Amarillo Metropolitan Planning Organization FY 2021 Annual Project Listing Highway Projects

Purpose of this Report

The Amarillo Metropolitan Planning Organization (MPO) is required by the Infrastructure Investment and Jobs Act (IIJA) to publish or otherwise make available an annual listing of projects, including investments in pedestrian walkways and bicycle transportation facilities, for which federal funds have been obligated during the previous fiscal year. The listing shall include projects identified in the Amarillo Transportation Improvement Program. Obligated projects in this report are listed by Federal-Aid Project Number and include highways, transit, bicycle and pedestrian, and other grouped projects. This report provides an overview of the transportation planning and programming process and the resulting federal funding obligation of the Transportation Improvement Program (TIP).

This report lists projects which were federally obligated in the 2021 fiscal year (October 1, 2020– September 30, 2021). An obligation is the federal government's commitment to pay its fair share of the project cost. This obligation happens at the time when the project is executed, and the State or Grantee requests the funds. For Federal Transit Administration (FTA) projects, obligation occurs when the FTA grant is awarded. In summary, an obligated project is one that has been approved by the federal government for reimbursement. Projects contained in the Annual Project Listing (APL) may not have been initiated or completed in the fiscal year.
