**Independent Auditor's Report on Internal Control Over Financial Reporting
and on Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

The Honorable Mayor and Members of the City Council
City of Amarillo, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Amarillo, Texas (the City) as of and for the year ended September 30, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated January 20, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and

accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor's Report on Compliance for Each Major Program
and on Internal Control Over Compliance Required by OMB Circular A-133
and the State of Texas Single Audit Circular**

The Honorable Mayor and Members of the City Council
City of Amarillo, Texas

Report on Compliance for Each Major Federal and State Program

We have audited the City of Amarillo, Texas (the City) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* and the State of Texas Single Audit Circular that could have a direct and material effect on each of the City's major federal and state programs for the year ended September 30, 2014. The City's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; *OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations* and State of Texas Single Audit Circular. Those standards, *OMB Circular A-133*, and the State of Texas Single Audit Circular require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal and state program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal and State Program

In our opinion, the City complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended September 30, 2014.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance, which is required to be reported in accordance with OMB Circular A-133 and the State of Texas Single Audit Circular which is described in the accompanying schedule of findings and questioned costs as item 2014-001. Our opinion on each major federal and state program is not modified with respect to this matter.

The City's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the auditing procedures applied in the audit of compliance, and accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and the State of Texas Single Audit Circular, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal and state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified a deficiency in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item 2014-001 that we consider to be a significant deficiency.

The City's response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Schedule of Expenditures of Federal and State Awards Required by OMB Circular A-133 and the State of Texas Single Audit Circular

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City, as of and for the year ended September 30, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated January 20, 2015, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal and state awards is presented for purposes of additional analysis as required by OMB Circular A-133 and the State of Texas Single Audit Circular and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal and state awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and the State of Texas Single Audit Circular. Accordingly, this report is not suitable for any other purpose.

CITY OF AMARILLO, TEXAS
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS
Year Ended September 30, 2014

NOTE 1 - GENERAL

The accompanying Schedule of Expenditures of Federal and State Awards (the Schedule) presents the activity of all federal and state Awards programs of the City of Amarillo, Texas, (the City) for the year ended September 30, 2014. The City's reporting entity is defined in the Summary of Significant Accounting Policies to the City's financial statements. Federal and state financial assistance received directly from federal and state agencies, as well as assistance passed through other government agencies, is included on the Schedule.

NOTE 2 - BASIS OF ACCOUNTING

The accompanying Schedule is presented using the modified accrual basis of accounting, which is described in the Summary of Significant Accounting Policies to the City's financial statements.

NOTE 3 - RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying Schedule agree with the amounts reported in the related federal and state financial reports considering timing differences of cash receipts.

NOTE 4 - FEDERAL AND STATE PROGRAMS

The City participates in numerous federal and state grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the City has not complied with the rules and regulations governing the grants, refunds of any money received may be required.

NOTE 5 - NONCASH GRANTS

The City received vaccines from the Texas Department of State Health Services, Immunization Division (CFDA Number 93.268), for distribution to "Texas Health Step" providers. It continues to receive vaccines from the Division for usage in its own public health facilities. As the City does not purchase these vaccines, the value of the vaccines received by the City during the fiscal year ended September 30, 2014, has been computed to be \$894,720 based on information supplied by the City Department of Public Health. This amount is included in the accompanying Schedule of Expenditures of Federal and State Awards.

CITY OF AMARILLO, TEXAS
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS
Year Ended September 30, 2014

NOTE 6 - SUBRECIPIENTS

Of the federal expenditures presented in the Schedule, the City provided federal awards to subrecipients as follows:

<u>Program Title</u>	<u>Federal CFDA Number</u>	<u>Amounts Provided to Subrecipients</u>
Community Development Block Grant	14.218	\$ 227,439
Home Investment Partnership Program	14.239	599,871
Supportive Housing for Persons with Disabilities	14.181	<u>23,928</u>
		<u>\$ 851,238</u>

This information is an integral part of the accompanying schedule.

CITY OF AMARILLO, TEXAS
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
Year Ended September 30, 2014

SECTION II – Financial Statement Findings

None

SECTION III – Federal and State Award Findings and Questioned Costs – Major Federal and State Programs

Finding 2014-001

Program: 20.507 Federal Transit – Formula Grants

Criteria: The City is responsible for complying with program guidelines.

Condition: During the current year, the Federal Transit Administration FY 2014 Triennial Review reported the following two areas of compliance which required corrective action:

(1) Financial management and financial capacity.

(2) Procurement

Context: Two out of 17 areas of compliance were tested during the FY 2014 Triennial Review.

Effect: The corrective action will provide more enhanced policies and procedures for the program.

Cause: At September 30, 2014, the findings were not closed.

Recommendation: The City should review and update existing policies and procedures on a regular basis to ensure compliance with the Triennial Review in future periods.

Views of Responsible Officials and Corrective Action Plan: On August 13, 2014, the City submitted their corrective action for Procurement. On October 7, 2014, the City submitted their corrective action for Financial Management. Both corrective actions required development and updating of policies and procedures. The City is awaiting approval from the Federal Transit Administration.

CITY OF AMARILLO, TEXAS
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS
Year Ended September 30, 2014

Finding 2013-001

Condition: The City self-reported to the U.S. Department of Housing and Urban Development (HUD) that the City's Home Investment Partnership Program (Home Program) identified 177 noncompliant Homebuyer Projects for the "Date of Assistance" time period 1995 through 2011. This information was reported to HUD through the filing of the 2011 CAPER Report. Subsequent to year-end, the City received a letter from HUD, dated November 15, 2013, in which it stated that the City must repay \$290,297 to its HOME Investment Trust Fund from nonfederal funds based on the following findings: 1) not properly submitting repayments of noncompliant homebuyers in default, and 2) noncompliance with the recapture requirements. The City has continued to research and follow-up on the identified noncompliant Homebuyer projects reported through the 2011 CAPER. The City responded to HUD in a letter dated November 27, 2013 and requested that HUD consider the additional information provided and requested that HUD reduce the amount of the repayment. The City has not received a response back from HUD.

Corrective Action Plan: On November 27, 2013, the City communicated to HUD that the City has exercised due diligence to collect repayments to the fullest extent as allowed by Texas law. The City will implement procedures to ensure that the final results of the HUD instructions are adhered to on an ongoing basis or modify the HOME Program offered to the citizens of Amarillo.

Current Status: On October 22, 2014, the City reimbursed its HOME Program's line of credit, \$35,927.47, as the final corrective action for the noncompliant Homebuyer Project.

Finding 2013-002

Condition: During the current year, an expenditure incurred for another department was coded in error to the RLSS/Local Public Health System-PnP Grant (RLSS grant) and reimbursed from RLSS grant funds.

Corrective Action Plan: The City agrees with the prior year recommendation and will continue to emphasize the importance of the existing control and review procedures.

Current Status: Corrective action was implemented.

**CITY OF AMARILLO, TEXAS
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS, CONTINUED
Year Ended September 30, 2014**

Finding 2013-003

Condition: Per review of the quarterly performance reports, it was noted that the second quarter and fourth quarter reports did not agree to the underlying supporting data.

Corrective Action Plan: The City agrees with the prior year recommendation and will implement reporting control and review procedures.

Current Status: Corrective action was implemented.

**CITY OF AMARILLO, TEXAS
SCHEDULE OF CORRECTIVE ACTION PLAN
Year Ended September 30, 2013**

Finding 2014-001

Condition: During the current year, the Federal Transit Administration FY 2014 Triennial Review reported the following two areas of compliance which required corrective action:

- (1) Financial management and financial capacity.
- (2) Procurement

Corrective Action Plan: On August 13, 2014, the City submitted their corrective action for Procurement. On October 7, 2014, the City submitted their corrective action for Financial Management. Both corrective actions required development and updating of policies and procedures. The City is awaiting approval from the Federal Transit Administration.

**Independent Auditor's Report on Compliance with
Requirements Applicable to the Passenger Facility Charge
Program and on Internal Control Over Compliance in Accordance
with the Passenger Facility Charge Audit Guide**

The Honorable Mayor and Members of the City Council
City of Amarillo, Texas

Report on Compliance for Passenger Facility Charge Program

We have audited the City of Amarillo, Texas (the City) compliance with the types of compliance requirements described in the Passenger Facility Charge Audit Guide for Public Agencies issued by the Federal Aviation Administration (the Guide) that could have a direct and material effect on the City's passenger facility charge program for the year ended September 30, 2014.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its passenger facility charge program.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance of the City's passenger facility charge program based on our audit of the compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America and the Guide. Those standards and the Guide require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a direct and material effect on the passenger facility charge program. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the passenger facility charge program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on the Passenger Facility Charge Program

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on the passenger facility charge program for the year ended September 30, 2014.

Report on Internal Control over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the Guide. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the Guide that could have a direct and material effect on the City's passenger facility charge program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the passenger facility charge program and to test and report on internal control over compliance in accordance with the Guide, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with the Guide on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with the Guide will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance the Guide that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Schedule of Passenger Facility Charges Collected and Expended

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City, as of and for the year ended September 30, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated January 20, 2015, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of passenger facility charges collected and expended for the year ended September 30, 2014, is presented for purposes of additional analysis as required by the Federal Aviation Administration and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of passenger facility charges collected and expended is fairly stated in all material respects in relation to the basic financial statements as a whole.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Guide. Accordingly, this report is not suitable for any other purpose.
