Ms. Wallace,

We have confirmed with Sherman Bass that there is one more year left (2018) on the WRCA event contract. During next year the Civic Center will be working with WRCA to enter into a new contract for the rodeo.

Thank you for your input,

Ginger Nelson
Mayor

Subject: What are we to do?

Good Day Madam Mayor -- I am concerned as what we will do about NOT losing the Worlds Working Ranch Associations grand event we have had the pleasure and income from for many years. Their contractual agreement is soon to expire and there are many places such as Oklahoma City and others that are rallying for this event. What do you feel, if anything, Amarillo should do to be sure that contract is again signed for future events here in Amarillo? It has always been one of our top money makers along with the Farm and Ranch show. Thank you for your service and your concern.
