CONSIDERATION OF ORDINANCE NO. 7968

Second and final reading of an ordinance amending the adopted Comprehensive Plan of the City of Amarillo, Texas by adding the Eastridge Neighborhood Plan as a component; providing for severability; providing for repealer; and providing for publication and providing an effective date.

Agenda Item Summary

The Eastridge Neighborhood Plan is the fourth neighborhood plan resulting from the Neighborhood Planning Initiative partnership between the City of Amarillo and Potter County. The plans are an important tool for revitalization - resulting in a new vision for an area, an organized neighborhood association and priority projects for implementation. The Amarillo Comprehensive Plan recommended “Special Area Plans” as an implementation strategy to address neighborhood and commercial revitalization. The City Council’s Blueprint for Amarillo calls for applying innovation to the redevelopment of disadvantaged areas of our community through neighborhood planning.

The project kicked off in January 2021 with the formation of the Eastridge Neighborhood Plan Advisory Committee to provide guidance and oversight. At the time, Eastridge Elementary School reported students spoke 38 different languages.

The plan identifies five overarching goals – two of which, economic opportunity and housing, are designated as the transformative goals for the revitalization of Eastridge. The other three goals relate to crime, community-building and beautification. The plan includes a vision map illustrating proposed public improvements, areas for redevelopment, new park amenities, trail systems and more. Major strategies include: urban agriculture as an economic catalyst; new housing construction, a new community park (20+ acres) with soccer fields, a water amenity, and an urban farm; a target revitalization area between Eastridge Elementary and Amarillo Blvd.; and Route 66 gateway improvements. Some zoning recommendations are included addressing the amount of existing industrial zoning and preparing the neighborhood for future development to the east

The plan has been presented and approved for adoption by the Planning and Zoning Commission in a 4-0 vote on March 7th as well as by the Potter County Commissioners’ Court in a 5-0 vote on March 14th. Upon adoption by City Council, this neighborhood plan will become a component of the Amarillo Comprehensive Plan. It will provide a unified vision for the future of Eastridge and serve as a roadmap to guide future policy-related decisions as well as public and private reinvestment.

Final plan is available online here: amarillo.gov/eastridgeplan

Requested Action

Adoption of the Eastridge Neighborhood Plan as a component of the Amarillo Comprehensive Plan.

Funding Summary

Funding for this plan was provided by a partnership between the City of Amarillo and Potter County.

Community Engagement Summary

A number of creative methods were utilized to reach as many residents as possible in the diverse neighborhood. The process included: two public meetings; eight advisory committee meetings; a resident survey; a business owner survey; property owner survey and meeting; and multiple direct mailings in different languages. The draft plan was posted on the City’s website in February for review and public comment throughout the adoption process.

The Eastridge Plan Advisory Committee has transitioned to a neighborhood association and they meet the third Thursday of the month at 6 PM at Refugee Services, 1101 Fritch Highway.

Staff Recommendation

Staff recommends approval of the plan as presented.

CONSIDERATION OF ORDINANCE NO. 7969

Second and final reading to consider an ordinance rezoning Lots 19 and 20, Block 3, Miller Heights Addition, an addition to the City of Amarillo, in Section 168, Block 2, A.B.&M. Survey, Potter County, Texas, plus one-half of all bounding streets, alleys, and public ways, to change from Multiple-Family District 1 (MF-1) to General Retail District (GR).
VICINITY: NW 9th Ave. and Hughes St.
APPLICANT/S: Marcus Hill

Agenda Item Summary

Area Characteristics

Adjacent zoning consists of General Retail District (GR) to the west, Neighborhood Services to the north and Multiple Family District 1 in all other directions.

Adjacent land uses consist of the Black Chamber of Commerce to the north, vacant land to the west and south, and a single family detached home to the east.

Proposal

The applicant is requesting a change in zoning to develop this tract of land with an unspecified retail related land use.

Analysis

Analysis of zoning change requests begins with referring to the Comprehensive Plan’s Future Land Use and Character Map, which identifies recommended future land uses. Additionally, impacts on area zoning and development patterns as well as its conformity to the Neighborhood Unit Concept (NUC) of development is considered.

The Future Land Use Map identifies the applicant’s tract as being in the Suburban Commercial Category and calls for a wide range of commercial retail and service-related uses, at varying scales and intensities depending on the site. Given land uses allowed in General Retail zoning, Planning Commissioners believe that the request conforms to the recommended development types.

Regarding the Neighborhood Unit Concept of Development, this concept calls for more intensive uses such as retail, office, and multi-family development to be located at or near Section Line Arterial Intersections with intensity of use and/or zoning decreasing inward towards the center/middle of a section. Given the tract’s location along a highly travelled thoroughfare, is near the Amarillo Blvd/Hughes St intersection and in an area that is either bounded by or in close proximity to retail (west), neighborhood services (north), and commercial (south) zoning, Planning Commissioners believe that the requested zoning is in conformance with the NUC.

It is worth noting that the area to be rezoned was included in the Part 1 of the North Heights Rezoning Initiative and proposed for General Retail zoning. Land also to the south, northwest, and north were proposed for General Retail zoning and done so in an effort to aid the transition of Hughes St into a neighborhood business corridor over time. Commissioners are of the opinion that this request if approved, aligns with the North Heights rezoning initiative to create more opportunities for local business within the community.

Requested Action/Recommendation

Notices have been sent to property owners within 200 feet regarding this proposed rezoning. At the time of this writing, one area property owner commented in favor of the request.

Considering the just mentioned, the Planning and Zoning Commission recommends **APPROVAL** of the rezoning request as presented.

CONSIDERATION OF ORDINANCE NO. 7971

Second and final reading and consideration of the Vacation of a 10-foot-wide Public Utility Easement lying in Lots 6 and 7, Block 8, North Highland Subdivision of the Tartar Addition, an addition to the City of Amarillo, in Section 157, Block 2, A.B.&M. Survey, Potter County, Texas.

VICINITY: Garfield St. and Amarillo Blvd.

APPLICANT/S: Spencer Weber for Cross Development

Agenda Item Summary

Proposal

This item is associated with an upcoming retail construction project. The vacation of the 10-foot easement is being requested in order to allow for the construction of a retail building at a location now encumbered by the existing 10-foot easement.

Analysis

Although there is no utility equipment in the existing easement to be abandoned, as just mentioned, a water main extension is likely to occur as additional development occurs. Understanding the need to extend water south from the alley in the future, the City Engineer stated that abandonment of the existing easement would be appropriate should the applicant dedicate an appropriate easement elsewhere on the block.

The applicant has agreed to dedicate a 15-foot wide Public Utility Easement that will not be encumbered by a building and would allow for a future water main extension southward when needed.

The vacation and/or dedication has been reviewed by all other customary City Departments and local utility companies and no additional requirements are needed nor have any departments have offered any opposition.

As with any vacation request, an applicant is required to either pay fair market value to acquire the area, dedicate an area of equal or greater value, pay only the higher cost of the fair market value or the relocation cost, or complete a combination of these requirements. In this particular case, the applicant is dedicating an area of greater value by way of dedicating a 2,328 square foot Public Utility Easement. Therefore, no fair market value payment will be required.

Requested Action/Recommendation

Considering the just mentioned, the Planning and Zoning Commission recommends **APPROVAL** of the Vacation request as presented; the City Manager was authorized by City Council on March 22, 2022 to execute the associated dedication documents after the second and final reading of the Vacation Ordinance.

WHEREAS, on or about February 25, 2022 Atmos Energy Corporation – West Texas Division (“Atmos Energy”) filed for an increase in gas utility rates under the Gas Reliability Infrastructure Program (“GRIP”), which if approved, results in an increase in the monthly customer charges as follows:

Rate Schedule	Current Customer Charge	Proposed 2021 Interim Rate Adjustment	Adjusted Customer Charge	Increase Per Bill
Residential Gas Service	\$15.00 per customer per month	\$2.83 per customer per month	\$17.83 per customer per month	\$2.83
Commercial Gas Service	\$50.00 per customer per month	\$8.79 per customer per month	\$58.79 per customer per month	\$8.79
Industrial & Transportation Gas Service	\$525.00 per customer per month	\$152.87 per customer per month	\$677.87 per customer per month	\$152.87
Public Authority Gas Service	\$50.00 per customer per month	\$15.84 per customer per month	\$65.84 per customer per month	\$15.84

WHEREAS, Atmos Energy’s application, if approved by the Railroad Commission, will result in a systemwide increase in Atmos Energy’s revenue of about \$13.15 million, of which the Cities of Amarillo, Channing, Dalhart, and Lubbock’s portion is about \$6.12 million.

WHEREAS, Atmos Energy proposed an effective date of April 26, 2022 for its proposed increase in rates; and

WHEREAS, the City has a special responsibility to exercise due diligence with regard to rate increases of monopoly utilities who operate within its boundaries; and

WHEREAS, the application to increase rates by Atmos Energy is complex; and

WHEREAS, it is necessary to suspend the effective date for the increase in rates for forty-five days, so that the City can assure itself that the data and calculations in Atmos Energy’s rate application are correctly done and are in conformity with section 104.301 of the Gas Utility Regulatory Act; and

WHEREAS, the effective date proposed by Atmos Energy is April 26, 2022 but a suspension by the City will mean that the rate increase cannot go into effect prior to June 10, 2022.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AMARILLO, TEXAS THAT:

Section 1. That the statements and findings set out in the preamble to this resolution are hereby in all things approved and adopted.

Section 2. The City suspends the requested effective date by Atmos Energy for forty-five days pursuant to the authority granted the City under Section 104.301 of the Texas Utilities Code. Section 3. The City authorizes the law firm of Herrera Law & Associates, PLLC, to act on its behalf in connection with Atmos Energy's application to increase rates.

Section 4. To the extent Atmos Energy's application to increase rates under section 104.301 of the Gas Utility Regulatory Act ("GURA") is considered a ratemaking proceeding, Atmos Energy is ordered to reimburse the City's reasonable rate case expenses incurred in response to Atmos Energy's rate increase application within 30 days of receipt of invoices for such expenses to the extent allowed by law.

Section 5. A copy of this resolution shall be sent to Mr. Phillip Littlejohn, Vice President, Rates & Regulatory Affairs, Atmos Energy Corporation, 6606 66th Street, Lubbock, Texas 79424; and to Mr. Alfred R. Herrera, Herrera Law & Associates, PLLC, 4400 Medical Pkwy., Austin, Texas 78756.

**AGENDA INFORMATION SHEET
AGENDA ITEM NO. 2-F**

ACTION TO SUSPEND FOR 45 DAYS THE EFFECTIVE DATE PROPOSED BY ATMOS ENERGY CORPORATION – WEST TEXAS DIVISION, TO INCREASE RATES UNDER THE GAS RELIABILITY INFRASTRUCTURE PROGRAM

“GRIP” RATE APPLICATION

Under section 104.301 of the Gas Utility Regulatory Act (GURA), a gas utility is allowed to request increases in its rates to recover a return on investments it makes between general rate cases. This section of GURA is commonly referred to as the “GRIP” statute, that is, the “Gas Reliability Infrastructure Program.”

Under a decision by the Supreme Court of Texas, the Court concluded that a filing made under the GRIP statute permitted gas utilities the opportunity to recover return on capital expenditures made during the interim period between general rate cases by applying for an interim rate adjustment and that proceedings under the GRIP statute did not contemplate either adjudicative hearings or substantive review of utilities' filings for interim rate adjustments. Instead, the Court concluded, the GRIP statute provides for a *ministerial* review of the utility’s filings to ensure compliance with the GRIP statute and the Railroad Commission’s rules, and that it is within the Railroad Commission’s authority to preclude cities from intervening and obtaining a hearing before the Railroad Commission.

ATMOS ENERGY’S “GRIP” APPLICATION

On or about February 25, 2022 Atmos Energy filed for an increase in gas utility rates under the Gas Reliability Infrastructure Program (“GRIP”) with the Cities of Amarillo, Channing, Dalhart, and Lubbock. Atmos Energy’s application if approved by the Commission will result in an increase in the monthly customer charges as shown below:

Rate Schedule	Current Customer Charge	Proposed 2021 Interim Rate Adjustment	Adjusted Customer Charge	Increase Per Bill
Residential Gas Service	\$15.00 per customer per month	\$2.83 per customer per month	\$17.83 per customer per month	\$2.83
Commercial Gas Service	\$50.00 per customer per month	\$8.79 per customer per month	\$58.79 per customer per month	\$8.79
Industrial & Transportation Gas Service	\$525.00 per customer per month	\$152.87 per customer per month	\$677.87 per customer per month	\$152.87
Public Authority Gas Service	\$50 per customer per month	\$15.84 per customer per month	\$65.84 per customer per month	\$15.84

Also, Atmos Energy’s proposed increase in revenue results in the following approximate percentage increases in a customer’s base-rate bills. Base rates recover Atmos Energy’s costs excluding the cost of gas and are the costs that are directly within Atmos Energy’s control:

- Residential Gas Service: 8.0% increase in average customer’s bill
- Commercial Gas Service: 8.1% increase in average customer’s bill
- Industrial Gas Service: 9.1% increase in average customer’s bill
- Transportation Gas Service: 2.1% increase in average customer’s bill
- Public Authority Gas Service: 4.0% increase in average customer’s bill

Atmos Energy’s application, if approved by the Railroad Commission, will result in a systemwide increase in Atmos Energy’s revenue of about \$13.15 million, of which the Cities of Amarillo, Channing, Dalhart, and Lubbock’s combined share is about \$6.12 million.

REVIEW AND ACTION RECOMMENDED

In light of the Texas Supreme Court's opinion, the City's ability to review and effectuate a change in Atmos Energy's requested increase is limited at best. Nonetheless, to allow for a limited review of Atmos Energy's GRIP application, it is recommended that the City suspend Atmos Energy's proposed effective date of April 26, 2022 for forty-five days as allowed by state law, so that the City may evaluate whether the data and calculations in Atmos Energy's rate application are correctly done.

Therefore, the City's Special Counsel, the law firm of Herrera Law & Associates, PLLC (through Alfred R. Herrera) recommends that the City adopt a resolution suspending Atmos Energy's proposed effective date for 45 days. Assuming a proposed effective date of April 26, 2022, Atmos Energy's proposed effective date is suspended to June 10, 2022.

EXHIBIT A

The City of Amarillo is leading in the development of a master plan related to the fairgrounds, which is a complex and important community asset for Amarillo. The grounds are in use an average of 240 days per year with more than 300,000+ visitors, vendors, exhibitors and participants in events like the Tri-State Fair and Rodeo.

The City has determined a master plan is needed to develop a collaborative vision and set of strategies to accommodate the needs of all stakeholders (“the Project”), including the Amarillo Independent School District (which owns adjacent facilities and property), while positioning the fairgrounds as an economic catalyst for East Amarillo and the City overall. The planning process is expected to involve stakeholder interviews, public participation, a facilities demand analysis, land use and infrastructure assessments, and an economic impact analysis to develop a concise and coordinated roadmap for the fairgrounds area to guide planning and development among all partners for the next 20 years.

The Parties acknowledge and agree that the City oversaw the procurement of services related to the Project, and the City takes full responsibility for procurement processes and any related or subsequent contract. The City represents to AISD that procurement related to the Project was completed in full compliance with the law, and the City takes sole responsibility for same. The Parties acknowledge that AISD is not a party to any third-party contract awarded by the City, related to the Project. To the extent allowed by law, the City agrees to indemnify and defend the Amarillo Independent School District (“AISD”) for any challenges related to the procurement of services related to the master plan and/or the Project. AISD shall not be required to execute any agreements related to the Project and, by execution of the Agreement to which this Exhibit is attached, is not committing to any future involvement in efforts related to the City’s efforts related to the Project.

AISD shall pay the City a sum of \$49,500, for the benefit of providing input into the Project and receiving access to draft and final master plans and related matters. AISD shall be invited to any meetings the City has with the selected vendor related to the Project, as well as any City, community or stakeholder meetings related to the project.

CONSIDER APPROVAL – AVIATION CLEAR ZONE EASEMENT

Consideration of an Aviation Clear Zone Easement being 4,750 feet above mean sea level above the plat of Usherwood Acres Unit No. 1, a suburban subdivision to the City of Amarillo, being a unplatted tract of land, in Section 181, Block 2, A.B.&M. Survey, Randall County, Texas.

VICINITY: Georgia St. and Hollywood Rd.

APPLICANT/S: Steve Usherwood

Agenda Item Summary

The above referenced Aviation Clear Zone (ACZ) Easement is being requested by the City of Amarillo and is associated with the plat Usherwood Acres Unit No. 1.

To ensure safety of operation and protection of air traffic operating into and out of the airport, future physical development around the airport needs to be regulated. In 1981, the Texas Legislature enacted the Airport Zoning Act, cited as Chapter 241 of the Local Government Code, which authorized cities in the state to establish and administer regulations pertaining to the height of structures and compatible land uses in the vicinity of the airport. One of the tools established in the Amarillo Code of Ordinances that allows the City of Amarillo to regulate this type of development is the Airport Height Hazard and Zoning Regulations (Chapter 4-9) which establishes minimum requirements to control the height and use of structures that may develop in the vicinity of the airport.

The ACZ Easement document is established during the platting of a tract of land to set the height regulations for noting on the associated plat, and the legal document is signed by the owner/developer of the tract. The placement of the note on the plat ensures that the height regulation is easily found by any future owner of the tract of land. Each ACZ Easement has an associated height regulation that is determined by the tract’s proximity and location around the airport. For example, areas at the end of the runway will likely have a lower height regulation that ones at the same distance that are located adjacent to the length of the runway. The reason for this is because aircraft taking off or landing will need to be at a lower altitude during its approach or departure portion of the traffic pattern for the each associated runway.

This ACZ Easement is establishing a height regulation of 4,750 feet above mean sea level for the plat of Usherwood Acres Unit No. 1.

Planning Staff have reviewed the associated Aviation Clear Zone Easement and the item is ready for City Council Consideration as a consent agenda item.

Funding Summary

The agreement is for a 50% annual property tax rebate for ten years. The rebate is contingent upon receiving a certificate of occupancy within eighteen months after building permit issuance.

Agenda Item Summary

On March 31st, the Board of Directors of the East Gateway Tax Increment Reinvestment Zone (TIRZ) #2 considered a request for TIRZ incentives associated with 7580 E IH40, a commercial development project. This project is for a Premier Truck Group of Amarillo truck sales and service center. The site will consist of an approximate 115,500 square foot facility to be located on 17.98 acres.

With an expected construction cost of \$25,039,871, this new center is projected to provide approximately 20 new employment positions, retention of the 108 existing jobs, as well as increased ad valorem tax collections for the zone, all of which further objectives of the TIRZ #2 Project and Financing Plan. Project site has already been acquired at \$2,348,499 and existing structures have been demolished. Construction is estimated to start by May and expected to take 12 to 14 months to complete.

The project will be 2-stories, approximately 36 feet in height to the tallest elements and constructed with a combination of concrete tilt-wall, glass curtainwall, and pre-engineered metal building systems. The interior of the facility will house twenty private offices, along with forty-plus front of house support staff for retail parts sales, parts distribution, commercial vehicle sales and lease, service write-up, and facility administration. Further the facility will house two service write-up lanes capable of assessing up to four vehicles at a time for maximum efficiency, one express oil and lube bay capable of servicing two vehicles at a time, thirty-one major repair bays, seven body-shop bays, along with taping and painting operations. These operations will be manned in multiple shifts by up to eighty-four trained technicians.

The Tax Reimbursement Developer Agreement stipulates a 50% reimbursement of annual increment generated by the project’s ad valorem tax revenue above base year 2022, for ten years. The agreement is subject to receiving a Certificate of Occupancy within eighteen months after building permit issuance.

WHEREAS, Developer owns or controls certain property located within the Zone and has requested reimbursement for constructing certain improvements pursuant to the Plan; and,

WHEREAS, Developer's proposed project was approved for TIRZ participation by the Amarillo City Council on _____;

NOW THEREFORE, in consideration of the mutual covenants and obligations herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

Section 1. Site

Developer owns certain real property (the "Property"), which is within the city limits of Amarillo and the boundaries of the Zone. The Property is specifically described in Exhibit A.

Section 2. Project & Financing

The project involves development of a minimum 115,500 square foot building with a minimum \$25,000,000 investment on a site located at 7580 E. IH 40 (IH 40 Access Road between S Whitaker Rd and Loop 335) into a new facility for Premier Truck Group of Amarillo (the "Private Improvements"), which are more particularly described on Exhibit B.

Developer understands and agrees that the cost of the Private Improvements associated with the Project shall be funded by and through Developer's own capital or other financing means arranged and obtained by Developer. Further, the TIF payments made to Developer pursuant to

this Agreement are not intended to reimburse Developer for all of its costs incurred in connection with performing its obligations under this Agreement.

Section 3. TIF Participation: partial reimbursement of tax increment

Subject to all limitations and conditions precedent contained in this Agreement and the attached exhibits, Zone agrees to provide: annual reimbursement to Developer of fifty percent (50%) reimbursement for ten years of the annual ad valorem tax increment from participating taxing entities that is generated by the Property's ad valorem tax revenue for a term not to exceed ten (10) years after the terms stated herein. The reimbursement is contingent upon: (i) a building permit issued within three months of City Council approval of developer agreement; (ii) certificate of occupancy received within eighteen months of building permit issuance. The City Manager or designee is authorized to grant an extension of up to 120 days for performance of this Developer Obligation for good cause as reasonably determined by that official. If the Developer is unreasonably delayed by the City or any other governmental entity or agency, as determined by a qualified mediator mutually selected by the parties, in obtaining the building permit, the certificate of occupancy, or any other permit or license, the time period applicable to such requirement shall be extended for a period of time equal to the period Developer was delayed.

Reimbursements will start on the second fully valued tax year following project completion. The term "tax increment" means the difference in tax revenue on the Property between the year in which City approved this Agreement and January 1 of each subsequent tax year during the term of this Agreement.

Unless explicitly provided differently in an exhibit attached hereto, all grants, loans, reimbursements and any other financial payment to Developer under this Agreement shall be made in annual installments in June of each year, provided all information demonstrating current taxes have been paid on the Property and that any other prerequisites stated in this Agreement have been satisfied.

During each fiscal year for the term of this Agreement, payment of the annual installment to Developer shall have priority for reimbursement over all other Zone expenditures subject only to (i) preexisting debt service and (ii) any pre-existing annual expenditures required to be made pursuant to other Developer Agreements prior in time to this Agreement.

Zone also reserves the right, when payments come into the Tax Increment Fund, to prepay all or any portion of the total amount to be reimbursed under this Agreement at any given time. If City in its sole discretion issues Tax Increment Funds Bonds to pay for previous and future projects, Zone may fully reimburse Developer from bond proceeds received, the existing unpaid balance plus accrued interest under this Agreement, and under any other outstanding developer agreements within the Zone.

Section 4. Reimbursement Limited to TIF Fund

Developer understands and agrees that any and all payments, obligations, grants, loans, reimbursements and any other form of financial obligation imposed on the Zone by this Agreement ("Reimbursement") shall be made solely from then-currently available revenues in the TIF Fund and subject to pre-existing commitments and all other terms of this Agreement and applicable laws. In the event that there is not sufficient revenue in the TIF Fund to timely pay Developer any part of the Reimbursement, the Zone will pay Developer such portion of the Reimbursement that may be available at the time. The balance of any due but unpaid Reimbursement shall be carried forward without interest and paid by the Zone in the first year in which there is sufficient revenue in the TIF to pay such balance. Developer agrees that it will not look to other funds of the Zone, bonds or funds of the City, or any property of the Zone or City for all or any portion of the Reimbursement. Upon termination of the Zone on November 8, 2046, as provided by Ordinance No. 7627 or such other date as may be specified in a subsequent ordinance adopted in accordance with Section 311.017 of the Act, any portion of the Reimbursement that has not been paid due to the unavailability of revenue in the TIF Fund or due to Developer's failure to meet any precondition under this Agreement for receipt of the Reimbursement shall no longer be considered Project Costs of the Zone, and any obligation of the Zone to pay Developer any remaining balance of the Reimbursement shall automatically expire.

Section 5. Term

The term of this Agreement shall begin upon the effective date and end upon the earlier of: (a) the complete performance of all obligations and conditions precedent by parties to this Agreement; (b) expiration of ten years after commencement of reimbursements and after ten annual reimbursements are paid to the Developer; or (c) the expiration of the term of the Zone.

Section 6. Exhibits

The parties agree that each and every exhibit that is mentioned in and attached to this Agreement is a material part of this Agreement and each such exhibit is by this reference, incorporated into this agreement for all purposes as thought set forth verbatim here.

Section 7. Force Majeure

It is expressly understood and agreed by the parties that if the performance of any obligation hereunder is delayed by reason of war, civil commotion, acts of God, inclement weather, governmental restrictions, regulations, or interferences, delays caused by the franchise utilities (SPS/Xcel Electric, Southwestern Bell Telephone, Atmos Gas, Suddenlink Cable or their Contractors or other utilities or their contractors), fire or other casualty, court injunction, necessary condemnation proceedings, acts of the other party, its affiliates/related entities and/or their contractors, or any actions or inactions of third parties or other circumstances which are reasonably beyond the control of the party obligated or permitted under the terms of this Agreement to do or perform the same, regardless of whether any such circumstance is similar to any of those enumerated or not, the party so obligated or permitted shall be excused from doing or performing the same during such period of delay, so that the time period applicable to such design or construction requirement shall be extended for a period of time equal to the period such party was delayed.

Section 8. Indemnity

DEVELOPER AGREES TO DEFEND, INDEMNIFY AND HOLD THE ZONE, THE BOARD, THE CITY AND THEIR RESPECTIVE OFFICERS, AGENTS AND EMPLOYEES, ASSIGNS AND SUCCESSIONS, HARMLESS AGAINST ANY AND ALL CLAIMS, DEMANDS, LAWSUITS, JUDGMENTS, COSTS AND EXPENSES, INTEREST, AND ATTORNEY FEES FOR PERSONAL INJURY (INCLUDING DEATH), PROPERTY DAMAGE (INCLUDING LOSS) OR OTHER HARM FOR WHICH RECOVERY OF DAMAGES IS SOUGHT THAT MAY ARISE OUT OF OR BE OCCASIONED BY DEVELOPER'S BREACH OF ANY OF THE TERMS OR PROVISIONS OF THIS AGREEMENT, OR BY ANY NEGLIGENT ACT OR OMISSION OF DEVELOPER, ITS OFFICERS, AGENTS, ASSOCIATES, EMPLOYEES, CONTRACTORS OR SUBCONTRACTORS IN THE PERFORMANCE OF THIS AGREEMENT; EXCEPT THAT THE INDEMNITY PROVIDED FOR IN THIS PARAGRAPH SHALL NOT APPLY TO ANY LIABILITY RESULTING FROM THE SOLE NEGLIGENCE OF THE ZONE, BOARD OR CITY OR THEIR RESPECTIVE OFFICERS, AGENTS, EMPLOYEES OR CONTRACTORS, AND IN THE EVENT OF JOINT AND CONCURRENT NEGLIGENCE OF BOTH DEVELOPER AND ZONE, RESPONSIBILITY, IF ANY, SHALL BE APPORTIONED COMPARATIVELY IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS. HOWEVER, NOTHING IN THIS SECTION WAIVES ANY IMMUNITY OR OTHER DEFENSE AVAILABLE TO THE ZONE, BOARD OR CITY UNDER TEXAS OR FEDERAL LAW.

Section 9. M/WBE Goals

In satisfaction of the Zone's obligations under Section 311.0101 of the Act, Developer shall make a good faith effort to comply with City's policy regarding participation of business enterprises eligible as small, minority, or women-owned business enterprises in subcontracting any of the construction performed on the Project. Upon Developer's request, City shall provide Developer with access to the list of companies that qualify as such a business enterprise. Developer shall: (i) maintain records showing its contracts, supply agreements, and service agreements with such Business Enterprises, as well as its efforts to identify and award contracts to such Business Enterprises; and, (ii) provide a report to the Zone annually during construction, in a manner reasonably prescribed by the Board, documenting its efforts to comply with this paragraph.

Section 10. Events of Default & Remedies

A default shall exist if either party fails to perform or observe any material covenant contained in this Agreement, including exhibits, which is not otherwise excused under the terms of this Agreement. The non-defaulting party shall immediately notify the defaulting party in writing upon becoming aware of any change in the existence of any condition or event that would constitute a default or, with the giving of notice or passage of time, or both, would constitute a default under this Agreement. Such notice shall specify the nature and the period of existence thereof and what action, if any, the non-defaulting party requires or proposes to require with respect to curing the default.

If a default shall occur and continue, after thirty (30) day's notice to cure default, the non-defaulting party may, at its option, pursue any and all remedies it may be entitled to, at law or in equity, in accordance with Texas law, without the necessity of further notice to or demand upon the defaulting party. The Zone shall not, however, pursue remedies for as long as Developer proceeds in good faith and with due diligence to remedy and correct the default, provided that Developer has commenced to cure such default within the 30 days following notice.

Section 11. Venue and Governing Law

This Agreement is performable in Potter County, Texas and venue of any action arising out of this Agreement shall be exclusively in Potter County. This Agreement shall be governed and construed in accordance with the Charter, ordinances, and resolutions of the City of Amarillo, applicable federal and state laws, the violation of which shall constitute a default of this Agreement. To the extent permitted by law, the law of the state of Texas shall apply without regard to applicable principles of conflicts of law, and the parties submit to the jurisdiction of the state and federal courts in Amarillo, Potter County, Texas.

Section 12. Notices

Any notice required by this Agreement shall be deemed to be properly served if deposited in the U.S. mail by certified letter, return receipt requested, addressed to the recipient at the recipient's address shown below, subject to the right of either party to designate a different address by notice given in the manner just described.

PUBLIC HEARING AND CONSIDERATION OF ORDINANCE NO. 7974

Public hearing and first reading to consider an ordinance rezoning of Lot 12, Block 3, Johnson and McCluskey Addition, an addition to the City of Amarillo, in Section 139, Bock 2, A.B.&M. Survey, Potter County, Texas, plus one-half of all bounding streets, alleys, and public ways to change from Residential District 1 to Residential District 1 with Specific Use Permit 200 for the placement of a carport in the front yard setback.

VICINITY: Marrs St. and SE 19th Ave.

APPLICANT/S: Charles Lynch for Grace Montoya

Agenda Item Summary

Adjacent land use and zoning

Adjacent zoning consists of Residential District 1 in all directions.

Adjacent land uses consist of traditional single-family detached homes in all directions.

Proposal

The applicant is requesting a change in zoning in order to allow an existing carport to remain in place within the front-yard setback as it was built without permit.

Analysis

Section 4-10-191 (Accessory Building Regulations) of the City’s Zoning Ordinance sets standards for accessory buildings within Amarillo. One of the requirements is that an accessory building shall have a Front Yard setback no less than that specified for the Main Building. In this case, the front yard setback for a single-family detached home in the R-1 District is 25 feet.

Section 4-10-193 (Carport Regulations) of the City’s Zoning Ordinance sets standards for carports not able to meet setbacks of a particular district. One of the requirements for carport related to an SUP request is that the carport (including the roof, eaves, and supporting members) must be set back at least ten (10) feet from the street curb line, or where no curb exists, the edge of paving, or the graded edge of an unimproved street, and in no case shall the Carport extend beyond the property line. As mentioned previously, the carport was erected in a location that not only encroaches into the front setback, but also appears to extend past the property line into public right-of-way. If approved as built, the carport would be in public right-of-way, which is not allowed.

Additionally, during the meeting it was stated that a portion of the existing carport may be encroaching onto private property to the north.

The applicant acknowledged the two encroachments mentioned above and stated that they would be willing to remove the overhang to alleviate the encroachments if the carport were allowed to remain.

Regarding the presence of other carports in the area, in examining a two-block radius around the applicant’s tract, Staff noticed that there are several carports, however a majority of which appear to be outside of the front-yard setback. It is worth noting that of the carports observed, there was at one detached carport that appears to be located within the front yard setback, however no permit can be found.

Although there is a limited number of accessory buildings (carports) located in the front yard setback in the area, the Planning and Zoning Commission was of the opinion that should the encroachments be removed, the applicant’s request is appropriate.

The applicant as part of a request for a Specific Use Permit is also required to submit an expert evaluation by a licensed real estate appraiser to assess the impacts, if any, the request would have on the area. It was the opinion of the appraiser that the request, if approved, would not adversely affect the property values of the adjoining property or other property in the area.

Requested Action/Recommendation

Notices were sent to all property owners within 200 feet. As of this writing, the Planning Department did receive one call regarding the request in which the caller expressed opposition to the request.

Considering the above-mentioned information, the Planning and Zoning Commission recommends **APPROVAL** of the request provided the encroachments are removed.

Public hearing and first reading to consider an ordinance rezoning Lots 20A through 22A, a portion of Lot 22B, Lot 23A, and Lots 24 and 25, Block 2, South Side Acres Unit No. 20, an addition to the City of Amarillo, in Section 230, Block 2, A.B.&M. Survey, Randall County, Texas, plus one-half of all bounding streets, alleys, and public ways, to change from Agricultural District and Planned Development District 235C to Planned Development District 235E for expansion of existing development standards and land uses.

VICINITY: Office Park Dr. and Business Park Dr.

APPLICANT/S: Brent Lane for Paradise Builders Custom Homes LLC

Agenda Item Summary

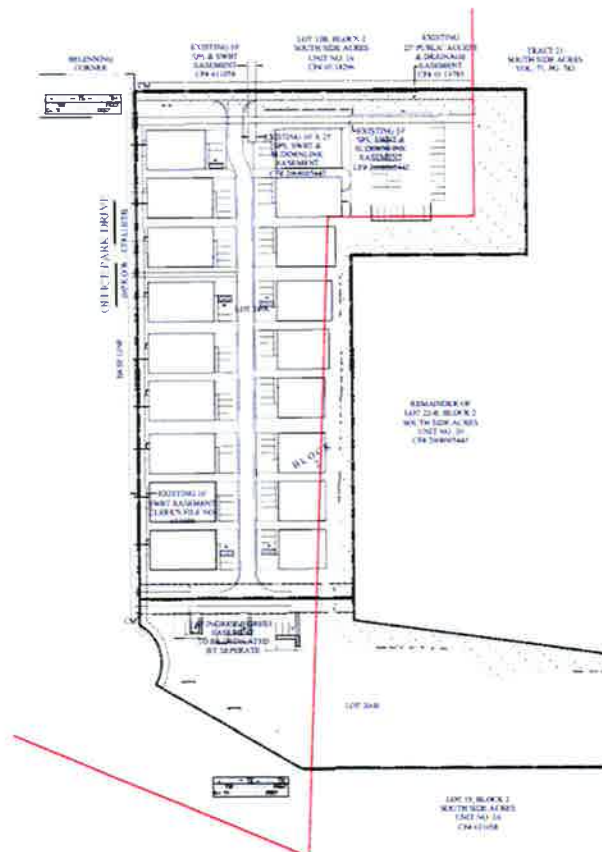

Adjacent land use and zoning

Adjacent zoning consists of Planned Development District 235C and Agricultural District to the north and south, Agricultural District to the east, and Planned development District 235C to the west.

Adjacent land uses consist of multiple multi-tenant commercial buildings to the north, undeveloped land to the south and east, and undeveloped land and a multi-tenant commercial building to the west.

Proposal

The applicant is proposing a change is zoning in order to develop the entirety of the tract with multiple office warehouse buildings and associated parking. The applicant’s tract, while mostly appropriately zoned for the proposed use (PD-235C), is partially zoned as Agricultural District which would not allow for the proposed use and is the reason for the request to expand the existing development standards and allowed land uses within PD235C to the entirety of the applicant’s tract (applicant’s tract and site plan with the boundary of PD-235C in red below).

Analysis

The Planning and Zoning Commission's analysis of zoning change requests begins with referring to the Comprehensive Plan's Future Land Use and Character Map, which identifies recommended future land uses. Additionally, the Planning and Zoning Commission considers what impact on area existing zoning and development patterns as well as its conformity to the Neighborhood Unit Concept of development (NUC).

The applicant's tract, located within Western Business Park, is identified as being in the Business Park Future Land Use Map category which calls for a campus style development which increased open space, extensive landscaping, and screening to create a highly attractive business investment environment. The primary development types would feature office medical, and light industrial uses with enhanced development standards. The applicant's request and proposed development would conform with this category as the zoning request would be an expansion of the existing PD-235C zoning that currently exist within the business park.

The proposed development standards include:

- Allowed uses include office warehouses and uses allowed under the Light Commercial Zoning District excluding bars, lounges, and taverns.
- Maximum building height of 20 feet
- Maximum building area of a single building is 50,000 square feet.
- Maximum lot coverage of 29%
- Off-street parking will be provided per Section 4-10-211 of the Amarillo Municipal Code.
- No storage of hazardous or flammable materials is allowed.
- Hours and days of operation are 7 days per week and between 7am and 7pm.
- Outdoor storage is allowed only behind solid screening fences and material or items may not exceed the height of the perimeter fence.
- Sign standards will comply with the Office District-1 standards. No illuminated signage is allowed to face in a southerly direction if located within 250 feet of the southern boundary of the site.
- Landscaping standards will meet the City of Amarillo Landscape Ordinance.
- Any additional bulk or area requirement not specifically noted shall comply with Light Commercial District (LC).

Regarding the Neighborhood Unit Concept of Development (NUC), this concept calls for more intensive uses such as commercial, retail, office, and multi-family development to be located at or near Section Line Arterial Intersections with intensity of use and/or zoning decreasing inward towards the center/middle of a section.

While just looking that the applicant's site, a commercial planned development would not be typically desired internal to the section as shown, however it must be noted that development and zoning patterns north, west, and south of the applicant's tract have not developed in accordance with the NUC as much of the section is commercial in nature due to the proximity of the I-27 corridor and the presence of a major flood hazard area.

The applicants request to expand the PD-235C standards to the entirety of the tract would also be a small expansion of the Planned Development standards in the long developed Western Business Park area and would in the Planning Commission's opinion, not result in any detrimental impacts to the surrounding area.

Requested Action/Recommendation
--

Notices were sent to all property owners within 200 feet. As of this writing, the Planning Department has not received any comments regarding the request.

Considering the above-mentioned information, the Planning and Zoning Commission believes this is logical continuation of existing zoning and development and as such, recommends **APPROVAL** of the request as presented.

<u>CONSIDERATION OF RESOLUTION NO. 04-12-22-8</u>

Consideration of a Resolution of the City Council for the City of Amarillo setting a date, time, and place for a Public Hearing on the proposed annexation of certain property by the City of Amarillo, Texas and authorizing the City Manager to execute the Agreed Service Plan.

VICINITY: Arden Road and Helium Road

APPLICANT/S: Canyon Independent School District and Helium Hope Development, LLC

Agenda Item Summary

The just mentioned resolution is to consider allowing the City Manager to formalize an Agreed Service Plan related to a landowner-initiated annexation request and to set the public hearing for the request. The land proposed for annexation is approximately 77.29 acres in Section 73, Block 9 BS&F Survey and includes the West Plains High School site and adjacent undeveloped land.

The Agreed Service Plan is a negotiated agreement between the City and a landowner/s requesting annexation that details responsibilities for services to be provided by each party should annexation actually occur. *Formal consideration of whether to annex or not does not occur at this point in the process. Formalization of an Agreed Service Plan is merely to ensure a written understanding of responsibilities is in place prior to official consideration of the Annexation Ordinance, set to occur at a later date summarized below.*

Staff has met both internally and with the property owners on several occasions to arrive at an acceptable agreement for services and on March 21, 2022, the landowners, who are requesting annexation, have signed the Agreed Service Plan. The Agreed Service Plan is not considered recognized until the City Manager executes. Should Council authorize the City Manager to do so, a Public Hearing will be scheduled at a later date to consider the Annexation Ordinance and allow all interested parties to be heard.

As just mentioned, consideration of the annexation ordinance is the event where official acceptance or denial of the annexation request occurs and if annexation is approved, the Agreed Service Plan becomes binding. Although State Law allows a City to adopt the ordinance at the conclusion of the 1st Public Hearing, the annexation ordinance will not be effective until a second reading due to the City Charter requiring all ordinances have two readings before Council.

Below is a timeline of any anticipated events mentioned above:

April 12, 2022: Council considers Agreed Service Plan and authorizing the City Manager to execute the Agreed Service Plan. (1st Public Hearing will also be called.)

April 26, 2022: 1st Public Hearing and reading of Annexation Ordinance.

May 10, 2022: 2nd Reading of the Annexation Ordinance.

Annexation is one of the primary means by which a City grows and also allows a municipality to provide services to urbanizing areas and exercise regulatory authority (enacting land use control) necessary to protect public health and safety and ensure orderly development occurs at the fringes of a City. Annexation also ensures future residents who would be benefiting from access to City facilities and services share in the tax burden associated with constructing and maintaining said facilities and services.

Each annexation request should be evaluated on a case by case basis and characteristics such as fiscal impact, development plans, need for land use control, anticipated revenues, among others should be considered.
