- a. increases funding to complete the building of Loop 335; and
- b. supports future expansion of Interstate 27 to the north and south.

PRO-FAMILY POLICY

The City of Amarillo will support legislation that strengthens resources provided to new mothers and new families that live in the City of Amarillo:

- a. Rehabilitates the foster care system to better promote child welfare and encourages adoption;
- b. Reduces barriers to private adoption by reducing the cost and minimizing the amount of burdensome regulations; and
- c. Lessen the time commitment and paperwork surrounding both private and public adoption

The City of Amarillo will support legislation that addresses disparities in maternal health services as well as health services for newborns.

The City of Amarillo will support legislation that increases funding for programs focused on family, newborn, and new mother welfare in Amarillo, as well as educates citizens on available resources for services in these areas.

PROPERTY TAX, DEBT, AND SALES TAX

The City of Amarillo will oppose legislation that restricts local control of government, specifically including legislation that:

- a. would have a disproportionately negative effect on the most prudent and responsible taxing entities that have a very low property tax rate, like the City of Amarillo; or
- b. would unnecessarily restrict the City's ability to issue debt or impose undue burdens on debt issuance referendums; or
- c. would impose revenue caps including a lowered voter-approval tax rate or mandatory property tax rate ratification elections.

The City of Amarillo will oppose legislation related to Sales Tax Sourcing that would have a detrimental impact to the City's annual budget.

The City of Amarillo will support reforms to the property appraisal process that ensure fairness, transparency, and consistency, protecting homeowners and businesses from arbitrary increases.

The City of Amarillo supports legislation aimed at reducing property tax burdens on residents, particularly for homeowners and low-income individuals, while ensuring cities retain sufficient revenue to provide essential services.

The City of Amarillo currently receives 1.5 out of 2 cents in sales taxes from Randall County and 0 out of 2 cents in Potter County due to current state law establishing combined area designations.

The City of Amarillo opposes legislation that imposes climate change-related energy code policies that fail to consider industry-wide return on investment metrics. These policies must balance environmental protection with the economic realities facing builders, preventing cost-prohibitive regulations that stifle development.

PUBLIC HEALTH

The City of Amarillo requests support for legislation to address the Amarillo Hospital District's ability to assess and collect an ad valorem tax on all taxable property in the District for the provision of State-required indigent care without requiring an automatic election for exceeding the 3.5% property tax increase provision required by Senate Bill 2 (2019). The District is currently funded by proceeds from selling their public hospital. The corpus of the funds used since 1996 will be exhausted during FY 2035-36. Therefore, it is necessary for AHD's ability to assess and collect a property tax to be reinstated to continue provision of public health and State-mandated indigent care programs.

ELECTIONS AND BALLOT LANGUAGE
