Re: Annual List of Projects within the Amarillo MPO Boundary – Oct. 1, 2019 to Sep. 30, 2020

Dear Mr. Tindall,

The projects inside the Amarillo Metropolitan Planning Organization Boundary, shown on the attached list, received funding between October 1, 2019 and September 30, 2020.

The Amarillo Metropolitan Planning Organization made this list of projects available for public comment for 10 days beginning March 8, 2021. This public comment period ended March 18, 2021. During that time, we invited the public to make written comment on each or all of the projects. Attached is a copy of the public notice soliciting comment on the projects listed above. MPO staff posted the public notice at Amarillo City Hall, Amarillo Public Library, Potter County Courthouse, Randall County Courthouse, TxDOT Amarillo District Office, and in the March 5, 2021 issue of the Amarillo Globe-News newspaper, the regional newspaper with the largest circulation.

We received no comments from citizens or businesses in the regional community regarding the projects.

Please contact Travis Muno, MPO Administrator, if you have other needs or questions.

Sincerely

Travis Muno
Amarillo MPO Administrator

**Amarillo Metropolitan Planning Organization
FY 2020 Annual Project Listing
Highway Projects**

Purpose of this Report

The Amarillo Metropolitan Planning Organization (MPO) is required by the Fixing America's Surface Transportation (FAST) Act to publish or otherwise make available an annual listing of projects, including investments in pedestrian walkways and bicycle transportation facilities, for which federal funds have been obligated during the previous fiscal year. The listing shall include projects identified in the Amarillo Transportation Improvement Program. Obligated projects in this report are listed by Federal-Aid Project Number and include highways, transit, bicycle and pedestrian, and other grouped projects. This report provides an overview of the transportation planning and programming process and the resulting federal funding obligation of the Transportation Improvement Program (TIP).

This report lists projects which were federally obligated in the 2020 fiscal year (October 1, 2019– September 30, 2020). An obligation is the federal government's commitment to pay its fair share of the project cost. This obligation happens at the time when the project is executed and the State or Grantee requests the funds. For Federal Transit Administration (FTA) projects, obligation occurs when the FTA grant is awarded. In summary, an obligated project is one that has been approved by the federal government for reimbursement. Projects contained in the Annual Project Listing (APL) may not have been initiated or completed in the fiscal year.
