AGENDAS

FOR THE AMARILLO CITY COUNCIL WORK SESSION TO BE HELD ON TUESDAY, MAY 23, 2017 AT 4:00 P.M. AND THE REGULAR MEETING OF THE AMARILLO CITY COUNCIL AT 5:00 P.M., CITY HALL, 509 SOUTHEAST 7th AVENUE, COUNCIL CHAMBER ON THE THIRD FLOOR OF CITY HALL, AMARILLO, TEXAS.

Please note: The City Council may take up items out of the order shown on any Agenda. The City Council reserves the right to discuss all or part of any item in an executive session at any time during a meeting or work session, as necessary and allowed by state law. Votes or final decisions are made only in open Regular or Special meetings, not in either a work session or executive session.

WORK SESSION

- A. City Council will discuss or receive reports on the following current matters or projects.
 - (1) Review agenda items for regular meeting and attachments;
 - (2) Economic Development Strategic Plan Update;
 - (3) Review and discuss Procedures for Public Comment and associated Council Rules: and
 - (4) Consider future Agenda items and request reports from City Manager.
- B. City Council may convene in Executive Session to receive reports on or discuss any of the following pending projects or matters:
 - (1) Attorney consultation. Consult with the attorney on a matter in which the attorney's duty to the governmental body under the Texas Disciplinary Rules of Professional Conduct conflicts with this chapter, in accordance with the Texas Open Meetings Act, Texas Government Code, Section 551.071.
 - Status of Meet & Confer (Police) negotiations; receive and discuss legal advice regarding same.
 - (2) Discuss the appointment, employment, evaluation, reassignment, duties, and qualifications of a public officer or employee, in accordance with the Texas Open Meetings Act, Section 551.074. Discussion regarding appointment to fill vacancies to the Board of the Amarillo Local Government Corporation.

REGULAR MEETING ITEMS

INVOCATION: Blake Clevenger, Hillside Christian Church

<u>PUBLIC COMMENT</u>: Citizens who desire to address the City Council with regard to matters on the agenda or having to do with the City's policies, programs, or services will be received at this time. The total time allotted for comments is 30-minutes with each speaker limited to three (3) minutes. City Council may not discuss items not on this agenda, but may respond with factual, established policy information, or refer to staff. The City Council may choose to place the item on a future agenda. (*Texas Attorney General Opinion. JC-0169.*)

1. CONSENT AGENDA:

It is recommended that the following items be approved and that the City Manager be authorized to execute all documents necessary for each transaction:

THE FOLLOWING ITEMS MAY BE ACTED UPON BY ONE MOTION. NO SEPARATE DISCUSSION OR ACTION ON ANY OF THE ITEMS IS NECESSARY UNLESS DESIRED BY A COUNCILMEMBER, IN WHICH EVENT THE ITEM SHALL BE CONSIDERED IN ITS NORMAL SEQUENCE AFTER THE ITEMS NOT REQUIRING SEPARATE DISCUSSION HAVE BEEN ACTED UPON BY A SINGLE MOTION.

A. Minutes:

Approval of the City Council minutes of the regular meeting held on May 16, 2017.

B. Award -- Contract for Workers' Compensation Third Party Administration:

Awarded to Claims Administration Services -- \$95,000

This award is to approve the contract for Workers' Compensation Third Party Administration.

C. **Award of Brass Water Fittings Supply Agreement:**

Awarded as follows:

Ferguson Waterworks \$6,204.60 HD Supply Waterworks
Triple T Pipe & Supply \$48,278.50 \$1,617.00 Morrison Supply \$850.00 Total Amount Awarded: \$56,950.10

This award is to approve an annual contract for the purchase of Brass Water Fittings for the City of Amarillo.

D. Approval - Renewal of Intergraph Records Management Software for Police and Law Enforcement:

Awarded to Hexagon Safety and Infrastructure (Intergraph Corporation) -

This system enables quick data entry, immediate search and retrieval, and extensive reporting capabilities.

REGULAR AGENDA

2. **RESOLUTION - MAYOR PRO TEMPORE:**

This resolution approves the annual selection of the Mayor Pro Tempore.

3. **APPOINTMENTS - BOARDS AND COMMISSIONS:**

Appointments are needed for the following board:

Amarillo Local Government Corporation

07/19/2016 Lisa Blake 09/30/2017 (resigned) Randy Burkett 09/08/2015 09/30/2017 (resigned)

Award -- Terminal Apron Isolated Pavement Repair: 4.

Total Bid Alternate 1 Amount: Total Base Bid Amount: \$2,378,501.00 \$727,100.00

Total Bid Amount: \$3,105,601.00 to be awarded to Silver Creek Construction Inc.

This item is award of bid for isolated pavement repairs on the terminal apron. The project also includes a Bid Alternate that will increase the amount of full depth concrete panel removal and replacement from the old footings of the previous concourses.

5. Award - In-Frame Overhaul of Waukesha 704G Engine:

Awarded to Enerflex Energy Systems -- \$105,000.00

The Waukeska natural gas powered engine drives an aeration blower that delivers dissolved oxygen for proper biological growth and is an integral part of the Wastewater Treatment process. The engine is in need of extensive repairs. Replacement cost is approximately \$500,000.00.

6. Approval - Change Order No. 4 - Hillside Terrace Estates 30" Sewer

Replacement Contract 1 – Soncy Road to Arden Road Project:

Original Contract: \$986,565.00 Previous Change Orders:
Current Change Order:

\$239,386.25 (\$63,853.11) Deduction

Revised Contract Total: \$1,162,098.14

This item is to approve Change Order No. 4 to the contract with Condie Construction Company, Inc. for adjustment of installed quantities and reduce the contract total.

7. <u>Approval -- Task Order 24 between RS&H, Inc. and the Rick Husband Amarillo International Airport:</u>

This approval is for construction administration, resident project representation, and materials testing services for the isolated terminal panel replacement project at Rick Husband Amarillo International Airport. The total amount for Task Order 24 (includes base and alternate 1 bid) is \$415,700.

8. <u>Approval -- Task Order 20 between RS&H, Inc. and the Rick Husband Amarillo International Airport:</u>

This approval is for design and bid services for the reroofing of the existing Snow Removal Equipment (SRE) storage building, and two existing additions to the building. Design will also include a "lean-to" structure along the west side of the building for additional parking and storage. The total amount for Task Order 20 is \$138,600.

9. Approval – License and Hold Harmless Agreement:

License and Hold Harmless Agreement to encumber 10' 10" of public right-of-way of 705 South Grant Street, for walkway and security fence, adjacent to Lots 13-24, Block 378, Mirror Addition Unit No. 1, in Section 155, Block 2, AB&M Survey, Potter County, Texas. (Vicinity: South Grant Street and Southeast 8th Avenue.)

MISCELLANEOUS

Boards and Commission – needed appointments as listed on attached.

Amarillo City Hall is accessible to individuals with disabilities through its main entry on the south side (Southeast 7th Avenue) of the building. An access ramp leading to the main entry is located at the southwest corner of the building. Parking spaces for individuals with disabilities are available in the south parking lot. City Hall is equipped with restroom facilities, communications equipment and elevators that are accessible. Individuals with disabilities who require special accommodations or a sign language interpreter must contact the City Secretary's Office 48 hours prior to meeting time by telephoning 378-3013 or the City TDD number at 378-4229.

Posted this 19th day of May 2017.

STATE OF TEXAS COUNTIES OF POTTER AND RANDALL CITY OF AMARILLO

On the 16th day of May 2017, the Amarillo City Council met at 4:00 p.m. for a work session immediately followed by the regular session in the Council Chamber located on the third floor of City Hall at 509 Southeast 7th Avenue, with the following members present:

PAUL HARPOLE MAYOR

ELISHA DEMERSON COUNCILMEMBER NO. 1 LISA BLAKE COUNCILMEMBER NO. 2 RANDY BURKETT COUNCILMEMBER NO. 3

Absent was Councilmember Mark Nair. Also in attendance were the following administrative officials:

JARED H. MILLER BOB COWELL MICK MCKAMIE BLAIR SNOW FRANCES HIBBS CITY MANAGER
DEPUTY MANAGER
CITY ATTORNEY
MGMT. ANALYST PUBLIC SAFETY
CITY SECRETARY

The invocation was given by Howard Batson First Baptist Church. Mayor Harpole led the audience in the Pledge of Allegiance.

A proclamation was presented for "Children's Mental Health Awareness Day."

Mayor Harpole established a quorum called the meeting to order, welcomed those in attendance and the following items of pusiness were conducted:

PUBLIC COMMENT:

Robert Goodrich, 41 Stony Roint, states he prepared a report concerning the public comment portion of the City Council meetings and asked the new Council to reconsider the process. There were no further comments.

<u>ITEM 1</u>: Mayor Harpole presented the consent agenda and asked if any item should be removed for discussion or separate consideration. Motion was made by Councilmember Burket to approval of the consent agenda, seconded by Councilmember Blake.

- Minutes:

 Approval of the City Council minutes of the regular meeting held on May 9, 2017
- B. Lease Agreement for Limited Uses Lease Agreements between the Amarilla Police Department and a local organization for the limited use of office space by the Neighborhood Police Officer Units:

 This lease agreement for limited uses provides for office space in a designated neighborhood to be used by Amarillo Police Department for the Neighborhood Police Officer Units. These offices will be utilized for the purpose of general police activity, research, preparing reports, meetings with citizens, etc. The organization that has agreed to provide an office is: Eastridge Baptist Church.
- C. <u>Purchase Landscaping Project for The Greenways Units #31 and #19</u>:
 Award to Green Plains Design -- \$379,900.00
 This item approves the contract for landscape, hardscape, and sidewalk improvements in Units #31 and #19 of The Greenways PID.

Voting AYE were Mayor Harpole, Councilmembers Blake, Demerson and Burkett; voting NO were none; the motion carried by a 4:0 vote of the Council.

REGULAR AGENDA

<u>ITEM 2</u>: Mayor Harpole presented a resolution canvassing the returns and declaring the results of the regular election held on May 6, 2017. Motion was made that the following captioned resolution be passed by Councilmember Blake, seconded by Councilmember Demerson:

RESOLUTION NO. 05-16-17-1

A RESOLUTION CANVASSING THE RETURNS AND DECLARING THE RESULTS OF THE REGULAR ELECTION HELD IN THE CITY OF AMARILLO ON THE 6TH DAY OF MAY 2017 FOR CITY OFFICES.

Voting AYE were Mayor Harpole, Councilmembers Blake, Demerson and Burkett; voting NO were none; the motion carried by a 4:0 vote of the Council.

<u>ITEM 3</u>: Remarks were made by outgoing Councilmembers regarding their service on the City Council.

<u>ITEM 4</u>: The Oath of Office for the incoming Mayor and Councilmembers was conducted by the Honorable Nancy Tanner.

There was a break at this time for a reception.

The Amarillo City Council members took their places on the dais and resumed the meeting:

GINGER NELSON ELAINE HAYS FREDA POWELL EDDY SAUER HOWARD SMITH MAYOR COUNCILMEMBER NO. 1 COUNCILMEMBER NO. 2 COUNCILMEMBER NO. 3 COUNCILMEMBER NO. 4

<u>ITEM 5</u>: Mayor Nelson and the Council nembers Hays Rowell, Sauer and Smith made brief comments regarding their service on the City Council.

ITEM 6: Mayor Neison presented a second and final reading on an ordinance changing City Ordinance Section 16.3. 31 pertaining to exit and entrance of parking establishments in the central Business District (CBD) and required signage. The existing ordinance prohibits left turns upon exiting a parking establishment in the CBD, makes to distinction between one-way or two-way street operation, and allows for no exceptions. The ordinance modification will allow for exceptions to the left turn prohibition, particularly it cases where it would make sense from the standpoint of traffic flow and or circulation. Motion was made by Councilmember Sauer, seconded by Councilment or Powell, that the following captioned ordinance be passed on second and final reading:

ORDINANCE NO. 7667

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF AMARILLO, TEXAS: AMENDING THE MUNICIPAL CODE OF THE CITY OF AMARILLO, CHAPTER 16-3, ARTICLE IV, DIVISION 3, SECTION 16-3-131, PERTAINING TO EXIT AND ENTRANCE OF PARKING ESTABLISHMENTS IN CENTRAL BUSINESS DISTRICT AND REQUIRED SIGNS.

Voting AYE were Mayor Nelson, Councilmembers Hays, Powell, Sauer and Smith; voting NO were none; the motion carried by a 5:0 vote of the Council.

ITEM 7: Mayor Nelson presented a second and final reading on an ordinance changing City Ordinance Article XXI, Section 16-3-1001, Schedule A, One-Way Streets. Currently Southeast 7th Avenue is an eastbound one-way street and Southeast 8th Avenue is a westbound one-way street. Both one-ways are effective from Adams Street to Buchanan Street. The request is to modify two blocks on the east end of the one-way pair. Change to two-way operation will better facilitate traffic movement in this area, particularly for vehicles exiting and entering the new City of Amarillo and Xcel Energy parking garages. Councilmember Smith asked what would be done to educate the public. Mr. Miller replied a public notice campaign and signage would be used. Mr.

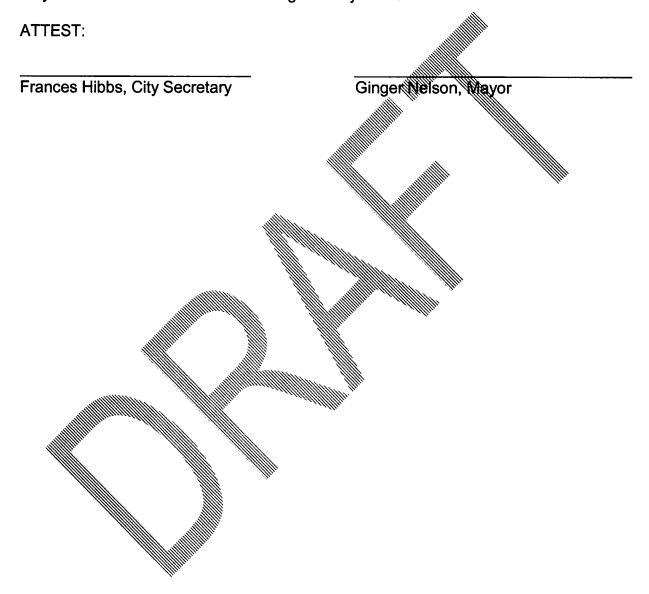

Cowell stated the new traffic signal would use advanced signage for the two blocks. Motion was made by Councilmember Powell, seconded by Councilmember Smith, that the following captioned ordinance be passed on second and final reading:

ORDINANCE NO. 7668

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF AMARILLO, TEXAS: AMENDING THE MUNICIPAL CODE OF THE CITY OF AMARILLO, CHAPTER 16-3, ARTICLE XXI, SECTION 16-3-1001, SCHEDULE A, TO MODIFY AN EXISTING ONE WAY STREET; PROVIDING FOR SEVERABILITY; PROVIDING FOR REPEALER; PROVIDING A PENALTY; PROVIDING FOR PUBLICATION AND EFFECTIVE DATE.

Voting AYE were Mayor Nelson, Councilmembers Hays, Powell, Sauer and Smith; voting NO were none; the motion carried by a 5:0 vote of the Council.

Mayor Nelson advised that the meeting was adjourned.

RESOL	UTION	I NO.	

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF AMARILLO PROVIDING FOR THE ANNUAL SELECTION OF THE MAYOR PRO TEMPORE.

WHEREAS, the office of Mayor Pro Tempore serves an important leadership role for the City; and

WHEREAS, the Mayor Pro Tempore assumes the roles of the Mayor when the Mayor is unavailable due to illness, extended travel, resignation, or death. The Mayor Pro Tempore is often called upon to represent the City at local events, ceremonies and celebrations and may be called upon to represent the City at State and regional conferences, among other duties; and

WHEREAS, the City Council hereby finds and determines that it is in the best interest of the City for the Mayor Pro Tempore to be selected by the members of the City Council to serve a one-year term;

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AMARILLO, TEXAS, THAT:

SECTION 1. The Mayor Pro Tem shall be selected from among the four (4) Council Members; shall be selected each year at the first regular meeting following the regular City election or any run-off elections required, whichever shall last occur; and shall in the absence or disability of the Mayor perform all the Mayor's duties.

SECTION 2. This resolution shall be effective on and after its adoption.

INTRODUCED AND PASSED this 16th day of May 2017.

	Ginger Nelson, Mayor
ATTEST:	
Frances Hibbs, City Secretary	
Trances Thous, City Secretary	

William M. McKamie, City Attorney

Award Bid No. 5630 - Terminal Apron Isolated Pavement Repair

Total Base Bid Amount: \$2,378,501.00 Total Bid Alternate 1 Amount: \$727,100.00

Total Bid Amount: \$3,105,601.00 to be awarded to Silver Creek Construction Inc.

Agenda Item Summary

This item is award of bid for isolated pavement repairs on the Portland Cement Concrete (PCC) terminal apron. The project includes the removal and replacement of approximately 5,000 SY of PCC pavement (25'x25' panels); approximately 7,500 LF of joint seal and crack repair; approximately 750 SF of spall repair; and approximately 8,500 SF of pavement marking. The project also includes a Bid Alternate that will increase the amount of full depth concrete panel removal and replacement by approximately 2,000 SY from the old footings of the previous concourses.

Requested Action

Award bid (base and alternate 1) for total contract in the amount of \$3,105,601.00 to Silver Creek Construction Inc.

Funding Summary

Funding for this project will be from project 540110 FAA Grant FY17/18. This project is in the Airport's 16/17 CIP budget. Coordination has taken place with the FAA to establish a Grant as it is Airport Improvement Program eligible.

Department	Aviation		

Agenda Caption

Approve Task Order 24 between RS&H, Inc. and the Rick Husband Amarillo International Airport for construction administration, resident project representation, and materials testing services for the isolated terminal panel replacement project at Rick Husband Amarillo International Airport. The total amount for Task Order 24 (includes base and alternate 1 bid) is \$415,700.

Agenda Item Summary

This Task Order will provide Construction Administration and Resident Project Representation services for the elements of work which include the replacement of isolated panels on the terminal apron. The design plans include the removal and replacement of existing concrete panels as well as various repairs such as spall repairs and joint sealant replacement on additional panels. The anticipated Construction Schedule is 230 Calendar Days. Efforts within Task Order 24 are based upon this timeline. An additional task has been included to add an additional 25 Calendar Days to encompass bid alternate 1.

Requested Action

Recommend approval of Task Order 24.

Funding Summary

Funding for this Task Order will be from project 540110 FAA Grant FY17/18. This project is in the Airport's 16/17 CIP budget and is FAA Airport Improvement Program eligible.

AMA Apron - Isolated Panel Replacement Construction Administration and RPR Services

PROJECT PROPOSAL / SCOPE OF WORK

RS&H Project No: 227-0247-024

AMA APRON - ISOLATED PANEL REPLACEMENT - CA / RPR PROJECT PROPOSAL AND SCOPE OF WORK

1. Project Description

RS&H, Inc. (Consultant) prepared design plans for the replacement of isolated panels on the terminal apron. The plans include the removal and replacement of existing concrete panels within the terminal apron pavement and various repairs such as spall repairs and joint sealant replacement on additional panels.

This proposal is to provide Construction Administration and Resident Project Representation services for the elements of work stated above. The anticipated Construction Schedule is 230 Calendar Days, and the efforts included in this proposal are based upon anticipated efforts during that duration, as described below. An additional task has been included to add an additional 25 days of these services if Bid Alternate 1 is awarded. If construction time is extended, or additional efforts are necessary, those efforts will be included as an amendment to this assignment.

2. Scope of Services

TASK 1: CONSTRUCTION ADMINISTRATION AND RESIDENT PROJECT REPRESENTATION

Task 1.1 Project Initiation / Setup

This task includes coordination with the Client and Subconsultants to develop and coordinate internal kickoff meeting. The objective of this coordination/meeting will be to review schedules, project goals and requirements for team members to ensure consistency with Client goals.

Task 1.2 Develop Construction Management Plan

The Consultant shall develop a Construction Management Program (CMP) as required by FAA Advisory Circular 150/5370-12B for AIP projects when paving costs exceed \$500,000.

Task 1.3 Pre-Construction Conference

The Consultant shall prepare for and attend one (1) pre-construction meeting at the Airport, with the RS&H Project Manager, the Engineer and the RPR present. The Consultant shall prepare meeting minutes and distribute to attendees within five (5) working days of the meeting.

Task 1.4 Shop Drawing Review / RFI Response

The Consultant shall review and note disposition of Contractor-submitted shop drawings, samples, and other RFI submissions furnished by the contractor and submitted to the Consultant. The Consultant shall maintain a log of all contractor submittals, which shall include the submittal date, the action taken, and the date returned.

The Consultant shall respond within fourteen (14) calendar days to all requests for information, claims, disputes and other matters in question between the Owner and the Contractor relating to the execution or progress of the Work or Interpretation of the Contract Documents. Interpretations and decisions of the Consultant will be in written form.

The Consultants review is for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. The Consultant is not responsible for work or requirements that are the Contractor's responsibility as defined in the Contractor's contract with the Owner.

Task 1.5 Construction Coordination and Administration

The estimate of CA services is an hourly figure based on a contract duration of 230 calendar days. Any extension of time beyond that period will be negotiated as an amendment to this Contract.

The Consultant, as a representative of the Airport/Owner, will visit the site at intervals appropriate to the stage of the Contractor's operations and completion of the work, and will perform the following tasks:

- Become generally familiar with and keep the Airport Administration informed about the progress and quality of the portion of the work completed.
- · Endeavor to guard the Airport against defects and deficiencies in the work.
- Determine, in general, if the work is being performed in a manner indicating that the work, when fully completed, will be in accordance with the contract documents.

As part of this Task, the Consultant will provide the following:

- Isolated Observation. Full time, on-site CA representation for the first full week
 of construction, to help ensure collective understanding between
 engineer/sponsor expectation, RPR responsibilities, and contractor
 understanding.
- Site visits. During the construction of the project, anticipated to include up to 8 by the PM, and up to 14 by the Engineer. These site visits are anticipated to coincide with scheduled weekly construction meetings, and will include on-site representation for the balance of the construction day. Exhaustive or continuous site visits to observe the quantity or quality of the work are not required or included as part of the CA task.
- Pre-Pave Meetings / Observation of Paving. The Engineer will prepare and attend pre-pave meetings for the start of the following: P-501 Concrete Pavement. The subtask will include attendance at the meetings to ensure contractor understanding of requirements, and on-site construction administration for the first 2 days of installation for each product listed.
- Attendance (via teleconference) at weekly construction meetings to provide direction and responses to contractor and/or Client questions.
- General administration and coordination with subconsultants, Client and contractor; including coordination of information for FAA monthly reports, assistance with certified payroll receipt and wage rate investigation forms. This subtask is estimated at 4 hours per week throughout the duration of the contract.

The Consultant shall not have control or charge of, and shall not be responsible for construction means, methods, techniques, sequences or procedures or for the safety precautions and programs in connection with the project construction, for the acts or omissions of the contractor, subcontractors, any of their agents or subcontractor's employees, or any other person performing any of the work, or for the failure of such persons to carry out the work in accordance with the contract documents. Accordingly, the Consultant shall not have the authority or responsibility to issue direct instructions to the contractor, to reject work done by the contractor, or to require special inspections and/or tests.

The Consultant shall make monthly written reports to the Owner to advise of any deviation from the contract documents or the contractor's construction schedule observed by or brought to the attention of the Consultant.

If any work does not conform to the Contract Documents, the Consultant shall recommend the rejection of any such work to the Owner in writing. At any point during the construction phase, the Consultant may recommend that the Owner require special inspection or testing of the Work in accordance with the provisions of the Contract Documents.

Task 1.6 Pay Applications / Change Orders

The Consultant shall review contractor applications for payment and supporting data, review the amount owed to contractor and approve in writing all payments to contractor in accordance with the contract documents

The Consultant shall also prepare routine change orders as required; act as interpreter of the contract plans and technical specifications and judge of the performance thereunder by the parties thereto and make recommendations on claims of airport and contractor(s) relating to the execution and progress of the work and other matters and questions related thereto.

It is anticipated that Pay Applications and Change Orders will be processed monthly throughout the course of the project.

Task 1.7 Clarifications

The Consultant shall provide design clarification and recommendations to assist the Airport in resolving field problems relating to the construction. The Consultant shall evaluate contractor change and cost proposals and substitutions and recommend to the airport to either approve or disapprove the contractor's proposal or substitution.

Task 1.8 Substantial Completion Inspection / Punchlist Coordination

The Consultant shall complete one (1) substantial completion inspection of contract elements and shall produce a construction punchlist outlining deficiencies to be corrected prior to release of retainage. The Consultant shall provide written correspondence of all punchlist items within 7 days of the inspection.

Task 1.9 Final Inspection

The Consultant shall complete one (1) final inspection of all contract elements, and shall produce a final written recommendation to the Owner for acceptance of the project elements and release of retainage. The Consultant shall provide this written correspondence within 7 days of the final inspection.

Task 1.10 Prepare Closeout Documentation

The Consultant shall prepare record documents including major contract changes throughout the course of construction. The record documents shall incorporate all work detailed in compiled change orders, change directives and field orders and shall be based on red-line markups provided by the Contractor and/or RPR.

Task 1.11 Submit Closeout Documentation

The Consultant shall submit electronic files on CD or DVD, two (2) sets of full-size prints and two (2) project book including all testing reports, daily diaries, pay applications, etc compiled throughout the course of the project.

Task 1.12 Materials Testing / Coordination

The Consultant shall coordinate with a qualified firm to perform quality acceptance/materials testing services, as outlined in the project specifications. The Consultant will document and compile all test reports, and will advise the Client when material/quality tests fail. All reports shall be included in the closeout documentation (Task 1.11).

Task 1.13 Project Management

The Consultant shall manage the project, assign qualified individuals to review project documentation and submittals, and shall work closely with the Airport to help accommodate the completion of the project within the specified time frame and budget estimates.

The Consultant will submit a monthly invoice providing an overview of the work accomplished during the billing period and budget remaining on the project.

Task 1.14 Warranty Period Assistance

The Consultant shall assist the Client with issues that arise during the 1-year duration of the warranty period. This assistance shall include coordination with the contractor to remedy outstanding issues or correct deficiencies, up to 40 hours for the PM and Engineer.

Task 1.15 Resident Project Representation

The Consultant shall coordinate with a qualified Subconsultant to perform Resident Project Representation (RPR) services. The following shall be included in the Resident Project Representation Task:

- RPR shall be present during all construction activities; anticipated hours per phase are
 detailed below. RPR shall coordinate with Contractor should any activities be scheduled
 outside the projected work schedule.
- RPR shall maintain daily logs of construction activities. The log format shall be provided by RS&H and can be found attached to this RFP. Log shall include daily construction quantities for purposes of completing pay applications; results of QA testing performed during the construction activities; summary of important discussion(s) with contractor; circumstances and observations related to conflicts; names of individuals visiting the site; and a general description of work performed.
- RPR shall provide daily construction photos related to construction activity, and shall upload
 photos to RS&H file-sharing service (access to be provided by RS&H). Photos shall include
 all new construction to take place each day as well as any potential concerns/issues
 experienced during construction.
- RPR shall coordinate and oversee all QA testing during construction as the elements of
 construction progress. The anticipated field testing can be found attached to this RFP. Note
 that the number of tests shown are estimated based upon proposed quantities. Actual
 number may vary due to progression of construction.
- RPR shall attend weekly construction meetings at the Airport site. These meetings will be led by the Contractor and will be focused on previous week's progress and two-week lookahead. RPR shall coordinate upcoming construction activities with RS&H to help determine/coordinate important elements of construction to pay specific attention to.

- RPR shall alert RS&H to any anticipated schedule impacts should construction activities be delayed due to weather or Contractor scheduling.
- RPR shall obtain applicable Airport badging required for access to the site. Badging shall be coordinated with RS&H and the Airport prior to the beginning of construction. Badging will require background check and successful completion of AOA testing provided by the Airport Administration.
- The RPR shall compile project documentation into a 3-ring binder to remain in the field office located on site. RPR shall keep binder updated with daily diaries, construction correspondence, engineer issued field directives and RFI responses, Pay Applications, Change Orders, Test Reports, and other pertinent construction information. RPR shall also keep a full-size set of plans in the Engineer's Field Office that details and changes during construction via red-line markup. Documents shall also be scanned and uploaded to RS&H file-sharing service for review by the Engineer.

The RPR services are based upon the following anticipated schedule of construction:

Phase 1 - 45 Days

Work Schedule – 7AM – 6PM; M-F

Phase 2 - 30 Days

- Work Schedule 7AM 6PM; M-F
- · To be performed subsequent to Phase 1

Phase 3 - 20 Calendar Days

- Work Schedule 7AM 6PM; M-F
- Night work to be coordinated with Airport during Construction
- To be performed Subsequent to Phase 2

Phase 4 – 20 Calendar Days

- Work Schedule 7AM 6PM; M-F
- To be performed Subsequent to Phase 3

Phase 5 - 20 Calendar Days

- Work Schedule 7AM 6PM; M-F
- Night work to be coordinated with Airport during Construction
- · To be performed Subsequent to Phase 4

Phase 6 – 50 Calendar Days

- Work Schedule 7AM 6PM; M-F
- To be performed Subsequent to Phase 5

Work scheduled/allowed outside anticipated durations will be negotiated separately under separate authorization.

TASK 2: CONSTRUCTION ADMINISTRATION AND RESIDENT PROJECT REPRESENTATION ASSOCIATED WITH THE AWARD OF BID ALTERNATE 1

Task 2.1 Bid Alt 1 - Construction Coordination and Administration

This task adds 25 days of construction coordination and administration efforts if Bid Alternate 1 is awarded. All efforts and responsibilities of this task are similar to the efforts as part of Task 1.5. The additional effort includes one additional site visit by the PM and Engineer.

Task 2.2 Resident Project Representation

This task adds 25 days of Resident Project Representation (RPR) services if Bid Alternate 1 is awarded. All efforts and responsibilities of this task are similar to the efforts as part of Task 1.15.

SCHEDULED MEETING SUMMARY

- → (1) Pre-Construction Meeting
- → (20) Weekly Progress Meetings (teleconference)
- → (8/9) Site Visit / Meetings by PM (1 Additional if Bid Alt 1 is awarded)
- (14/16) Site Visit / Meetings by Engineer (2 Additional if Bid Alt 1 is awarded)
- (1) Substantial Completion / Punchlist Visit
- → (1) Final Acceptance / Inspection Visit
- → (1) Pre-Pave Meeting

DELIVERABLES

0

- → Construction Administration
 - Monthly Reports Electronic Submittal
 - o Pay Applications/Change OrdersMonthly / Electronic Submittal
 - InvoicesMonthly / Electronic Submittal
- → Post Construction Administration
 - o Record Documents 2 Hard Copies of Plans / Closeout Book / Electronic Submittal

EXCLUSIONS/ASSUMPTIONS

Excluded from this scope are the following:

- → Permitting
- → NEPA Documentation
- → ALP Update / AGIS upload of project data
- → As-Built Survey
- → Services not explicitly defined in this scope of work
- → Services outside the anticipated schedule of construction
- → Materials testing services beyond those outlined in the attached subconsultant proposal

3. Schedule

A preliminary construction schedule follows. The Consultant understands that this schedule must be flexible to accommodate the construction season.

→	Bid Opening	March 3, 2017
+	Notice of Award	March 27, 2017
+	Notice to Proceed	April 3, 2017
+	Pre-Construction Meeting	April 8, 2017
ナ	Construction Commence	April 15, 2017
+	Construction Substantial Completion	October 16, 2017
+	Record Documents Complete	November 16, 2017

^{*}Current dates are estimated, and will be contingent upon FAA grant award.

4. Fee Structure

Lump Sum Fee shall be in accordance with the attached Work Breakdown Structure (attached).

Amarillo City Council Agenda Transmittal Memo

Meeting Date	05/23/2017	Council Priority	Long Term Plan for Infrastructure
Department	Aviation		

Agenda Caption

Approve Task Order 20 between RS&H, Inc. and the Rick Husband Amarillo International Airport for Design and Bid services for the re-roofing of the existing Snow Removal Equipment (SRE) storage building, and two existing additions to the building. Design will also include a "lean-to" structure along the west side of the building for additional parking and storage. The total amount for Task Order 20 is \$138,600.

Agenda Item Summary

This Task Order specifically focuses the Design and Bid services for the re-roofing of the Snow Removal Equipment (SRE) main building and two small additions. Design up to 8,000 SF covered "lean-to" addition, to be located on the west side of the SRE Building on the existing concrete apron. Interior improvements to the existing SRE Building include the design of: repair/replacement of existing infrared heaters, siding repair of damaged sections, LED conversions of existing light fixtures, new entrance doors, and evaluating an HVAC system for the service shop area.

Requested Action

Recommend approval of Task Order 20.

Funding Summary

Funding for this Task Order will be from project 540166 SRE Building (Hangar 4) Roof Replacement/Enhancements. This project was in the Airport's 15/16 CIP budget and is currently under FAA Grant 40 for being Airport Improvement Program eligible.

Community Engagement Summary

N/A.

Staff Recommendation

Staff recommends the approval of Task Order 20 between RS&H, Inc. and Rick Husband Amarillo International Airport to execute Design and Bid services for the SRE Building modifications.

RS&H Project No. 227.0247.020

Short Title: Effective Date: **AMA SRE Building Modifications**

September 2, 2016

TASK ORDER NO. 20

RS&H, INC., a Florida corporation (hercinaster "Consultant") agrees to perform and complete the following work (hereinafter "Work") for the City of Amarillo, Texas which owns and operates Rick Husband Amarillo International Airport (hereinafter "Client"), in accordance with the terms and conditions of the Master Consulting Service Agreement, dated December 8, 2014, all of which terms and conditions are incorporated herein by reference:

Project Location and Description: Rick Husband Amarillo International Airport (AMA)

This project includes design services for the re-roofing of the existing Snow Removal Equipment (SRE) storage building, and two (2) existing additions to building. This Task Order also includes design documents for the expansion of the SRE building along the west side of the existing building, creating an open air 'lean-to' structure for additional parking of equipment and storage of materials.

Scope of Services and Deliverables: The full scope of services and deliverables are described in "Attachment A", which is made a part hereof.

Compensation Terms: The method of payment shall be Lump Sum. The total compensation shall be \$138,600 for services described in "Attachment A". Breakdown for tasks is as follows:

TASK		CONTRACT VALUE
1 – Preliminary Coordination		\$20,600
2 – Schematic Design		\$21,400
3 – 90% Design Documents		\$49,300
4 - Construction / Bidding Documents		\$38,800
5 - Bidding / Award Phase Services		\$8,500
J - Didding / / Water I had bet week	Total Lump Sum Design Fee	\$138,600

Schedule: Schedule shall be as described in "Attachment A".

SRE Building Modifications

PROJECT PROPOSAL / SCOPE OF WORK

RS&H Project No: 227-0247-020

RS&H, Inc. 11011 Richmond Avenue, Suite 900 Houston, Texas 77042 713.914.4455 (P) 713.914.0155 (F)

July 5, 2016 Updated: September 2, 2016

SRE BUILDING MODIFICATIONS PROJECT PROPOSAL AND SCOPE OF WORK

1. Project Description

The City of Amarillo, Texas, which owns and operates Rick Husband International Airport (Airport) has requested RS&H, Inc. (Consultant) to assist the Airport with the addition to and reroofing of the SRE Building. The project will be completed by RS&H.

The project will include the following major elements.

 Provide design/bidding documents for the re-roofing of the SRE Building, consisting of approximately 36,000 SF (includes main building and two small additions).

Design up to 8,000 SF covered 'lean-to' addition, to be located on the west side of the SRE Building on the existing apron. Actual size to be determined during design. Addition shall be constructed of similar materials as main facility for equipment storage, and will include lighting and sprinkler equipment as required. It is assumed that the existing utilities are adequate, and can be extended to provide these services to the expansion. It is also anticipated that the existing apron grade/pavement will not need to be modified to accommodate this expansion.

Interior improvements to the existing SRE building including: repair/replacement of the existing
infrared heaters, siding repair of damaged sections, LED conversions of the existing light fixtures,
new entrance doors and evaluating an HVAC system for the service shop area.

For the project defined above, this proposal consists of professional architectural/engineering design services as outlined herein.

2. Scope of Services

Task 1: Preliminary Coordination

Task 1.1 Pre-Design Meeting with Airport Staff

The Consultant shall prepare for and attend one pre-design meeting with the Airport staff and other appropriate agencies to establish the preliminary design goals and methods. The predesign (kick-off) meeting will be held at the Amarillo International Airport administrative offices. This task item also includes the preparation of meeting minutes, which shall be distributed to the appropriate parties within seven (7) days of the meeting.

Task 1.2 Records Review

The Consultant shall review available data related to the project. The Airport will provide to the Consultant any relevant information to the project such as previous as-builts, historical survey data, previous design plans/specifications, and geotechnical investigation reports.

Task 1.3 Field Investigation

The Consultant shall perform a field investigation to review and verify existing conditions including visible site drainage, electrical and other systems impacted by the project. The existing pavement will be inspected and evaluated to determine if the existing pavement is adequate to support the intended equipment. It is anticipated that the field investigation will take place during the same trip as Task 1.1.

Task 1.4 Geotechnical Investigation

The Consultant shall coordinate, through its subconsultant, a geotechnical investigation of the proposed project site. The geotechnical investigation is anticipated to include three (3) pavement cores / soil borings to obtain information necessary for foundation design of new addition.

TASK 1 SCHEDULED MEETING SUMMARY

→ (1) Pre-Design Meeting with Airport Staff/Field Investigation

TASK 1 DELIVERABLES

→ N/A

TASK 1 SCHEDULE

A preliminary schedule follows:

→ Pre-Design Meeting......Within 45 days of NTP
 → Records Review and Field Investigation......Performed at time of Pre-Design Meeting

Task 2: Schematic Design

Performance of this Task will define the general design parameters of scope, scale and relationship of components of the Project. Documentation will include plans, sections, elevations and/or written descriptions. Specific task breakdowns are as follows:

Task 2.1 Alternative Configurations and Roofing Materials

Up to two (2) alternatives will be studied to evaluate accommodation of the various facility needs and building functions. Scaled study plans will illustrate the alternatives along with presentation of the features and the relative responsiveness to the goals and objectives of the facility.

Task 2.2 Architectural Design Concepts

The design considerations for function, massing and exterior appearances will be defined. Evaluations based on preferences and affordability will be made for the Airport's direction for further refinement during the design development phase. Roofing systems will be investigated for appropriate use. Metal siding repair/replacement options will be studied and entrance door requirements assessed.

Task 2.3 Mechanical/Electrical Recommendations

Consultant shall prepare a list of various recommendations for the electrical and mechanical systems in the existing SRE building. Evaluations based on preferences and affordability will be made for the Airport's direction for further refinement during the design development phase.

Task 2.4 Schematic Document Production

Multi-discipline project definition will be provided through drawings, narratives and selected outline specifications for cost evaluation.

Task 2.5 Estimate of Probable Construction Cost

An estimate of probable construction cost of the schematic level documents to establish the relative value of project components, potential alternates for funding limitations and the conformance to the overall project budget. The probable construction cost is an estimate representing the judgment of the estimators who have no control over the cost of labor, materials or equipment, over the Contractor's methods of determining prices, or over competitive bidding, market or negotiating conditions. Accordingly, the A/E cannot and does not warrant or represent that bids or negotiated prices will not vary from the budget, funding or from any estimate or evaluation by the A/E.

Task 2.6 Code and Permitting Research

Preliminary determination of jurisdictional authority requirements for Building Code, Fire Protection and Life Safety. Impacts on project scope and strategies to accommodate requirements will be defined.

Task 2.7 Project Management and Discipline Coordination

Scheduling, resource allocation, monitoring, oversight, direction and control for all aspects of the team's efforts including assembly and coordination of all documentation.

TASK 2 SCHEDULED MEETING SUMMARY

→ (1) Design Review Meeting (Teleconference)

TASK 2 DELIVERABLES

- → Schematic Documents and Narrative
- → Anticipated Specifications TOC
- → Estimate of Probable Construction Cost

TASK 2 SCHEDULE

A preliminary schedule follows:

Task 3: 90% Design Documents

Performance of this Task will be based on the approved Schematic Design documents and shall further refine the design and establish the scope, relationships, forms, size and appearance of the project through plans, sections, elevations, details and outline specifications. Specific task breakdowns are as follows:

Task 3.1 Civil / Site Design Development

Design and preliminary documentation of site phasing, layout, safety/security, demolition, geometry, and existing conditions.

Task 3.2 Architectural Design Development

Design and preliminary documentation of the space layout, functional features, envelope, and exterior appearance and related plans, sections and details for the Project. Considerations for special detailing requirements for reroof system will be addressed. Metal siding and entrance door replacement will be addressed and detailed.

Task 3.3 Structural Design Development

Design and preliminary documentation of foundations, exterior wall structure and lateral load system.

Task 3.4 Plumbing Design Development

Design and preliminary documentation of roof drainage modifications.

Task 3.5 Fire Protection Design Development

Design and preliminary documentation of standpipe, hose cabinet and sprinkler system as applicable.

Task 3.6 Electrical Design Development

Design and preliminary documentation of power service, lighting, security and fire alarm.

Task 3.7 Mechanical Design Development

Design and preliminary documentation of HVAC and heating system for building.

Task 3.8 Estimate of Probable Construction Cost

An estimate of probable construction cost of the design development level documents to establish the relative value of project components, potential alternates for funding limitations and the conformance to the overall project budget. The probable construction cost is an estimate representing the judgment of the estimators who have no control over the cost of labor, materials or equipment, over the Contractor's methods of determining prices, or over competitive bidding, market or negotiating conditions. Accordingly the A/E cannot and does not warrant or represent that bids or negotiated prices will not vary from the budget, funding or from any estimate or evaluation by the A/E.

Task 3.9 Code and Permitting Research

Final determination and documentation of jurisdictional authority requirements for Building Code, Fire Protection and Life Safety. Interpretations of requirements will be incorporated in the design documents for jurisdictional reviews.

Task 3.10 90% Design Document Review Meeting

The Project Manager will meet with the Airport and review the construction documents for scope and completeness prior to bidding.

Task 3.11 Project Management and Discipline Coordination

Scheduling, resource allocation, monitoring, oversight, direction and control for all aspects of the team's efforts including assembly and coordination of all documentation.

TASK 3 SCHEDULED MEETING SUMMARY

→ (1) 90% Design Review Meeting

TASK 3 DELIVERABLES

- → 90% Design Plans
- → 90% Specifications
- → Design Narrative Update
- → Estimate of Probable Construction Cost

TASK 3 SCHEDULE

A preliminary schedule follows:

Task 4: Construction Documents

Performance of this Task will be based on the approved 90% Design Documents and shall provide the detailed requirements for construction of the Project. The documents will include Drawings and Specifications that establish, in detail sufficient for production of shop drawings and construction, the configuration and quality of the materials, components and systems required for the Project.

Task 4.1 Civil/Site Construction Documents

Final design and documentation for establishment of site configurations for construction access, securing of the site, providing staging areas and the completed project's geometry, grading, pavement and drainage.

Task 4.2 Architectural Construction Documents

Design and final documentation of architectural elements of the project such as space layout, functional features, envelope, and exterior appearance and related plans, sections and details. Metal siding and entrance door replacement will be completed.

Task 4.3 Structural Construction Documents

Design and final documentation of foundations, exterior wall structure and lateral load system.

Task 4.4 Plumbing Construction Documents

Design and final documentation of roof drainage system.

Task 4.5 Fire Protection Construction Documents

Design and final documentation of standpipe, hose cabinet and sprinkler system.

Task 4.6 Electrical Construction Documents

Design and final documentation of power service, lighting, security and fire alarm.

Task 4.7 Mechanical Construction Documents

Design and final documentation of HVAC and heating system for building.

Task 4.8 Estimate of Probable Construction Cost

An estimate of probable construction cost of the nearly complete construction documents to identify, potential alternates for funding limitations and assess probable conformance to the overall project budget. The probable construction cost is an estimate representing the judgment of the estimators who have no control over the cost of labor, materials or equipment, over the Contractor's methods of determining prices, or over competitive bidding, market or negotiating conditions. Accordingly the A/E cannot and does not warrant or represent that bids or negotiated prices will not vary from the budget, funding or from any estimate or evaluation by the A/E.

Task 4.9 Project Management and Discipline Coordination

Scheduling, resource allocation, monitoring, oversight, direction and control for all aspects of the team's efforts including assembly and coordination of all documentation.

TASK 4 SCHEDULED MEETING SUMMARY

→ N/A

TASK 4 DELIVERABLES

- → Construction / Bidding Documents and Specifications
- → Estimate of Probable Construction Cost

TASK 4 SCHEDULE

A preliminary schedule follows:

→ Prepare Construction Documents......45 days from Approval of 90% Design Docs

Task 5 Bidding Assistance

The services commencing after completion of the Construction Documents are anticipated to include assistance during bidding including: Attendance at pre-bid conference; issuance of necessary addenda; and bid tabulation and award recommendation.

Amarillo International Airport SRE Building Modifications July 5, 2016

Updated: September 2, 2016

TASK 5 SCHEDULED MEETING SUMMARY

→ Pre-Bid Conference

TASK 5 DELIVERABLES

→ Bid Tabulation and Award Recommendation

3. Exclusions and Assumptions

The following are excluded from this proposal:

- → Preparation of State, Local or Federal Environmental Documentation
- → Safety Risk Assessment Meetings
- → Permit Fees associated with Obtaining Required Project Permits
- → Any other services not explicitly defined
- → As-Built Survey
- → Materials testing
- → Topographic Survey
- → Construction Administration
- → Resident Project Representation Services

The following are <u>assumed</u> for this proposal:

- → Escort for geotechnical analyses will be provided by AMA.
- → All electrical, water and wastewater services will be provided from the existing building. If it is determined that these systems are inadequate, additional investigation including, but not limited to, site survey and utility coordination may be required.
- → Existing concrete pavement surrounding building is adequate to support intended equipment. If it is determined that the pavement is inadequate, additional design/replacement will be required to replace the pavement.

Agenda Caption

Vicinity: S Grant St. & SE 8th Ave.

License and Hold Harmless Agreement to encumber 10' 10" of public ROW of 705 South Grant Street, for walkway and security fence, adjacent to Lots 13-24, Block 378, Mirror Addition Unit No. 1, in Section 155, Block 2, AB&M Survey, Potter County, Texas.

Agenda Item Summary

This license and hold harmless agreement is to legitimize an existing walkway and security fence extending up to 10' 10" into the public right-of-way of 705 South Grant Street. There is an annual fee of \$250.00 associated with the agreement. The first year's fee has been paid.

The associated loft project had previously been through site plan and building plan review but a review of records confirm that no license and hold harmless agreement was executed as one of the steps for this project. Approval for the construction and issuance of a certificate of occupancy was given. This agreement will fully address the existing encroachment.

Planning staff believes that the request is appropriate for the situation and recommends approval.

Requested Action

The applicant is requesting the approval of a License and Hold Harmless for an existing encumbrance.

Funding Summary

N/A

Community Engagement Summary

The item was distributed to all applicable internal and external entities. Notices were not required for this item.

City Manager Recommendation

Planning Staff has reviewed the associated L&HH agreement and exhibits and recommends the City Council approve the item as submitted.

LICENSE AND HOLD HARMLESS AGREEMENT

THE STATE OF TEXAS)
COUNTY OF POTTER)

This license is made by and between the City of Amarillo, a Texas municipal corporation situated in Potter and Randall Counties, Texas, hereinafter called LICENSOR, and Lofty LLC, a limited liability company, hereinafter called LICENSEE, upon the following terms performable in Potter County, Texas:

WITNESSETH:

For and in consideration of the annual sum of \$250.00, being due annually on the anniversary date of this agreement, and of the covenants herein contained and the full and faithful performance of the same, LICENSOR hereby grants a license to LICENSEE to construct, maintain, and use a walkway and security fence extending up to 10' 10" into the public right-ofway of 705 South Grant Street, adjacent to Lots 13-24, Block 378, Mirror Addition Unit No. 1, in Section 155, Block 2, AB&M Survey, Potter County, Texas.

- The general details of the above-described encumbrance are shown on the attached 1.1. Exhibits A and B. This license supercedes any prior agreement or license from LICENSOR TO LICENSEE or LICENSEE'S predecessors pertaining to the described location and use.
- The term of this license shall be for a period of one year from the effective date hereof and shall be automatically extended for successive one-year periods provided, however, either party may terminate this Agreement by providing written notice of termination to the other party on or before 30days prior to the end of any annual term.

II.

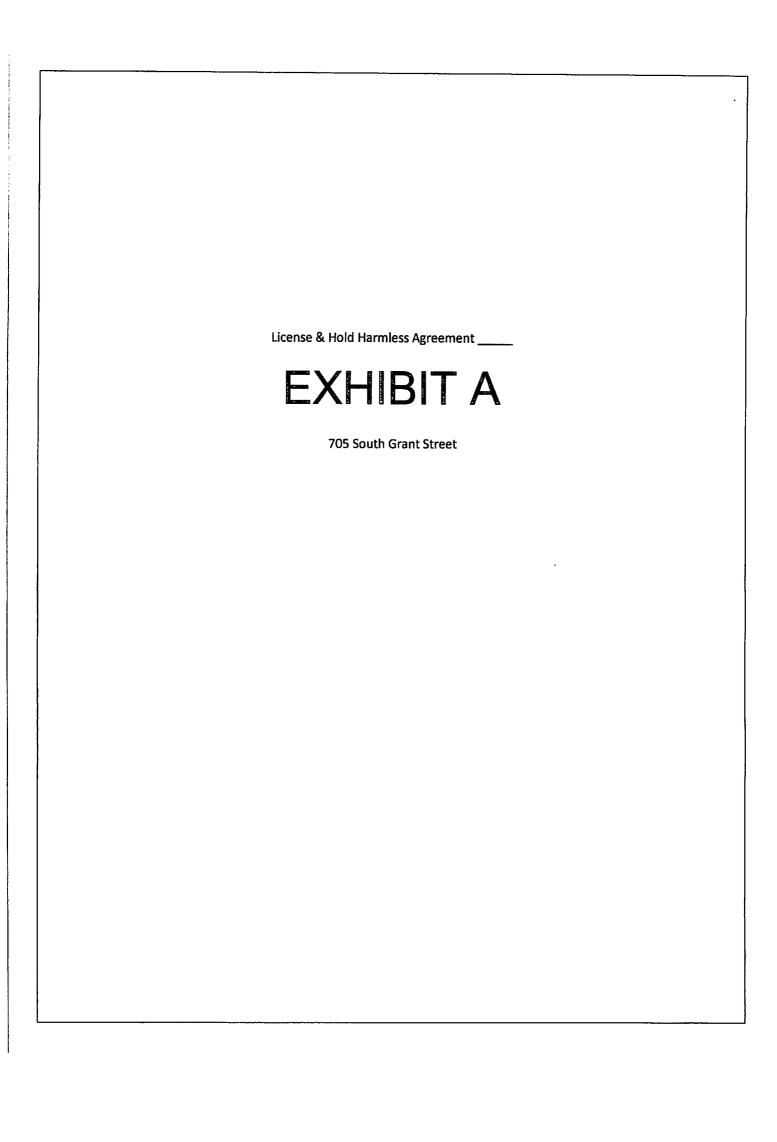

This license is granted upon LICENSEE's agreement to strictly comply with the following terms and conditions:

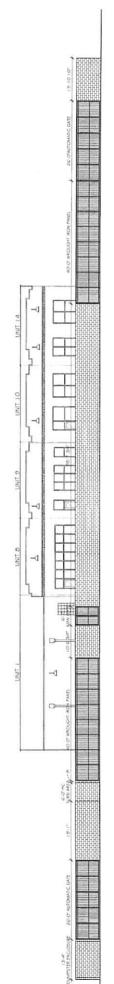

- This license shall not be assigned, sold or in any other manner transferred without the prior written consent of the LICENSOR. Notwithstanding paragraph 2.7 below, breach of this condition shall immediately terminate this license and shall require restoration of the premises to the condition which existed prior to the execution of this agreement. Upon failure to restore said property as above stated, LICENSOR may perform such restoration at the expense of the then owner of such property being restored.
- LICENSEE agrees that as between LICENSEE and LICENSOR, LICENSEE shall 2.2. save LICENSOR harmless from any and all liability for personal injuries, property damage or loss

of life or property resulting from, or in any manner connected with, LICENSEE's maintenance and use of the above-described intrusions into the public right-of-way.

- 2.3. LICENSEE shall give LICENSOR prompt and timely notice of any claim made or suit instituted which in any way, directly or indirectly, contingently or otherwise, affects or may affect LICENSOR. To the extent that LICENSEE fails to assume the defense of LICENSOR in a timely manner, LICENSOR shall have the right to compromise and defend the same to the extent of its own interests without waiving its right to call upon LICENSEE for defense or indemnity.
- 2.4. LICENSOR retains the right to require the removal of any or all of the intrusions into the public right-of-way should LICENSOR find after a public hearing dealing with the matter that said intrusions into the public right-of-way unreasonably interfere with the public's use of its right-of-way or in any other way hampers the public's rights.
- 2.5. LICENSEE hereby agrees to assume all costs for damages and repairs to public utilities, street services or any other public improvement located in or adjacent to the public right-of-way described above, regardless of the type of damage caused by LICENSEE, its employees, agents, or contractors. LICENSEE further agrees to hold LICENSOR harmless from any costs occasioned by or necessitated by the relocation of LICENSEE's facilities due to entry of the LICENSOR onto the right-of-way for maintenance, replacement or repair of any line or lines, including water and sewer lines, located in the public right-of-way. In this regard, LICENSEE specifically recognizes the potential hazards of erecting or placing encumbrances and intrusions in the public utility easement.
- 2.6. Any notice required by this agreement shall be sufficient if served by certified or registered United States mail on City Manager of the City of Amarillo, P.O. Box 1971, Amarillo, Texas, 79105-1971; or upon Darin Hudson, Signor, Lofty LLC, 6246 S Ash Circle East, Centennial, Colorado 80161.
- 2.7. LICENSEE's failure to perform any of the duties imposed hereby shall constitute a breach of this agreement and shall be a cause for revocation of this license if said breach is not cured within ten days of notice of said breach. In the event of breach, LICENSEE agrees to remove all encumbrances from the right-of-way no later than 30days from its failure to cure the breach as provided above. In the event legal proceedings are necessary to enforce LICENSOR's rights under this agreement, all costs, including reasonable attorneys' fees, shall be paid by LICENSEE.
