Cooperative Agreement was updated in 2019 and again in 2023.

Communicable Disease

2023/24 Budget — \$582,094 of Budget

The Communicable Disease Program conducts disease surveillance and epidemiology, interfaces with hospitals and other providers, and provides community education. There are 88+ conditions in Texas notifiable to the Amarillo Public Health. During any given year, approximately 45+ of the 88 conditions are reported. Communicable Disease staff follow up with each report to ensure the safety of both individual patients and the public, ensure appropriate treatment of patients and contacts, and identify and respond to outbreaks. Communicable Disease staff are actively involved in the community and are the lead agency for PanIC, the Panhandle Infection Control group.

The Communicable Disease team was integral in the COVID-19 response. They maintained data reporting systems, launched the city's COVID dashboard, and oversaw the data entry of tens of thousands of patient records.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected

Immunization

2023/24 Budget — \$1,330,500 of Budget

The immunization team provides adult and childhood immunizations through the mobile clinic and fixed location, conducts immunization outreach, community education and conducts school/daycare compliance assessments. Target areas for the mobile clinic include shelters, low-income housing, community events, and community centers. Success from these events is often recognized years later when the patient returns to school or obtains employment. Vaccines provided through public health clinics include Hepatitis B, Rotavirus, DTaP, Hemophilus influenzae type B (HIB), Pneumococcal conjugate and polysaccharide, Polio, Flu, MMR, Chickenpox, Hepatitis A, HPV, Meningococcal ACWY and B, Tdap, Td, Zoster, COVID, and rabies – a menu of 19 vaccines.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Patients seen	14,354	12,533	10,000
Vaccines given	20,581	18,181	15,000

Reported October – September

Refugee Health

2023/24 Budget — \$831,562 of Budget

The Refugee Health team provides health screenings for primary refugees within 90 days of arrival including TB skin testing, medical history, physical assessment, and necessary referrals for medical care. Follow-up immunizations for primary and secondary refugees, assistance with green card paperwork (medical portion), and community education are important components of this program.

2018-2021 travel bans and reduced Presidential determinations affected refugee resettlement; consequently, secondary resettlement was directly affected. The department has welcomed an increase in clients to health screening clinic since 2022.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
VOLAG capacity for Primary Refugee arrival	350	400	400

Reported October –September

Tuberculosis/Hansen’s Control

2023/24 Budget — \$831,562 of Budget

The Tuberculosis Control team provides treatment of active cases and contact investigation, treatment of latent cases, TB testing for the public and community education. In 2017, the department opened the first Hansen’s clinic in the Panhandle of Texas and in 2018 obtained funding through DSHS via a grant opportunity. Through the Hansen’s clinic, staff provide case management and medication management for Hansen’s patients from a variety of backgrounds.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
TB skin tests placed	400	500	500

Reported October –September

STD/HIV Prevention and Treatment

2023/24 Budget — \$2,162,062 of Budget

The STD/HIV team provides an STD clinic and treatment, disease intervention and contact investigation, HIV outreach, and community education. Increased testing to targeted, high-risk populations continue as well as enhanced partner elicitation and increased education. Through contact investigation, a dangerous trend in meeting sexual partners has been identified. The use of dating apps to find anonymous sexual partners is used frequently--as is the practice of unprotected sex. Advertising and education on Facebook and other social media platforms have been tools implemented along with traditional methods of outreach. STD/HIV staff have worked diligently to increase testing, treatment, and education – by looking for disease, our department is finding it and working to eliminate it.

<i>Performance Measures/Indicators:</i>	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Patients seen in STD clinic	550	1,200	1,300
Patients tested through HIV Outreach	1,275	1,500	1,600

Testing numbers reported October - September

Public Health Preparedness

2023/24 Budget — \$415,781 of Budget

The Public Health Preparedness team conducts all-hazards preparedness, collaborates with community partners in planning, response, and evaluation, and provides community education. This team collaborates with city, State, and Federal partners in planning and conducting a wide range of exercises from tabletop to full scale.

Public Health Promotions

2023/24 Budget — \$582,094 of Budget

The public health promotions program continues to evolve as funding becomes available through grant opportunities. In April 2018, the department was awarded a Healthy Texas Mothers and Babies grant to reduce low birth weight and preterm births in Potter and Randall Counties. Through community collaboration, community assessment, and strategic planning, Healthy People 2020 goals are the target. In April 2020, the department was also approved to participate in the Community and Clinical Health Bridge grant. This opportunity provides funding for obesity and chronic disease-related conditions in Potter and Randall Counties.

In the spring of 2019, a need for safe sleep accommodations was identified for babies in our local homeless shelters. Through collaboration with APD’s CIT program, Amarillo Public Health is accepting donations to purchase cribs for kids and is looking forward to additional grant dollars to expand the program. Due to COVID-19, the car seat program was suspended in mid-March 2020. This program was quickly re-established as the need was identified as a priority during the pandemic.

Working with the Harrington Cancer and Health Foundation, the department was awarded a grant for a Safe Kids Program to include a Safe Kids Program Manager and Community Health Worker. This program will focus on the prevention of unintentional injuries in children by building a coalition and providing action around unintentional injury prevention. This team will serve as the action arm of the Panhandle Child Fatality Review Team.

	2021/22 Actual	2022/23 Estimated	2023/24 Projected
Number of car seats inspected	50	50	75
Number of car new seats installed	85	175	200
Number of cribs provided to families	50	100	100

Health Informatics

2023/24 Budget — \$582,094 of Budget

Health Informatics is a growing field in healthcare, including electronic medical records, health information exchange, billing, HIPAA privacy and security, provider credentialing, staff development and training, data analysis, and quality improvement. The Health Informatics team:

- Coordinates the electronic medical record efforts for the department. Serves as backup to the Local Responsible Party for information privacy and security.
- Establishes and oversees billing practices.
- Maintains pharmacy license and CLIA certification for the department; and
- Provides staff onboarding and coordinates LMS.
- Coordinates the performance of program evaluations/quality assurance for the department.
- The health informatics team supports the department with logistics support, IT training, administrative support, and data analysis and communication support.

COVID-19 Response

2023/24 Budget — \$83,156 of Budget

Amarillo Public Health stood ready to respond to the COVID-19 pandemic with the first case in the Potter/Randall area occurring on March 18, 2020. With a full-time staff of 40 public health professionals, contact tracing, patient monitoring, and other response-related activities began after about a month of planning. Public Health staff split into teams according to their strengths: the TB team conducted contact tracing, the immunization team began patient monitoring, and our Director of Nursing provided medical consultations. It became clear that 40 team members were not sufficient. We began hiring temporary staffing to fill the gap.

Since the first case, the department has organized and developed systems to respond to and report tens of thousands of cases of COVID-19. We have moved to 9 different locations throughout the city as space and

needs require. We stood up multiple call centers to respond to the needs of our community answering hundreds of thousands of phone calls. We provided life-saving vaccines and infusions in the most expedient and caring way. We participated in weekly press events to communicate with the community and keep everyone up to date. The team developed these systems from the ground up with the expertise that public health professionals use every day.

We are thankful for all the Angel Nurses, Phrayse Interpreters, Texas Workforce Solutions and Express Staffing employees, Potter and Randall County Sheriff's offices Amarillo Fire Department and Amarillo Police Department, as well as all the employees from other City of Amarillo departments who have joined our team during this response.

Mission

Safeguard the health of low- and moderate-income women, infants, and children (up to age five) who are at nutritional risk by providing nutritious foods to supplement diets, information on healthy eating, and referrals to health care.

Strategic Approach

The mission and role of the WIC Nutrition program serves low- and moderate-income families, provides health screenings, nutritious foods to supplement their diets, and referrals to health care and social service agencies. Participation in the WIC program is associated with a reduction in the number of poor birth outcomes and a reduction in the amount spent on Medicaid costs. Participation in the WIC program supports cognitive development, helping children to enter kindergarten ready to learn.

The WIC Nutrition Program is federally funded by USDA through a grant to the State of Texas. The state administers the program and contracts with the City of Amarillo to provide services in accordance with state and federal guidelines. The WIC Nutrition Program delivers the highest quality services with integrity and with respect to the WIC-eligible population. The department serves an average of 5,715 participants per month or 68,580 participants per year. The department has an operating budget of \$2.5 million. Additionally, the department oversees \$5.1 million in food benefit issuances.

There are two major types of nutrition risks recognized for WIC eligibility: medically based risks such as anemia, underweight, history of pregnancy complications, or poor pregnancy outcomes; and dietary risks, such as inappropriate nutrition/feeding practices or failure to meet the current Dietary Guidelines for Americans. Women, infants, and children at nutrition risk have a much greater risk of experiencing health problems.

Programs of the WIC Department

Administration

2023/24 Budget — \$734,821 of Budget

This program provides the administrative expertise for the administration of all aspects of the WIC Nutrition Program in accordance with federal and state regulations and internal policies and procedures.

Education

2023/24 Budget — \$898,114 of Budget

This program is responsible for delivering nutrition education to participants enrolled in the WIC Nutrition Program according to state and federal regulations. The Nutrition Education section transformed Nutrition Education from an in-person event to providing Nutrition Education via telephone and Zoom effective March 2020 in response to the COVID-19 pandemic. Risk assessment and individual counseling as a component of the certification process has been conducted with 100% of the participants certified for the program via telephone. WIC participants have also been able to participate in Nutrition Education classes that are provided on-line and available 24/7 to accommodate various schedules. WC participants complete the quiz at the end of each class and obtain a code to provide the WIC office to receive credit for the class. In-person classes have also been provided via telephone sessions for those individuals who wish to complete their nutrition education in this manner. Beginning in December 2020, Cooking Classes via Zoom were added to the options that WIC participants can select from for their nutrition education. The Zoom cooking classes have been very popular with over 1450 WIC participants and family members participating in these classes since they were started.

Breastfeeding Education

2023/24 Budget — \$217,725 of Budget

This program is responsible for providing breastfeeding information, education, and support to pregnant women and breastfeeding women enrolled in the WIC Nutrition Program, as well as those in the general public requesting such. Services are provided by Breastfeeding Educators, Lactation Consultants, and Peer Counselors.

Client Services

2023/24 Budget — \$870,899 of Budget

This program provides support for the delivery of services to WIC participants in the most efficient, timely, accurate, professional, and pleasant manner possible. These support services include performing anthropometric body measurements and plotting results on growth grids; assessing eligibility for the program based on financial, residency, medical/nutritional factors; computer data entry of participant information; issuance of program benefits; scheduling certification and nutrition education appointments; copying/reproduction of materials; filing; and telephone and reception activities. In March of 2020, this department transitioned overnight from providing in-person services to providing modified curbside services where WIC participants utilize a secure link to upload identification, residency, and income documents. WIC staff then discuss individual circumstances with the participant over the telephone to evaluate and determine residency and financial eligibility. Nutrition staff complete the nutrition evaluation, counseling, and certification. An appointment is given for the participant to come to the WIC office and have food benefits loaded on their WIC electronic benefit card utilizing protective measures and social distancing. This has continued to be the way services have been delivered through 2021 and the first half of 2022.

The COVID-19 pandemic had a severe impact on the overall caseload for the department, creating a 20% drop in caseload from Jan. 2020 to March 2021. The drop in caseload is attributed to Amarillo being a hot spot early in the pandemic and WIC participants deciding to stay home rather than come to their WIC appointments to avoid infection, the high hospitalization rate in Amarillo from August 2020 through February 2021 and again from July of 2021 through January of 2022; the temporary 25% increase in SNAP benefits from March of 2020 through September of 2021 which then became a permanent increase effective October 2021, the issuance of three stimulus checks along with early advances on the child tax credit that people received, and a reduction in birth rates. The department remains optimistic that the caseload will return once the effects of the pandemic subside.

Mission

To promote and facilitate the development of quality neighborhoods that enhance the community's appearance.

Strategic Approach

Public Improvement Districts (PIDs) were established to provide for the installation and maintenance of certain amenities and common areas including hardscape and greenscape features that enhance the neighborhood by providing recreational and aesthetic-related improvements.

A five-year service plan that defines the annual budget and individual assessments for each PID as well as providing a 5-year expense/revenue projection is approved annually by the respective PID Advisory Board and City Council. Each PID is fully funded by assessments and does not require city funding.

Programs of the Public Improvement District

Greenways

2023/24 Budget — \$904,337 of Budget

Established in 1995, Greenways was the first PID established in Amarillo. Landscaped parkways and common areas, which include hardscape features, are some of the improvements within the Greenways. The Greenways PID has developed a linear park system that contains approximately 29 acres. The park-like setting meanders throughout the development, interconnecting the home sites with a linear parkway. Trees and shrubs have been added to enhance the park's large expanse of irrigated turf. The park contains over a mile of walking/jogging trails for the use and enjoyment of all users. Utilizing grant dollars from the State of Texas Parks and Wildlife Department, the city constructed a natural setting city park with soccer fields and other recreational type amenities in what was previously an undeveloped playa lake. The city maintains this "playa park". The assessments for the Greenways PID are necessary to fund the maintenance and administrative costs associated with the PID improvements, debt service, and reserve.

The Greenways PID has a five-member advisory Board. Per the terms of the Greenways PID petition, three board member positions are homeowners and two are suggested for approval by the developer.

Pinnacle

2023/24 Budget — \$76,090 of Budget

Established in 2017, the Pinnacle PID encompasses approximately 510 acres of land and is in south Amarillo. The Pinnacle PID contains residentially developed properties. The Pinnacle PID is a multi-phased development and will be subject to developer reimbursements for portions of the improvements. Since the proposed services are in addition to the standard level of service provided by the city, the property owners within the Pinnacle PID will be assessed for the cost of care and maintenance. Per the approved petition that established the PID, assessments will be collected on the platted portions of the Pinnacle PID beginning in FY 2020/21. The assessments for the Pinnacle PID are necessary to fund the maintenance and administrative costs associated with the PID improvements, debt service, and reserves. Improvements such as landscaped medians, entryway features, and specialty lighting will be installed, dedicated, accepted, and are subject to being maintained by the PID assessments. Current administrative expenses due prior to assessments being collected will be paid by the developer/property owner.

The Pinnacle PID will establish an initial three-member advisory board. Once more than 100 lots are sold, the advisory board will expand to five members. Per the terms of the Pinnacle PID petition, the initial three-member board will consist of two board positions suggested for approval by the developer and one board position suggested by approval by the owner of non-school property. The expanded five-member board will consist of two board positions suggested for approval by the developer, two board positions suggested for approval by the Property Owners Association who are lot owners in the PID, and one board position suggested for approval by owner of non-school property.

PUBLIC IMPROVEMENT DISTRICT (2700-2790)

2023/24 Budget

Heritage Hills

2023/24 Budget — \$282,474 of Budget

The Heritage Hills PID was established in July 2016 to provide for the construction and maintenance of certain right-of-way improvements such as landscaping, green areas, and entry features throughout the subdivision. Heritage Hills will be a multi-phased development and will be subject to developer reimbursements for portions of the improvements. Since the proposed services are in addition to the standard level of service provided by the city, the property owners within the Heritage Hills PID will be assessed for the cost of care and maintenance.

Per the terms of the Heritage Hills PID petition, the five-member advisory board consists of two members recommended by the HOA, two members recommended by the developer, and one member recommended by the owner.

Colonies

2023/24 Budget — \$1,591,978 of Budget

Established in 2001, the Colonies PID encompasses approximately 375 acres of land and is in southwest Amarillo. The Colonies PID contains both residentially and commercially developed properties. The Colonies PID is a multi-phased development and will be subject to developer reimbursements for portions of the improvements. Since the proposed services are in addition to the standard level of service provided by the city, the property owners within the Colonies PID will be assessed for the cost of care and maintenance. The Colonies PID collected the first assessments in January 2002. The assessments for the Colonies PID are necessary to fund the maintenance and administrative costs associated with the PID improvements, debt service, and reserves. Improvements such as a clock tower, landscaped medians, a bridge, gazebos, entryway features, and specialty lighting have been installed, dedicated, accepted and are now being maintained by the PID assessments.

The Colonies PID has a five-member advisory board. Per the terms of the Colonies PID petition, two board positions are suggested for approval by lot owners, two board positions are suggested for approval by the developer, and one board position is suggested for approval by the owners.

Tutbury

2023/24 Budget — \$27,444 of Budget

The Tutbury PID was established to provide for the maintenance of eight landscaped parcels, which have been designated as common areas within the Colonies Unit #9 subdivision.

The Tutbury PID has a three-member advisory board. Per the terms of the Tutbury PID petition, all three board members must be Tutbury homeowners.

Point West

2023/24 Budget — \$74,441 of Budget

Point West Business Park is a Planned Development for business and office land uses. The Point West PID was established to provide for the maintenance of several landscaped medians and entryway features within the city right-of-way. The City of Amarillo has a policy of not allowing medians within city right-of-way and therefore required the PID be established for a maintenance mechanism.

Since the improvements and associated maintenance services are in addition to the standard level of service provided by the city, the property owners within Point West are assessed for the cost of care and maintenance of the medians. The assessments for the Point West PID are necessary to fund the associated maintenance and administrative costs. These costs will be divided among the property owners based on the percentage of the total square footage of the property owned.

The Point West PID has a five-member advisory board. Per the terms of Resolution No. 5-29-12-1 which expanded the board from three members to five members, two members shall be suggested by the developer, two members must be lot owners, and one member shall be suggested for approval by the owners.

Quail Creek

2023/24 Budget —\$15,720 of Budget

The Quail Creek PID was established to provide for the maintenance of a common area with walkways and brick dumpster enclosures as well as landscaped medians within the city right-of-way.

This 29-lot residential subdivision was developed on an irregular piece of land and was limited in what could be designed as a workable residential subdivision. The large median in the middle of the development was a result of this irregular tract. There will be no entry features associated with this tract and the only landscaping will be grass and trees within the common area and medians mentioned above. The subdivision improvements associated with this PID were completed and accepted in the spring of 2009 and are now being maintained by a private contractor.

The amenities offered within this PID are in addition to the standard level of service provided by the city. The property owners within the Quail Creek PID will be assessed for the cost of care and maintenance of the common area amenities.

The Quail Creek PID has a three-member advisory board. Per the terms of the Quail Creek PID petition, all board positions now represent Quail Creek homeowners.

Vineyards

2023/24 Budget —\$26,759 of Budget

The Vineyards PID was established to provide for the installation and maintenance of certain landscaped common areas. Since the proposed services are in addition to the standard level of service provided by the city, the property owners within the Vineyards PID will be assessed for the cost of care and maintenance. The Vineyards PID is a multi-phased residential development and may be subject to developer reimbursements for portions of the improvements. The Vineyards PID collected its first assessments in October 2012. Improvements such as entryway features, landscaped medians, and specialty lighting have been installed, accepted, and therefore, are now being maintained within the first phase of development.

Per the terms of the Vineyards PID petition, after the first year, the advisory board will consist of five members appointed by the City Council and all members of the advisory board will serve terms of three years. Two members are recommended by the developer, two members are lot owners within the Vineyards and one is recommended by the owners.

Town Square

2023/24 Budget — \$392,310 of Budget

The Town Square PID was established in 2014 and provides for the installation and maintenance of certain landscaped common areas to include hardscape features. Town Square will be a multi-phased development and will be subject to developer reimbursements for portions of the improvements. Since the proposed services are in addition to the standard level of service provided by the city, the property owners within the Town Square PID will be assessed for the cost of care and maintenance.

Per the terms of the Town Square PID petition, the five-member advisory board is to consist of two board members suggested for approval by the Property Owners Association, two members suggested for approval by the developer, and one member who is suggested by the owner.

City of Amarillo
Capital Improvement Plan
Fiscal Year 2023/24

Project Description	Total Project
4100 General Construction Fund Total	\$8,978,250
1252 - Facilities Total	\$400,000
FAC-0001P: 411413 Facilities Capital Maintenance E&I	\$400,000
To create a reoccurring Capital account, for the Facilities Department, to address unforeseen emergencies regarding maintenance and repairs to City facilities.	
1270 - AECC Total	\$700,000
AECC-0001: 000000 AECC Remodel	\$700,000
AECC needs carpet replaced in all areas, new paint through out the entire department, and 22 new ergonomic consoles for each work station on the dispatch floor.	
1610 - Police Total	\$853,500
APD-0005E: 000000 Patrol Vehicles	\$212,000
Four Black and White patrol equipped vehicle (class 110) each year for 5 years. Initial Purchase of vehicle with all equipment	
APD-0002E: 000000 AISD School Liaison Vehicles	\$110,000
Two Black and White patrol equipped vehicles (class 115) for AISD School Liaison Officers	
APD-0004E: 000000 CISD School Liaison Vehicle	\$63,500
One Black and White patrol equipped vehicle (class 115) for CISD School Liaison Officer	
APD-0007E: 000000 Upfitting Patrol Vehicles	\$168,000
Upfit cost of 30 new (replacement) patrol vehicles (yearly recurring) Replacement equipment installation for existing cars as they are retired. Durable equipment such as radios, camera systems and other items are reused when possible.	
APD-0003E: 000000 Car Wash Repair/Upgrade	\$300,000
Police Carwash facility needs replacement and upgrade. The current system has aged to the point of where it requires frequent repairs and maintenece. In the replacement a system that will allow 24 hour operation would be desired. The facility requires refurbishment due to wear and tear from operation of wash equipment.	
1710 - Animal Management and Welfare Total	\$309,750
AMW-0002: 411555 Shelter Services Building Remodel	\$59,750
This project is to renovate the exiting shelter services building that was built in 1974. The project would include painting, replacing 9 doors, a complete lighting retrofit, replacement of flooring and counter tops.	
AMW-0001: 411556 AM&W Kennel Renovation	\$250,000
The current kennels were built in 1974. The Kennel frames are deteriorating to the point that they are becoming a safety issue for both the animals and the kennel workers. Severe cracks in the shelter area are in public access areas that many times have to be roped off to keep the public, employees and animals safe. The project scope address two kennel buildings per year. Best practices involve a pre planning phase which includes consulting an architect experienced in successful shelter design.	
1731 - Traffic Administration Total	\$540,000
TRF-0002E: 411114 Traffic Signal System Improvements (E&I)	\$290,000

Project Description	Total Project
Electronic Traffic Signal Components include Detection, GPS Opticom, Radio Communications, LED Inserts, Cabinets, Controllers and Conflict Monitors. See attached for more detail.	
TRF-0004E: 411116 Pavement Markings (E&I)	\$60,000
Thermoplastic Materials and Labor needed to replace pavement markings and bike lane markings, such as parking stall lines in the Central business district used for paid parking, bike lanes and pavement markings (Bikes, Arrows). These materials are lasting about 2-3 years in the central business district.	
TRF-0005P: 411117 Arterial Street Lights New Developments	\$50,000
This plan is the design and installation of all street lights on new development where an arterial road is constructed.	
TRF-0003P: 411115 Traffic Master Plan	\$140,000
This plan is the blueprint for creating safe, convenient and sustainable transportation options that meet the needs of the community and increase accessibility and also fit into the MPO thoroughfare plan. This plan represents the collaboration and input from a wide variety of community, government and employee participants who will contribute to the final product.	
1861 - Parks Maintenance Total	\$1,500,000
PRK-0001P: 411687 Parks Maintenance Equipment & Improvements (E&I)	\$1,500,000
Annual funding for Parks equipment & improvements, to better address urgent park issues that arise during the year.	
1910 - Fire Operations Total	\$4,675,000
AFD-0021E: 000000 EMS Cardiac Monitors	\$75,000
This Job will set aside \$475,000 for 10 Life Pak's. This will allow the department to increase the equipment since we have an obligation to return AMR's in 5 years. The project will replace the AFD's Automated External Defibrillators (AEDs) with Advanced Life Support - 12-lead Cardiac Monitor/Defibrillators.	
AFD-0001E: 000000 Fire Station 14 FFE	\$250,000
This request is for FFE for FS#14. This request includes furniture, fixtures, equipment, and emergency alerting.	
AFD-0009E: 410716 Fire Apparatus Equipment	\$120,000
This is intended to fund items that are installed on a new fire vehicle before it is put into service or replace end of life items. These items are not dealer furnished, such as department decals or vehicle wraps, emergency control devices, mobile computer docking stations, Fire Fleet Services fabrication materials, etc.	
AFD-0011P: 410943 Training Facility Improvements	\$50,000
This is a critical project intended to fund the enhancement of the fire training facility that do not have a funding source.	
AFD-0022P: 000000 Aircraft Rescue Training Center	\$4,180,000
The current AFD aircraft trainer no longer meets the criteria for annual live-fire recertification requiring personel to travel to receive certification. This project replaces the aircraft burn area and simulated aircraft prop to comply with modern FAA training standards.
