CONSIDERATION OF ORDINANCE NO. 7961

(Contact: Anthony Spanel, Environmental Health Director)

This is a second and final reading of an ordinance revising Chapter 8-5 Public and Environmental Health Sec. 8-5-20 Food establishment scoring system. In August of 2021, the Texas Department of State Health Services amended state statute to reflect the adoption of the 2021 Texas Food Establishment Rules. These rules included changes that impacted the Amarillo Area Public Health Districts Food Hygiene program and subsequently created a need for an ordinance update. Among other things, the rule changes made scoring of food establishments optional and allows local jurisdictions to decide which inspection form they choose to use. The chapter revision will include adoption of a 47-item inspection report, continuation of the districts existing scoring system and an update to the acceptable scorecard posting location.

Honorable Council Members:

The Amarillo Area Public Health Board unanimously supports the proposed revisions to Chapter 8-5-20 of the Amarillo Municipal Code. The Board believes the passage of these changes will foster best practices for the Department of Environmental Health and are necessary to continue to serve the community with the highest regard.

Respectfully,

Kenneth Crossland, DDS
Chairman, Public Health Board
Amarillo Area Public Health District

TO: Honorable Mayor and Amarillo City Council, City of Amarillo

From: Panhandle Chapter of the Texas Restaurant Association, Amarillo, Texas

REGARDING: Proposed amendment of the Amarillo Municipal Code, Chapter 8-5, Article IV, Section 8-5-20, to provide a scoring system for Food Hygiene Inspections and related effects.

Please consider this letter The Panhandle Restaurant Association's endorsement and support of the amending proposed of ordinance as cited above. We understand that it is needed to allow continuation of the use of the current Texas Department of Health Services Texas Food Establishment Rules in Amarillo.

A representative of the Amarillo Public Health District Health District has met with us to explain the need for the amendment and discuss any concerns we may have as operators affected by it in our daily business.

We understand that the current system translates inspection based on a 47-item inspection report, weighted scoring, and conversion of the scoring to a letter grade.

The current system most effectively serves the needs of the public by providing a clear, easily understood, and familiar system. It also helps food service operators by providing clear guidance in our continuing efforts to provide the highest possible level of customer safety and satisfaction.

We appreciate your consideration and the AAPHD's work in this matter.

Respectfully submitted,

Steve Garcia

CONSIDERATION OF ORDINANCE NO. 7962

Second and final reading to consider an ordinance rezoning a 0.81 acre tract of unplatted land in Section 183, Block 2, A.B.&M. Survey, Randall County, Texas, plus one-half of all bounding streets, alleys, and public ways, to change from Agricultural District (A) to General Retail District (GR).

VICINITY: Georgia St. and S.W.58th Ave.

APPLICANT/S: Lawrence Vigil for Vigil Properties LLC

Agenda Item Summary

Adjacent land use and zoning

Adjacent zoning consists of Agricultural District to the north and south, Residential District 2 to the east, and General Retail District to the west.

Adjacent land uses consist of a convenience store and car wash to the north, undeveloped land to the south, single family detached homes to the east, and a charter school to the west.

Proposal

The applicant is requesting a change in zoning to develop the tract with a new restaurant.

Analysis

The Planning and Zoning Commission’s analysis of zoning change requests begins with referring to the Comprehensive Plan’s Future Land Use and Character Map, which identifies recommended future land uses. Additionally, the Planning and Zoning Commission considers what impact on area existing zoning and development patterns as well as its conformity to the Neighborhood Unit Concept of development (NUC).

The Future Land Use and Character Map identifies the applicant’s tract as being in the General Commercial Category. The General Commercial category calls for a wide range of commercial retail and service uses at varying scales and intensities depending on the site. The applicant’s request would conform with the General Commercial category.

Regarding the NUC, this concept calls for more intensive uses such as retail, office, and multi-family, and higher density single-family development to be located at or near Section Line Arterial Intersections with intensity of use and/or zoning decreasing inward towards the center/middle of a section where less dense single-family detached homes are typically found. The applicant’s tract conforms with the NUC as it is located near the intersection of Georgia Street and S.W. 58th Avenue, a Section Line Arterial Intersection, immediately adjacent to other retail and non-residential land uses.

Considering the just mentioned information, the Planning and Zoning Commission is of the opinion that the applicant’s request is a logical continuation of existing zoning and development patterns in the area and would not result in any detrimental impacts to existing development in the area.

Requested Action/Recommendation

Notices have been sent to all property owners within 200 feet regarding this rezoning. At the time of this writing, the Planning Department has not received any comments regarding the request. Considering the just mentioned, the Planning and Zoning Commission recommends **APPROVAL** of the rezoning request as presented.

WHEREAS, the City Council has considered the final recommendation and report of the Planning and Zoning Commission and has held public hearings on such proposed zoning changes, all as required by law; and

WHEREAS, the City Council further determined that the request to rezone the location indicated herein is consistent with the goals, policies, and future land use map of the Comprehensive Plan for the City of Amarillo, Texas.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AMARILLO:

Survey, Randall County, Texas, plus one-half of all bounding streets, alleys, and public ways, to change from Agricultural District (A) to General Retail District (GR), being further described in Exhibit A attached herein.

SECTION 3. In the event this Ordinance or any part hereof is found to be invalid, such invalidity shall not affect the remaining portions of the Ordinance, and such remaining portions shall continue to be in full force and effect. The Director of Planning is authorized to make corrections and minor changes to the site plan or development documents to the extent that such does not materially alter the nature, scope, or intent of the approval granted by this Ordinance.

SECTION 4. All ordinances and resolutions or parts thereof that conflict with this Ordinance are hereby repealed, to the extent of such conflict.

CONSIDERATION OF ORDINANCE NO. 7963

Second and final reading to consider an ordinance rezoning the east 74 feet of the west 180 feet of Lot 9, Block 8, Pleasant Valley Unit No. 1, a subdivision of the S.E. ¼ and part of the S.W. ¼ of Section 159, Block 2, A.B.&M. Survey, Potter County, Texas, plus one-half of all bounding streets, alleys, and public ways, to change from Residential District 1 (R-1) to Residential District 1 with Specific Use Permit 199 (R-1/S-199) for the placement of a Type B Manufactured Home.

VICINITY: Withers Ave. and Mountain Dr.

APPLICANT/S: Leocadio Duarte

Agenda Item Summary

Adjacent land use and zoning

Adjacent zoning consists of Residential District 1 in all directions.

Adjacent land uses consist of a single family detached home to the north, south, and east and a manufactured home to the west.

Proposal

The applicant is requesting a change in zoning to place a Type B manufactured home on the lot. The applicant's proposed manufactured home was built in 2021 and is 15.5 feet wide and 1,185 square feet, all of which exceed the minimum standards for a Type B manufactured home.

Analysis

The subdivision that the applicant is located in is primarily developed with traditionally built single family detached homes with manufactured homes also found within the area in addition to a handful of institutional uses (two churches). It is also noted that the block the applicant is located on and the immediately surrounding blocks are almost entirely developed with few vacant lots in the area.

In examining the neighborhood surrounding the applicant's tract, Staff was able to locate six existing manufactured homes within a two-block radius of the subject property, with 4 of those being either on the same block or immediately adjacent. Additionally, staff noted that in total, there are 32 existing manufactured homes within a ten-block radius of the applicant's tract. Three have approved Specific Use Permits associated with them, four have a permit from Building Safety associated with them while the remaining don't have permits on file.

Planning Commissioners note that based on the above, a precedent for manufactured homes has been set in area immediately surrounding the applicant's tract. Considering the existing development patterns, the Planning Commission is of the opinion that if the applicant's request were approved, the overall character of the subdivision would not change or be negatively impacted nor would a new precedent be set.

The applicant as part of a request for a Specific Use Permit is also required to submit an expert evaluation by a licensed real estate appraiser to assess the impacts, if any, the request would have on the area. It was the opinion of the appraiser that the request, if approved, would not adversely affect the property values of the adjoining property or other property in the area.

Considering the just mentioned, Planning Commissioners are of the opinion that the placement of a manufactured home Type B on the site is not out of character with the area and would not result in any detrimental impacts.

Requested Action/Recommendation

Notices were sent to all property owners within 200 feet. As of this writing, no calls have been received.

Considering the just mentioned information, the Planning and Zoning Commission recommends **APPROVAL** of the request as presented.

CONSIDER APPROVAL – AVIATION CLEAR ZONE EASEMENT

Consideration of an Aviation Clear Zone Easement being 4,600 feet above mean sea level above the plat of Valley View South Unit No. 5, a suburban subdivision to the City of Amarillo, being an unplatted tract of land, in Section 175, Block 2, A.B.&M. Survey, Randall County, Texas.

Agenda Item Summary

The above referenced Aviation Clear Zone (ACZ) Easement is being requested by the City of Amarillo and is associated with the plat Valley View South Unit No. 5.

To ensure safety of operation and protection of air traffic operating into and out of the airport, future physical development around the airport needs to be regulated. In 1981, the Texas Legislature enacted the Airport Zoning Act, cited as Chapter 241 of the Local Government Code, which authorized cities in the state to establish and administer regulations pertaining to the height of structures and compatible land uses in the vicinity of the airport. One of the tools established in the Amarillo Code of Ordinances that allows the City of Amarillo to regulate this type of development is the Airport Height Hazard and Zoning Regulations (Chapter 4-9) which establishes minimum requirements to control the height and use of structures that may develop in the vicinity of the airport.

The ACZ Easement document is established during the platting of a tract of land to set the height regulations for noting on the associated plat, and the legal document is signed by the owner/developer of the tract. The placement of the note on the plat ensures that the height regulation is easily found by any future owner of the tract of land. Each ACZ Easement has an associated height regulation that is determined by the tract’s proximity and location around the airport. For example, areas at the end of the runway will likely have a lower height regulation than ones at the same distance that are located adjacent to the length of the runway. The reason for this is because aircraft taking off or landing will need to be at a lower altitude during its approach or departure portion of the traffic pattern for the each associated runway.

This ACZ Easement is establishing a height regulation of 4,600 feet above mean sea level for the plat of Valley View South Unit No. 5.

Requested Action

Planning Staff have reviewed the associated Aviation Clear Zone Easement and the item is ready for City Council Consideration as a consent agenda item.

Funding Summary

The Easement is being granted to the City at no cost.

PUBLIC HEARING AND CONSIDERATION OF ORDINANCE NO. 7966

Public hearing and first reading to consider an ordinance rezoning Lots 6 thru 8, Morningside Subdivision, an addition to the City of Amarillo, in Section 156, Block 2, A.B.&M. Survey, Potter County, Texas, plus one-half of all bounding streets, alleys, and public ways to change from Multiple Family District 1 (MF-1) to General Retail District (GR).

VICINITY: Amarillo Blvd. and Mirror St.

APPLICANT/S: Greg Mitchell for JAMAL Enterprises, LP

Agenda Item Summary

Adjacent land use and zoning

Adjacent zoning consists of Heavy Commercial District to the north, Multiple-Family District 1 and General Retail District to the east, and Multiple-Family District 1 in all other directions.

Proposal

The applicant is requesting a change in zoning in order to develop this tract and the three lots to the north with a car wash. The three lots to the north are set to be considered on the same Council agenda and are only being considered separately due to the fact that the two tracts are separated by an improved alley and have differing characteristics which warrant separate consideration.

If approved, this request and the one associated with the three lots to the north would be part of a unified development site. It must be noted that the applicant will also be submitting a request to vacate the alley immediately north in the near future.

Analysis

Plan's Future Land Use and Character Map, which identifies recommended future land uses. Additionally, staff considers what impact on area existing zoning and development patterns as well as its conformity to the Neighborhood Unit Concept of development (NUC).

The recommended development category for the applicant's tract is General Residential. This category calls for single-family detached residential dwellings, attached housing types, and Planned Developments with a mix of housing types of varying densities.

The applicant's request of General Retail zoning would not fit the Future Land Use and Character Map category. That said, the Planning and Zoning Commission does note that in the area, patterns of development and zoning have varied from the above recommended category. This is illustrated as property to the east has been rezoned to General Retail and developed with a retail land use that was also in a General Residential category (the yellow in the following image).

(Mirror St. and Amarillo Blvd)

Considering the just mentioned change in the recommended development category, the Planning and Zoning Commission is of the opinion that the applicant's request is not out of character with what has occurred in the past to the east.

Regarding the Neighborhood Unit Concept of Development, this concept calls for more intensive uses such as commercial, retail, office, and multi-family development to be located at or near Section Line Arterial Intersections with intensity of use and/or zoning decreasing inward towards the center/middle of a section.

When considering the lots to the north and the lots now being discussed as a whole, the applicant's "unified site" for the carwash can be considered to be located at a major arterial intersection (Amarillo Boulevard and Mirror Street) and as such, conforms to the NUC.

It is worth noting that land adjacent to the applicant's tract, although predominately developed with single-family detached homes, is zoned Multiple-Family District 1. Such zoning is one of the recommended transitional zoning districts adjacent to retail areas located at or near major intersections.

Considering existing zoning and development patterns in the area, the Planning and Zoning Commission believes that allowing a retail zoning designation on the applicant's tract would not result in zoning or development patterns new to the area whereas residential adjacent to non-residential currently exists. Therefore, the Planning and Zoning Commission believes that the applicant's request is in line with existing area zoning and development patterns.

Requested Action/Recommendation

Notices have been sent to all property owners within 200 feet regarding the request. At this time of this writing, the Planning Department has received one call from an area property owner regarding this request. The property inquired about the request and commented that he did not have any opposition to the request.

Considering the just mentioned information, the Planning and Zoning Commission recommends **APPROVAL** of the request as presented.

ORDINANCE NO. 7966

AN ORDINANCE OF THE CITY OF AMARILLO, TEXAS: PROVIDING FOR SPECIFIED CHANGES IN THE OFFICIAL ZONING MAP OF THE CITY OF AMARILLO, TEXAS; PROVIDING FOR CHANGE OF USE DISTRICT CLASSIFICATION OF SPECIFIED PROPERTY IN THE VICINITY OF AMARILLO BOULEVARD AND MIRROR STREET, POTTER COUNTY, TEXAS; PROVIDING A SAVINGS CLAUSE; PROVIDING A REPEALER CLAUSE; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City Council adopted the "Amarillo Comprehensive Plan" on October 12, 2010, which established guidelines in the future development of the community for the purpose of promoting the health, safety, and welfare of its citizens; and

WHEREAS, the Amarillo Municipal Code established zoning districts and regulations in accordance with such land use plan, and proposed changes must be submitted to the Planning and Zoning Commission; and

WHEREAS, after a public hearing before the Planning and Zoning Commission for proposed zoning changes on the property hereinafter described, the Commission filed its final recommendation and report on such proposed zoning changes with the City Council; and

WHEREAS, the City Council has considered the final recommendation and report of the Planning and Zoning Commission and has held public hearings on such proposed zoning changes, all as required by law; and

WHEREAS, the City Council further determined that the request to rezone the location indicated herein is consistent with the goals, policies, and future land use map of the Comprehensive Plan for the City of Amarillo, Texas.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AMARILLO:

SECTION 1. All of the above premises are hereby found to be true and correct legislative and factual findings of the City Council and are hereby approved and incorporated into the body of this Ordinance as if copied in their entirety.

SECTION 2. The zoning map of the City of Amarillo adopted by Section 4-10 of the Amarillo Municipal Code and on file in the office of the Planning Director is hereby amended to reflect the following zoning use changes:

Survey, Potter County, Texas, plus one-half of all bounding streets, alleys, and public ways, to change from Multiple Family District 1 (MF-1) to General Retail District (GR), being further described in attached Exhibit A, incorporated herein.

SECTION 3. In the event this Ordinance or any part hereof is found to be invalid, such invalidity shall not affect the remaining portions of the Ordinance, and such remaining portions shall continue to be in full force and effect. The Director of Planning is authorized to make corrections and minor changes to the site plan or development documents to the extent that such does not materially alter the nature, scope, or intent of the approval granted by this Ordinance.

SECTION 4. All ordinances and resolutions or parts thereof that conflict with this Ordinance are hereby repealed, to the extent of such conflict.

SECTION 5. This Ordinance shall become effective from and after its date of final passage.

PUBLIC HEARING AND CONSIDERATION OF ORDINANCE NO. 7967

Public hearing and first reading to consider an ordinance rezoning all of Lots 3 and 4 and the remaining portion of Lot 5, Block 16, Morningside Subdivision, an addition to the City of Amarillo, in Section 156, Block 2, A.B.&M. Survey, Potter County, Texas, plus one-half of all bounding streets, alleys, and public ways, to change from Heavy Commercial District (HC) to General Retail District (GR).

VICINITY: Amarillo Blvd. and Mirror St.
 APPLICANT/S: Greg Mitchell for JAMAL Enterprises, LP

Agenda Item Summary

Adjacent land use and zoning

Adjacent zoning consists of Light Commercial District to the north, Multiple-Family District 1 to the south, General Retail District to the east, and Heavy Commercial District to the west.

Adjacent land uses consist of an auto parts store to the north, a vacant single-family home to the south, a convenience store to the east, and a muffler and radiator shop to the west.

Proposal

The applicant is requesting a change in zoning to develop the site with a car wash. The Planning and Zoning Commission would like to note that this request is associated with a rezoning request on the Council agenda and if approved, would make up the second part of a unified development site.

Analysis

The Planning and Zoning Commission’s analysis of zoning change requests begins with referring to the Comprehensive Plan’s Future Land Use and Character Map, which identifies recommended future land uses. Additionally, the Planning and Zoning Commission considers what impact on area existing zoning and development patterns as well as its conformity to the Neighborhood Unit Concept of development (NUC).

The applicant’s tract is identified as being in the General Commercial category. This category calls for a wide range of commercial retail and services uses at varying scales and intensities depending on the site. The applicant’s request for General Retail would conform with this category.

Regarding the Neighborhood Unit Concept of Development, the concept calls for more intensive uses to be located at or near arterial intersections with a transition in zoning to less intensive uses away from the intersections. The applicant’s tract is located at an intersection of two arterial streets (Amarillo Boulevard and Mirror Street) and conforms with the NUC.

The Planning and Zoning Commission also notes that currently, this tract is zoned as Heavy Commercial District which would allow for the applicant’s use by right. The applicant desired to have uniformed zoning for the entirety of their site as Heavy Commercial District would not have been appropriate zoning to expand southward. Additionally, the Planning and Zoning Commission notes that a down-zoning from Heavy Commercial to General Retail District could be a positive impact to the neighborhood as retail zoning would effectively eliminate certain land uses (Machine Shops, Laundry Plants, Bar or Tavern, Unscreened Outdoor Storage, Wholesale Petroleum Product Storage to name a few) not considered compatible with near-by single-family homes.

Considering the just mentioned and surrounding zoning and development patterns, the Planning and Zoning Commission believes that the request if approved would represent a logical continuation of development and zoning patterns in the area and would not result in detrimental impacts to the surrounding area.

Requested Action/Recommendation

Notices have been sent to all property owners within 200 feet regarding the request. As of this writing, no comments have been received.

Considering the just mentioned information, the Planning and Zoning Commission recommends **APPROVAL** of the request as presented.
